Shakespeares Military Language A Dictionary

Laura Ashe,Ian Patterson

Shakespeares Military Language A Dictionary:

Shakespeare's Military Language Charles Edelman,2001-08-01 More than just a book of definitions the dictionary provides a comprehensive account of Shakespeare s portrayal of military life tactics and technology His use of military expressions customs and ideas is discussed with insights into how the plays comment upon military incidents and personalities of the Elizabethan era and how warfare was presented on the Elizabethan stage

Shakespeare's Military Language Charles Edelman,2004-01-01 Shakespeare s Military Language A Dictionary is a comprehensive reference guide to Shakespeare s use of military language customs and ideas More than just a book of definitions an A Z of nearly 300 entries provides a comprehensive account of Shakespeare s portrayal of military life tactics and technology and explores how the plays comment upon military incidents and personalities of the Elizabethan era and how warfare was presented on the Elizabethan stage Warfare is everywhere in Shakespeare and the military action in many of Shakespeare s plays and the military imagery in all his plays and poems show that he possessed an extraordinarily detailed knowledge of warfare both ancient and modern Shakespeare s Military Language is an ideal guide to Shakespeare s military references for students of Shakespeare at every level

The Cambridge Companion to Shakespeare's Language Lynne Magnusson,David Schalkwyk,2019-08-08 Illuminates the pleasures and challenges of Shakespeare s complex language for today s students teachers actors and theatre goers

The Ashgate Research Companion to Popular Culture in Early Modern England Andrew Hadfield,Matthew Dimmock,Abigail Shinn,2016-03-23 The Ashgate Research Companion to Popular Culture in Early Modern England is a comprehensive interdisciplinary examination of current research on popular culture in the early modern era For the first time a detailed yet wide ranging consideration of the breadth and scope of early modern popular culture in England is collected in one volume highlighting the interplay of low and high modes of cultural production while also questioning the validity of such terminology The authors examine how popular culture impacted upon people s everyday lives during the period helping to define how individuals and groups experienced the world Issues as disparate as popular reading cultures games food and drink time textiles religious belief and superstition and the function of festivals and rituals are discussed This research companion will be an essential resource for scholars and students of early modern history and culture

Pacifism and English Literature R. White,2008-02-21 This timely book traces ideas of pacifism in English literature particularly poetry Early chapters drawing on religious and secular traditions provide intellectual contexts There follows a chronological analysis of literature which rejects war and celebrates peace from the Middle Ages to the present day

Macbeth William Shakespeare,2015-02-26 A splendid edition it incorporates the most recent modern scholarship and it does so within a compass and format that is both readable and usable Around the Globe Macbeth is one of Shakespeare s most performed and studied tragedies This Arden Shakespeare Third Series edition offers students detailed on page commentary notes highlighting meaning and theatrical ideas and themes as well as an illustrated lengthy introduction setting

the play in its historical theatrical and critical context and outlining the recent debates about Middleton's possible co-authorship of some scenes. A comprehensive and informative edition ideal for students and teachers seeking to explore the play in depth whether in the classroom or on the stage. **The Shakespearean Stage 1574-1642** Andrew Gurr, 2009-03-26

For almost forty years *The Shakespearean Stage* has been considered the liveliest, most reliable and most entertaining overview of Shakespearean theatre in its own time. It is the only authoritative book that describes all the main features of the original staging of Shakespearean drama in one volume: the acting companies and their practices, the playhouses, the staging and the audiences. Thoroughly revised and updated, this fourth edition contains fresh materials about how specific plays by Shakespeare were first staged and provides new information about the companies that staged them and their playhouses. The book incorporates everything that has been discovered in recent years about the early modern stage, including the archaeology of the Rose and the Globe. Also included is an invaluable appendix listing all the plays known to have been performed at particular playhouses and by specific companies. *A New Variorum Edition of Shakespeare CORIOLANUS Volume II* David George, 2019-01-16

Irregular, Doubtful and Emended Accidentals in F1. In the Textual Notes, the lemma is the reading of this edition's text. In these notes for emendations to F1, the lemma is followed by the siglum or sigla of the edition from which the emendation is taken, and then by the rejected F1 reading and the siglum or sigla of the 17th c editions reading differently from the lemma. Where no source is given for the emendation, the adopted reading is not in any of the folios. Doubtful and irregular readings are merely listed. Indicates that the reading is found in a full line, i.e. one that runs all or nearly all of the way to the right margin. Indicates doubt or an alternative to the reading adopted, although not necessarily correct in the judgment of the editor. Elsewhere means that a spelling other than that in the lemma is to be found wherever else that word appears in the F1 text. *War and Literature* Laura Ashe, Ian Patterson, 2014

Reflections on the uneasy yet symbiotic relations of war and writing from medieval to modern literature. *Blood Matters* Bonnie Lander Johnson, Eleanor Decamp, 2018-03-26

