Sharpest Edge:

The Sharpest Edge Stephanie Rowe,2012-01-17 ON THE EDGE OF DANGER It was the fight of Kim Collins s life and she had the scars to prove it Even with prison bars between her and her assailant the horror of his attack was crystal clear Released on parole his vow for revenge spurred her to put distance between them Taking refuge three thousand miles away she thought the threat was gone However when too many unexplained accidents started to occur around her Kim had no choice but to put herself in the hands of Sean Templeton the fianc she once jilted As a cop he was sworn to protect her keep her safe Yet with all the old emotions still between them did Sean present a bigger threat to her heart The Sharpest

Blade Sandy Williams,2013-12-31 McKenzie Lewis s ability to read the shadows has put her and those she loves in harm s way again and again The violence must end but will the cost of peace be more devastating than anyone ever imagined After ten years of turmoil the life McKenzie has always longed for may finally be within her grasp No one is swinging a sword at her head or asking her to track the fae and she finally has a regular albeit boring job But when a ruthless enemy strikes against her friends McKenzie abandons her attempt at normalcy and rushes back to the Realm With the fae she loves and the fae she s tied to pulling her in different directions McKenzie must uncover the truth behind the war and accept the painful sacrifices that must be made to end it Armed with dangerous secrets and with powerful allies at her side her actions will either rip the Realm apart or save it

Silverberg,2012-08-01 True Acting Tips leads stage and screen actors on a journey of passion intimacy and personal investment This isn't to say that there will not be heavy demands and a high cost but ultimately this book is designed to offer the clarity and encouragement to become an actor who makes a difference in the lives of the audience members True Acting is not a reproduction of anything that has come before and True Acting Tips is not a book concerned primarily with the technical demands of acting Instead it is an in depth examination and invitation to see and experience acting as a momentous burst of creation new surprising and deeply human It includes inspirational quotes more than 200 acting tips and images that reveal a powerful philosophy to assist in the most difficult moments Reading this book actors will find the joy of true communion with their acting partners and through this encounter give the audience an uplifting experience by reminding them that we are all in fact human beings **When the Uncertainty Principle Goes to 11** Philip Moriarty,2018-07-31

There are deep and fascinating links between heavy metal and quantum physics No really While teaching at the University of Nottingham physicist Philip Moriarty noticed something odd a surprising number of his students were heavily into metal music Colleagues too a Venn diagram of physicists and metal fans would show a shocking amount of overlap What's more it turns out that heavy metal music is uniquely well suited to explaining quantum principles In *When the Uncertainty Principle Goes to Eleven* Moriarty explains the mysteries of the universe's inner workings via drum beats and feedback You'll discover how the Heisenberg uncertainty principle comes into play with every chugging guitar riff what wave interference has to do with Iron Maiden and why metalheads in mosh pits behave just like molecules in a gas If you're a metal fan trying to grasp the complexities of quantum physics a quantum physicist baffled by heavy metal or just someone who'd like to know how the fundamental science underpinning our world connects to rock music this book will take you in the words of Pantera to A New Level For those who think quantum physics is too mind bendingly complex to grasp or too focused on the invisibly small to be relevant to our full sized lives this funny fascinating book will show you that physics is all around us and it rocks

Understanding Chipped Stone Tools Brian Hayden,2022-06-15 This is a unique and engaging book on prehistoric stone tools It advocates an experiential approach in which analysts try to understand stone tool designs from the users' perspectives and employs a universal logic of designing tools to solve practical problems and evaluating various possible solutions However to do so it is also necessary to understand how stone can be mechanically modified to serve specific functions The author enlists a rich array of ethnographic observations and considerable background as a flintknapper to

show the basic ways in which stones can be flaked and modified and what these characteristics can reveal about prehistoric problem solving strategies and design constraints This is an invaluable primer for anyone contemplating the study of prehistoric stone tools
