colored dress plays with her fingers and smiles winsomely at the camera That s the spirit I wanted to capture in my fictional Alice My first book *Risen* is a supernatural thriller about people coming back from the dead not as zombies but perfectly healthy The idea was to explore the question What is the value of life without death The *Summer We Lost Alice* a more mainstream book not a horror novel is also about rebirth I was able to play with differing viewpoints about the afterlife from the skeptic s point of view Ethan in the story to the spiritual believer s Heather with a touch of traditional faith Flo It s a story of loss and how it destroys a family and how that family manages to come together to heal itself All wrapped in the guise of a paranormal mystery thriller And there s a dog of course Old Boo Got to have a dog

sexual neuroses of the right the emptiness of a life lived for the status quo and the irrational power of love that when thwarted can turn so easily into an urge to murder And Tracking is a meditation on Harrison s fascination with place telling his own familiar mythology through the places his life has seen and the intellectual loves he has known With wit as sharp and prose as lush as any Harrison has yet written The Summer He Didn t Die is a resonant warm and joyful ode to our journey on this earth Harrison has proved to be one of our finest storytellers These novellas are urgent and contemporary displaying his marvelous gifts for compression and idiosyncratic language Los Angeles Times
