Sharkman Six:

Sharkman Six Owen West, 2001-12-18 When Lieutenant Gavin Kelly's recon platoon swims ashore a Mogadishu beach under the glare of hundreds of news camera lights it is an appropriately surreal beginning to Operation Restore Hope. This modern war is vastly different from the battles Kelly's father and grandfather fought and from the young lieutenant's own experience during Operation Desert Storm. Minutes after the Marines celebrated landing, one of Kelly's men kills an armed Somali bodyguard. The circumstances of the killing are unclear and Kelly finds himself in the center of a maelstrom. He must act quickly to deflect a vociferous outcry from members of the international press corps, censure by his Marine superiors and the possibility of losing the loyalty of his men, particularly two enlisted leaders in the platoon who have vouched for the necessity of the kill. Thus begins **Sharkman Six**, a stinging morality tale in which Kelly is torn between his men, his confusing mission and the international rules of engagement he has sworn to uphold. As his platoon descends into the lawless violent underbelly of Somalia, Lieutenant Kelly must determine his own values and allegiances in a country where murders are commonplace and constant. With heart pounding intricate military detail, rapier wit and stunning verisimilitude, **Sharkman Six** speaks to the violent urges lurking in us all and the lengths to which we will go to control them. In **Gavin Kelly West** has created an authentic sympathetic and wholly compromised young officer of war who will put you in mind of the best of military heroes and antiheroes.

Sharkman Six Owen West, 2001 **Shark Man** Riley Elliott, 2014-11-07 The adventures of a shark scientist and his mission to change our perception of New Zealand's most feared and misunderstood predator. Riley Elliott is a surfer, spear fisherman and shark scientist from the Waikato, currently writing a PhD at Auckland University. He's also on a mission to share his fascination with sharks, raise the profile of their dwindling numbers and question the legitimacy of shark finning in our waters. Riley's passion for sharks started while he was working at the Oceans Research Great White Shark Station in South Africa where he learned to free dive with sharks beyond the cage. Upon his return to New Zealand, Riley began research for his PhD and in the process uncovered some alarming trends. Riley Elliott is making it his mission to educate New Zealanders about the over exploitation of sharks in our waters, particularly the controversial practice of shark finning and how it affects the ocean ecosystem. In the process, he's becoming New Zealand's most popular expert on shark species and a go-to commentator about our increasing encounters with this deadly ocean predator. **Shark Man** is Riley's story from his time learning to scuba dive and spearfish, his early fascination with sharks while surfing, life at Raglan, his first encounters with great whites in South Africa and learning to safely free dive to his study of New Zealand sharks species and the making of the TVNZ television documentary series **Shark Man**. The book also has information about New Zealand's prevalent shark species, where they live, how they hunt and their interaction with humans, with fascinating new insights and little known facts.
