Sharing One Hope:

Encountering Islam Richard Sudworth, 2017-10-30 What do Christian Churches say Islam is What does the Church of England say Islam is And in the end what space is there for genuine engagement with Islam Richard Sudworth's unique study takes as its cue the question of political theology and brings this burgeoning area of debate into dialogue with Christian Muslim relations and Anglican ecclesiology The vexed subject of Christian Muslim Relations provides the presenting arena to explore what political theologies enable the Church of England to engage with the diverse public square of the twenty first century Each chapter concludes with an Anecdotes from the Field section setting themes from the chapter in the context of Richard Sudworth's own ministry within a Muslim majority parish

After the Evil Richard Harries, 2003-07-03 The evil of the holocaust demands a radical rethink of the traditional Christian understanding of Judaism This does not mean jettisoning Christianity's deepest convictions in order to make it conform to Judaism Rather Richard Harries develops the work of recent Jewish scholarship to discern resonances between central Christian and Jewish beliefs This thought provoking book offers fresh approaches to contentious and sensitive issues A key chapter on the nature of forgiveness is sympathetic to the Jewish charge that Christians talk much too easily about forgiveness Another chapter on suffering in Judaism and Christianity rejects the usual stereotypes and argues for important common ground for example in the idea that God suffers in the suffering of his people There are also chapters on the state of Israel and the place of Jerusalem in Christian and Jewish thought Richard Harries argues that the basic covenant is not with either Judaism or Christianity but with humanity These like other religions are different distinctive voices in response to God's primal affirmation of human life which for Christians is achieved and given in the life death and resurrection of Jesus Christ In the light of this the author maintains controversially that Christians should not be trying to convert Jews to Christianity Rather Jews and Christians should stand together and build on the great amount they have in common to work together for a better world

A Heavy Yoke Selina Stone, 2025-08-28 What we believe about God becomes the basis for how we think about ourselves as leaders and individuals

and how by extension we think about and treat others But the relationship between doctrine practice and power is not always straightforward The Christian call to humility when applied to people of global majority heritage or those living with disabilities can simply add to their marginalisation Servant leader language has often been tarnished by the many leaders who adopt this as a mantra despite abusing their power in practice In *A Heavy Yoke* Selina Stone lifts the lid on the ways Christian theology can often unwittingly uphold existing power structures to the detriment of the flourishing of the whole church Engaging and timely the book calls for a more rigorous and critical understanding of Christian theology and how it is shaping Christian leaders churches and organisations ***Tongues of Fire*** Frank D. Macchia, 2023-03-28 In this volume Frank

Macchia offers a systematic theology written with Christ's outpouring of the Holy Spirit from the heavenly Father at Pentecost as its dominant motif Christ's death and resurrection provide for our reconciliation with God and make way for the Spirit for the divine overflowing onto all flesh The church is born in the grace of that overflowing From the abundance of this divine self giving spring forth many different tongues aflame with the church's praise and witness This systematic theology seeks to join and further guide these tongues in their diverse contexts by reflecting in a coherent fashion across the spectrum of Christian doctrine The first three chapters offer an extensive treatment of modern approaches to theology Subsequent chapters explore all of the major topics of importance to theology historically This is theology written from a Pentecostal interest yet seeking to speak beyond it to a larger ecumenical horizon ***Spiritual Instructions on the Divine Revelations***

Leading a Healthy Multi-Ethnic Church Mark DeYmaz, Harry Li, 2013-05-16. Increasingly, church leaders are recognizing the power and beauty of the multi-ethnic church. Yet more than a good idea, it's a biblical, first-century standard with far-reaching evangelistic potential. How can your church overcome the obstacles to become a healthy multi-ethnic community of faith? And why should you even try? In *Leading a Healthy Multi-Ethnic Church* (formerly titled *Ethnic Blends*), Dr. Mark DeYmaz provides an up-close and personal look at seven common challenges to creating diversity in your church. Through real-life stories and practical illustrations, DeYmaz shows how to overcome the obstacles in order to lead a healthy multi-ethnic church. He also includes the insights of other effective multi-ethnic church leaders from the United States and Australia, as well as study questions at the end of each chapter. *Leading a Healthy Multi-Ethnic Church* describes what effective local churches in the 21st century will look like and shows us how to create them together as one, beyond race and class distinctions. Miles McPherson, Senior Pastor, The Rock Church, San Diego, CA. Mark DeYmaz, perhaps more than any pastor in America, has his pulse on what it will take for the Church to find real reconciliation in our generation.