In late medieval and early modern Europe, definitions of blood in medical writing were slippery and changeable. Blood was at once the red fluid in human veins, a humor, a substance governing crucial Galenic models of bodily change, a waste product, a cause of corruption, a source of life, a medical cure, a serum appearing under the guise of all other bodily secretions, and after William Harvey's discovery of its circulation, the cause of one of the greatest medical controversies of the premodern period. Figurative uses of blood are even more difficult to pin down. The term appeared in almost every sphere of life and thought, running through political, theological, and familial discourses. *Blood Matters* explores blood as a distinct category of inquiry and draws together scholars who might not otherwise be in conversation. Theatrical and medical practice are found to converge in their approaches to the regulation of blood as a source of identity and truth. Medieval civic life intersects with seventeenth-century science and philosophy; the concepts of class, race, gender, and sexuality find in the language of blood as many mechanisms for differentiation as for homogeneity and fields as disparate as

pedagogical theory alchemy phlebotomy wet nursing and wine production emerge as historically and intellectually analogous. The volume's essays are organized within categories derived from medieval and early modern understanding of blood behaviors: Circulation, Wounds, Corruption, Proof and Signs, and Substances, thereby providing the terms through which interdisciplinary and cross-period conversations can take place. Contributors: Helen Barr, Katharine Craik, Lesel Dawson, Eleanor Decamp, Frances E. Dolan, Elisabeth Dutton, Margaret Healy, Dolly J. Ragsen, Helen King, Bonnie Lander Johnson, Hester Lees Jeffries, Joe Moshenska, Tara Nummedal, Patricia Parker, Ben Parsons, Heather Webb, Gabriella Zuccolin. **The Oxford Handbook of Shakespeare and Early Modern Authorship**, 2025-09-09. The Oxford Handbook of Shakespeare and Early Modern Authorship draws together leading and emerging scholars of Shakespeare and early modern literature to consider anew how authorship worked in the time in which Shakespeare wrote and to interrogate the construction of the Shakespeare as author figure. Composed of four main sections, it offers fresh analysis of the literary and cultural influences and forces that formed authors in the period, the mechanics of early modern authorship, the mediation of Shakespeare and others' works in performance, manuscript and print, and the critical and popular reimagining across times of Shakespeare as an author figure. Diving into modern debates about early modern authorship, authority, and identity politics, contributors supply rich new accounts of the wider scene of professional authorship in early modern England, of how Shakespeare's writings contributed to it, and of what made him distinctive within it. Looking beyond Shakespeare, the Handbook seeks to provide a vital testing ground for new research into early modern literature and culture more broadly. **Othello: The State of Play**, Lena Cowen Orlin, 2014-04-24. Othello has a long history of provoking profound emotion in its audiences and readers. This freeze-frame volume showcases current debates and ideas about the play's provocative effects. Each chapter has been carefully selected for its originality and relevance to the needs of students, teachers, and researchers. Key issues and themes include Gender, Love and Desire, Race, Ethnicity and Difference, Social Relations, Status and Ambition, Tragedy, Comedy, and Parody, Language, Expression, and Characterization. All the essays offer new perspectives and combine to give readers an up-to-date understanding of what's exciting and challenging about Othello. The approach, based on an individual play, unlike that of topic-based series, reflects how Shakespeare is most commonly studied and taught. [The Routledge Companion to Shakespeare and Politics](#), Chris Fitter, 2025-10-31. The Routledge Companion to Shakespeare and Politics challenges and transforms our understanding of the politics of Shakespeare's plays. Through up-to-date essays by historians, biographers, and Shakespeare critics, this Companion offers first a systematic examination of dominant institutions and emergent thought in Shakespeare's society, then meditation on Shakespeare's representation of these. Contributors consider the common law and the legally embattled royal prerogative, the functioning of the justice system, the impact of angry Tudor reformers, early capitalism, war, libels, rebellion, populism, religion, and cosmological ferment, as well as the class system, Machiavelli, Montaigne, and theatrical transgression. Opening chapters discuss the harsh politicisation of childhood, Shakespeare the subversive,

practices built into grammar school education and the mythic retirement of Shakespeare to an idyllic Warwickshire Combining social panorama with sharp critical readings this synoptic approach allows identification of a political coherence to Shakespeare's drama identifying commonalities of vision frequently critical and dissident returning in different plays The final section looks at Shakespeare's reception within Marxism feminism racial theory LGBTQ thought and ecocriticism The collection recovers a lost Shakespeare of substantial political disaffection in very dark times offering a challenging political redirection of Shakespeare studies and perhaps a Shakespeare for our era As an authoritative state of the art guide to this resonant topic it will be of interest to anyone researching or studying Shakespeare

A Cumulative Bibliography of Medieval Military History and Technology Kelly DeVries, 2008 This is the second update of A Cumulative Bibliography of Medieval Military History and Technology which appeared in 2002 It is meant to do two things to present references to works on medieval military history and technology not included in the first two volumes and to present references to all books and articles published on medieval military history and technology from 2003 to 2006 These references are divided into the same categories as in the first two volumes and cover a chronological period of the same length from late antiquity to 1648 again in order to present a more complete picture of influences on and from the Middle Ages It also continues to cover the same geographical area as the first and second volume in essence Europe and the Middle East or again influences on and from this area The languages of these bibliographical references reflect this geography

