Lottie Moon Regina D. Sullivan, 2011-06-03 Legendary Southern Baptist missionary Charlotte Lottie Moon played a pivotal role in revolutionizing southern civil society Her involvement in the establishment of the Women s Missionary Union provided white Baptist women with an alternate means of gaining and asserting power within the denomination s organizational structure and changed it forever In Lottie Moon A Southern Baptist Missionary to China in History and Legend Regina Sullivan provides the first comprehensive portrait of Lottie who not only empowered women but also inspired the formation of one of the most influential religious organizations in the United States Despite being the daughter of slaveholders in antebellum Virginia Moon never lived the life of a typical southern belle Highly educated and influenced by models of independent womanhood including an older sister who was a woman s rights advocate an open opponent of slavery and the first Virginian female to earn a medical degree Moon followed her sister s lead and utilized her extensive education to successfully combine the language of woman s rights with the egalitarian impulse of evangelical Protestantism In 1873 Moon found her true calling however in missionary work in China During her tenure there she recommended that the week before Christmas be designated as a time of giving to foreign missions In response to her vision thousands of Southern Baptist women organized local missionary societies to collect funds

and in 1888 the Woman s Missionary Union was founded as the Southern Baptist Convention s female auxiliary for missionary work Sullivan credits Moon s role in the establishment of the Woman s Missionary Union as having a significant impact on the erosion of patriarchal power and women s new engagement with the public sphere Since her initial plea in 1888 the Missionary Union s annual Lottie Moon Christmas Offering has raised over a billion dollars to support missionary work Lottie Moon captures the influence and culminating effect of one woman s personal spiritual and civic calling

The China Mission Year Book, 1911 *China Christian Year Book*, 1911

Japanese and Hong Kong Film Industries Yau Shuk-ting, Kinnia, 2009-09-11

Drawing on first-hand materials collected from the Chinese and Japanese literature as well as interviews with more than twenty filmmakers and scholars, Kinnia Shuk-ting Yau provides a solid historical account of the complex interactions between Japanese and Hong Kong film industries from the 1930s to 1970s. The author describes in detail how Japan's efforts during the 1930s and 1940s to produce a Greater East Asian cinema led to many different kinds of collaborations between the filmmakers from China, Hong Kong, and Japan, and how such development had laid the foundation for more exchanges between the cinemas in the post-war period. The period covered by the book is the least understood period of the East Asian film history. Filling the gaps surrounding one of the most important but least understood periods of Asian film history, this book discusses facts and resources once obscured by controversial issues related to wartime affairs with new insights and perspectives. This book is an invaluable source of

information for understanding how the current East Asian film networks came into existence by looking beyond conventional single case studies and adopting a transnational perspective in tracing the connections between different film industries
