

Sharon Kowalski Case

Daisy Holder

Sharon Kowalski Case:

The Sharon Kowalski Case Casey Charles, 2003 A gripping story of love and law The Sharon Kowalski Case chronicles one of the true landmarks in the fight for the rights of same sex partners fully framed for the first time within its social political and historical contexts

Race, Class, and Gender in the United States Paula S. Rothenberg, 2004 Race Class and Gender in the United States An Integrated Study presents students with a compelling clear study of issues of race gender and sexuality within the context of class Rothenberg offers students 126 readings each providing different perspectives and examining the ways in which race gender class and sexuality are socially constructed Rothenberg deftly and consistently helps students analyze each phenomena as well as the relationships among them thereby deepening their understanding of each issue surrounding race and ethnicity

Sex Wars Lisa Duggan, Nan D. Hunter, 2006 This tenth anniversary edition addresses the on going debate surrounding feminism and sexuality highlighting the major events that have shaped public debates around sexuality since 1995 including Lawrence vs Texas and the rights of same sex couples in Massachusetts

The Politics of Same-Sex Marriage Craig A. Rimmerman, Clyde Wilcox, 2008-09-15 Same sex marriage emerged in 2004 as one of the hottest issues of the campaign season But in a severe blow to gay rights advocates all eleven states that had the issue on the ballot passed amendments banning the practice and the subject soon dropped off the media s radar This pattern of waxing and waning in the public eye has characterized the debate over same sex marriage since 1996 and the passing of the Defense of Marriage Act Since then court rulings and local legislatures have kept the issue alive in the political sphere and conservatives and gay rights advocates have made the issue a key battlefield in the culture wars The Politics of Same Sex Marriage brings together an esteemed list of scholars to explore all facets of this heated issue including the ideologies and strategies on both sides of the argument the public s response the use of the issue in political campaigns and how same sex marriage fits into the broad context of policy cycles and windows of political opportunity With comprehensive coverage from a variety of different approaches this volume will be a vital sourcebook for activists politicians and scholars alike

The Gay Revolution Lillian Faderman, 2016-09-27 A chronicle of the modern struggle for gay lesbian and transgender rights draws on interviews with politicians military figures legal activists and members of the LGBT community to document the cause s struggles since the 1950s

From the Closet to the Altar Michael Klarman, 2013 In many states advocates have taken to the courts and argued that bans on gay marriage are denials of civil rights They have followed the path of earlier civil rights advocates who also chose the court rather than the political arena as a forum to decide issues But as Klarman shows this tactic comes with clear costs Using the courts to leapfrog public opinion can actually set a cause back because court decisions generate backlashes Usually judges are neither elected nor beholden to public opinion and they are easily pegged as unaccountable elites by opponents Klarman who has examined virtually every state level judicial decision and all of the legislative attempts to overturn same sex marriage contends that the movement has in many respects not only hurt its

own cause by generating populist backlash but has created a countervailing social movement that works against progressive causes on a host of other issues

Courting Justice Joyce Murdoch, Deb Price, 2002-05-09 Since 1958 twenty five men and two women have forced the Supreme Court to consider whether the Constitution's promises of equal protection apply to gay Americans Here Joyce Murdoch and Deb Price reveal how the nation's highest court has reacted to these cases from the surprising 1958 victory of a tiny homosexual magazine to the 2000 defeat of a gay Eagle Scout A triumph of investigative reporting *Courting Justice* gives us an inspiring new perspective on the struggle for civil rights in America

Same-Sex Marriage in the United States Jason Pierceson, 2014-04-01 Same sex marriage has become one of the defining social issues in contemporary U S politics State court decisions finding in favor of same sex relationship equality claims have been central to the issue's ascent from nowhere to near the top of the national political agenda *Same Sex Marriage in the United States* tells the story of the legal and cultural shift its backlash and how it has evolved over the past 15 years This book aids in a classroom examination of the legal political and social developments surrounding the issue of same sex marriage in the United States While books about same sex marriage have proliferated in recent years few if any have provided a clear and comprehensive account of the litigation for same sex marriage and its successes and failures as this book does Updated through 2013 this edition details the watershed rulings in favor of same sex marriage the Supreme Court's June 26th repeal of DOMA and of Proposition 8 in California as well as the many states New Jersey Illinois New Mexico Hawaii and Nevada among others where activists and public leaders have made recent strides to ensure that gay couples have an equal right to marry