Multi-disciplinary Lexicography Olga M. Karpova, Faina I. Kartashkova, 2014-08-11 The present book is based on presentations made during the IXth International School on Lexicography Multi-disciplinary Lexicography Traditions and Challenges of the XXIst Century at Ivanovo State University September 8-10 2011 and continues a series of collective monographs devoted to the theoretical and practical problems of lexicography published by Cambridge Scholars Publishing in 2007 2009 and 2010 The scope of topics discussed in four parts Dictionary as a Cross road of Language and Culture Dictionary Use and Dictionary Criticism Terminology and LSP Studies and Projects of New Dictionaries is rather wide and focuses on burning problems of European Russian and world lexicography as well as on projects of new dictionaries This book will be of interest to theoreticians practitioners and students of linguistic faculties

Shakespeare's Apprenticeship Ramon Jiménez, 2018-09-24 The contents of the Shakespeare canon have come into question in recent years as scholars add plays or declare others only partially his work Now new literary and historical evidence demonstrates that five heretofore anonymous plays published or performed during his lifetime are actually his first versions of later canonical works Three histories The Famous Victories of Henry the Fifth The True Tragedy of Richard the Third and The Troublesome Reign of John a comedy The Taming of a Shrew and a romance King Leir are products of Shakespeare's juvenile years Later in his career he transformed them into the plays that bear nearly identical titles Each is strikingly similar to its canonical counterpart in terms of structure plot and cast though the texts were entirely rewritten Virtually all scholars critics and editors of

Shakespeare have overlooked or disputed the idea that he had anything to do with them This addition of five plays to the Shakespeare canon introduces a new facet to the authorship debate and supplies further evidence that the real Shakespeare was Edward de Vere seventeenth Earl of Oxford

Besieged Sharon Alker,Holly Faith Nelson,2021-01-15 Siege literature has existed since antiquity but has not always been understood as a crucial element of culture Focusing on its magnetic force Besieged brings to light its popularity and potency between the British Civil War and the Great Northern War in Europe a period in which literary texts reflected an urgent interest in siege mentality and tactics Exploring the siege as represented in canonical works by Milton Dryden Defoe Davenant Cowley Cavendish and Bunyan alongside a wide array of little known memoirs plays poems and works of prose fiction on military and civilian experiences of siege warfare Besieged breaks new ground in the field of early modern war literature Sharon Alker and Holly Faith Nelson draw on theories of space and place to show how early modern Britons feverishly worked to make sense of the immediacy horror and trauma of urban warfare offering a valuable perspective on the literature that captured the cultural imagination during and after the traumatic civil wars of the 1640s Alker and Nelson demonstrate how the narratives of besieged cities became a compelling way to engage with the fragility of urban space unstable social structures developing technologies and the inadequacy of old heroic martial models Given the reality of urban warfare in our own age Besieged provides a timely foundation for understanding the history of such spaces and their cultural representation

Stylistics and Shakespeare's Language Mireille Ravassat,Jonathan Culpeper,2011-06-02 This innovative volume testifies to the current revived interest in Shakespeare s language and style and opens up new and captivating vistas of investigation Transcending old boundaries between literary and linguistic studies this engaging collaborative book comes up with an original array of theoretical approaches and new findings The chapters in the collection capture a rich diversity of points of view and cover such fields as lexicography versification dramaturgy rhetorical analyses cognitive and computational corpus based stylistic studies offering a holistic vision of Shakespeare s uses of language The perspective is deliberately broad confronting ideas and visions at the intersection of various techniques of textual investigation Such novel explorations of Shakespeare s multifarious artistry and amazing inventiveness in his use of language will cater for a broad range of readers from undergraduates postgraduates scholars and researchers to poetry and theatre lovers alike

Class and Society in Shakespeare Paul Innes,2007-11-15 The Continuum Shakespeare Dictionaries provide authoritative yet accessible guides to the principal subject areas covered by the plays and poetry of Shakespeare The dictionaries provide readers with a comprehensive guide to the topic under discussion its occurrence and significance in Shakespeare s works and its contemporary meanings Entries range from a few lines in length to mini essays providing the opportunity to explore an important literary or historical concept or idea in depth Entries include apothecary bear baiting Caesar degree gentry Henry V kingdom London masque nobility plague society treason usury whore and youth They follow an easy to use three part structure a general introduction to the term or topic a survey of

its significance and use in Shakespeare's plays and a guide to further reading Shakespeare Survey: Volume 58, Writing about Shakespeare Peter Holland, 2005-11-03 Published with academic researchers and graduate students in mind this volume of the Shakespeare Survey presents a number of contributions on the theme of the play Macbeth
