**Biblical Hebrew for Students of Modern Israeli Hebrew** Marc Zvi Brettler, 2002 This is the first textbook written for the purpose of teaching biblical Hebrew to college level students who already know some modern Israeli Hebrew Marc Brettler provides a clear comprehensive book with numerous well constructed exercises to help students either make the transition from modern Israeli Hebrew to biblical Hebrew or deepen their understanding of biblical Hebrew The book is also ideal for individuals who might like to study independently and for serious Jewish adult education programmes Biblical Hebrew for Students of Modern Israeli Hebrew is unique in its emphasis on phonology based on the conviction that a strong grounding in phonology makes it possible to learn biblical Hebrew grammar in a much more systematic fashion This method also allows verbal conjugations to be taught much more quickly and systematically Although the text is not inductive it uses

authentic biblical texts throughout to illustrate fundamental points and it contains many biblical texts in the exercises  
Students progressing through the book will quickly be encouraged by a sense of accomplishment as they encounter and  
understand well known biblical passages     A Hebrew Chrestomathy William Henry Green, 2018-05-29
