Agent-Centered Morality George W. Harris, 2023-04-28 What kinds of persons do we aspire to be and how do our aspirations fit with our ideas of rationality In Agent Centered Morality George Harris argues that most of us aspire to a certain sort of integrity We wish to be respectful of and sympathetic to others and to be loving parents friends and members of our communities Against a prevailing Kantian consensus Harris offers an Aristotelian view of the problems presented by practical reason problems of integrating all our concerns into a coherent meaningful life in a way that preserves our integrity The task of solving these problems is the integration test Systematically addressing the work of major Kantian thinkers Harris shows that even the most advanced contemporary versions of the Kantian view fail to integrate all of the values that correspond to what we call a moral life By demonstrating how the meaning of life and practical reason are internally related he constructs from Aristotle s thought a conceptual scheme that successfully integrates all the characteristics that make a life meaningful without jeopardizing the place of any Harris s elucidation of this approach is a major contribution to debates on human agency practical reason and morality What kinds of persons do we aspire to be and how do our aspirations fit with our ideas of

Unimagined Community Robert Thornton,2008-09-02 This groundbreaking work with its unique anthropological approach sheds new light on a central conundrum surrounding AIDS in Africa Robert J Thornton explores why HIV prevalence fell during the 1990s in Uganda despite that country s having one of Africa s highest fertility rates while during the same period HIV prevalence rose in South Africa the country with Africa s lowest fertility rate Thornton finds that