Gay and Lesbian Elders Nancy J. Knauer, 2016-04-15 The approximately two million gay and lesbian elders in the United States are an underserved and understudied population At a time when gay men and lesbians enjoy an unprecedented degree of social acceptance and legal protection many elders face the daily challenges of aging isolated from family detached from the larger gay and lesbian community and ignored by mainstream aging initiatives Drawing on materials from law history and social theory this book integrates practical proposals for reform with larger issues of sexuality and identity Beginning with a summary of existing demographic data and offering a historical overview of pre Stonewall views of homosexuality author Nancy J Knauer goes on to address the invisibility of this community She examines the multiple double binds central to their identity formation including ageism among gays and lesbians and homophobia among seniors Further the book focuses on specific legal concerns such as estate planning housing discrimination and financial insecurity and how they impact this community uniquely Integrating theory with practical questions of policy and advancing a new understanding of the construction of sexuality and identity this book advocates meaningful new reforms designed to ensure equity and dignity in aging regardless of sexual orientation

The Engagement Sasha Issenberg, 2021-06-01 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR The riveting story of the conflict over same sex marriage in the United States the most significant civil rights breakthrough of the new millennium Full of intimate details battling personalities heated court

cases public persuasion John Williams The New York Times On June 26 2015 the U S Supreme Court ruled that state bans on gay marriage were unconstitutional making same sex unions legal across the United States But the road to that momentous decision was much longer than many know In this definitive account Sasha Issenberg vividly guides us through same sex marriage s unexpected path from the unimaginable to the inevitable It is a story that begins in Hawaii in 1990 when a rivalry among local activists triggered a sequence of events that forced the state to justify excluding gay couples from marriage In the White House one president signed the Defense of Marriage Act which elevated the matter to a national issue and his successor tried to write it into the Constitution Over twenty five years the debate played out across the country from the first legal same sex weddings in Massachusetts to the epic face off over California s Proposition 8 and finally to the landmark Supreme Court decisions of *United States v Windsor* and *Obergefell v Hodges* From churches to hedge funds no corner of American life went untouched This richly detailed narrative follows the coast to coast conflict through courtrooms and war rooms bedrooms and boardrooms to shed light on every aspect of a political and legal controversy that divided Americans like no other Following a cast of characters that includes those who sought their own right to wed those who fought to protect the traditional definition of marriage and those who changed their minds about it *The Engagement* is certain to become a seminal book on the modern culture wars

Queer Disability through History Daisy Holder,2024-11-30 Persecuted outlawed imprisoned shunned You might think this refers only to the LGBTQ community but their experience is remarkably closely aligned to the experience of the Disabled community This book examines the histories of these two movements as they ran alongside each other often intersecting Both the Disabled and the LGBTQ movements have rich and intriguing pasts that date back beyond recorded history As Holder explores the journey of these movements the journey highlights their shared history through the stories of the people who brought both into modern consciousness They represent vital landmarks in the little explored intersections between the two groups past and present Turn of the century Mexican bisexual painter Frida Kahlo was Disabled by both polio and injury Michelangelo turned his artistic talents toward homoerotic poetry to manage his arthritis The iconic Marsha P Johnson lived with and cared for those with AIDS and Dr Fryer the psychiatrist with depression has been credited with planting the seed that led to the removal of homosexuality from the American diagnostic manual of mental disorders While many of these events seem small they shape our Queer and Disability cultures and shared history to show just how far we ve come and how far we still have to go *New York City Law Review* ,2004

Fragmented Citizens Stephen M. Engel,2019-06-01 A sweeping historical and political account of how our present day policy debates around citizenship and equality came to be The landmark Supreme Court decision in June 2015 legalizing the right to same sex marriage marked a major victory in gay and lesbian rights in the United States Once subject to a patchwork of laws granting legal status to same sex couples in some states and not others gay and lesbian Americans now enjoy full legal status for their marriages wherever they travel or reside in the country For many the

Supreme Court's ruling means that gay and lesbian citizens are one step closer to full equality with the rest of America. In *Fragmented Citizens*, Stephen M. Engel contends that the present moment in gay and lesbian rights in America is indeed one of considerable advancement and change but that there is still much to be done in shaping American institutions to recognize gays and lesbians as full citizens. With impressive scope and fascinating examples, Engel traces the relationship between gay and lesbian individuals and the government from the late nineteenth century through the present. Engel shows that gays and lesbians are more accurately described as fragmented citizens. Despite the marriage ruling, Engel argues that LGBT Americans still do not have full legal protections against workplace, housing, family, and other kinds of discrimination. There remains a continuing struggle of the state to control the sexuality of gay and lesbian citizens; they continue to be fragmented citizens. Engel argues that understanding the development of the idea of gay and lesbian individuals as less than whole citizens can help us make sense of the government's continued resistance to full equality despite massive changes in public opinion. Furthermore, he argues that it was the state's ability to identify and control gay and lesbian citizens that allowed it to develop strong administrative capacities to manage all of its citizens in matters of immigration, labor relations, and even national security. The struggle for gay and lesbian rights then affected not only the lives of those seeking equality but also the very nature of American governance itself. *Fragmented Citizens* is a sweeping historical and political account of how our present-day policy debates around citizenship and equality came to be.

