The second half consists of a master list alphabetically arranged by author's real name and cross-referenced by pseudonyms and a series character to author list. The depth of the authors' research is impressive and the detail is impeccable. The authors have been actively involved in the community of mystery writers for fifteen years, attending conferences and getting to know the authors of the books chronicled in *Silk Stalkings*. Nichols and Thompson provide scholars and fans alike with a source of long lost or forgotten treasures as well as what is currently hot in the world of women's mystery writing today.