How All Politics Became Reproductive Politics

Laura Briggs, 2018-08-14. Today all politics are reproductive politics, argues esteemed feminist critic Laura Briggs. From longer work hours to the election of Donald Trump, our current political crisis is above all about reproduction. Households are where we face our economic realities as social safety nets get cut and wages decline. Briggs brilliantly outlines how politicians' racist accounts of reproduction—stories of Black welfare queens and Latina breeding machines—were the leading wedge in the government and business disinvestment in families. With decreasing wages, rising McJobs, and no resources for family care, our households have grown ever more precarious over the past forty years in sharply race and class stratified ways. This crisis, argues Briggs, fuels all others: from immigration to gay marriage, anti-feminism to the rise of the Tea Party.

Acts of Gaiety, Sara Warner, 2023-06-20. *Acts of Gaiety* explores the mirthful modes of political performance by LGBT artists, activists, and collectives that have inspired and sustained deadly serious struggles for revolutionary change. The book explores antics such as camp kitsch, drag guerrilla theater, zap actions, rallies, manifestos, pageants, and parades alongside more familiar forms of legitimate theater. Against queer theory's long suffering romance with mourning and melancholia and a national agenda that urges homosexuals to renounce pleasure if they want to be taken seriously by mainstream society, *Acts of Gaiety* seeks to reanimate notions of gaiety as a political value for LGBT activism. The book mines the archives of lesbian feminist activism of the 1960s-70s, highlighting the outrageous gaiety that lay at the center of the social and theatrical performances of the era and uncovering original documents long thought to be lost. Juxtaposing historical figures such as

Valerie Solanas and Jill Johnston with more recent performers and activists including Hothead Paisan Bitch Animal and the Five Lesbian Brothers Warner shows how reclaiming this largely discarded and disavowed past elucidates possibilities for being and belonging Acts of Gaiety explores the mutually informing histories of gayness as politics and as *joie de vivre* along with the centrality of liveliness to queer performance and protest The Lesbian and Gay Movements Craig A Rimmerman,2018-05-04 Throughout their relatively short history lesbian and gay movements in the United States have endured searing conflicts over whether to embrace assimilationist or liberationist strategies The Lesbian and Gay Movements explores this dilemma in both contemporary and historical contexts describing the sources of these conflicts to what extent the conflicts have been resolved and how they might be resolved in future Rimmerman also tackles the challenging issue of what constitutes movement effectiveness and how effective the assimilationist and liberationist strategies have been in three contentious policy arenas the military ban same sex marriage and AIDS Considerable attention is devoted to how policy elites presidents federal and state legislatures courts have responded to the movements grievances Since the publication of the first edition in 2007 there have been enormous changes in the landscape of lesbian and gay movements and rights The thoroughly revised second edition includes updated discussion of LGBT movements undertakings in as well the Obama administration s response to AIDS HIV policy the fight to legalize same sex marriage and overturn the Defense of Marriage Act and the repeal of Don t Ask Don t Tell **Oxford Textbook of Palliative Social Work** Terry Altilio,Shirley Otis-Green,2011-03-28 This text is the definitive resource for practicing palliative social work clinicians It is designed to meet the needs of professionals who seek to provide culturally sensitive biopsychosocial spiritual care for patients and families living with life threatening illness My American History Sarah Schulman,2018-09-24 Sarah Schulman s writing is bold provocative and refreshingly unrepentant First published in 1994 My American History Lesbian and Gay Life During the Reagan and Bush Years combines critical commentary with a rich and varied collection of news articles letters interviews and reports in which the author traces the development of lesbian and gay politics in the U S In her coverage of many tireless campaigns of activism and resistance Sarah Schulman documents a powerful political history that most people gay or straight never knew happened In her Preface to this second edition Urvashi Vaid argues for the continued relevance of Schulman s writing to activism in the 21st century particularly in light of the resurgence of the right in American politics Also included is a selection of articles by Sarah Schulman for Womanews in their original print format with illustrations by Alison Bechdel The book closes with an interview with the author conducted by Steven Thrasher especially for this new edition It explores AIDS and homophobia during the Reagan Bush administrations and at the dawn of the Trump era My American History is a collection that gives voice to both the personal and political struggles of feminist and lesbian and gay communities in the 1980s It is an important historical record that will enlighten and inform activists as well as academics of women s gender and sexuality studies in the 21st century Sex, Sexuality and Therapeutic Practice Catherine

Butler, Amanda O'Donovan, Elizabeth Shaw, 2009-10-26 This evidence based manual examines issues of sexuality in a positive and affirming light and considers how sexuality related issues can be introduced into therapy and training It will support the practicing therapist as well as those in training **The Columbia Reader on Lesbians and Gay Men in Media, Society, and Politics** Larry P. Gross, James D. Woods, 1999 More than 100 articles essays letters and primary documents cover the formation of gay identity religious scientific medical and legal perspectives the mainstream media lesbian and gay media and community prospects and tactics
