Shedding And Literally Dreaming:

Shedding and Literally Dreaming Verena Stefan, 1994 A A A This volume brings together prose from three decades of writing by Verena Stefan one of the most influential contemporary feminist writers in the world A A A The original 1975 German publication of *Shedding* a novella that narrates the radical transformation of a young woman against the backdrop of the early 1970s women's civil rights and health care movements created such a stir that the work has been hailed as the feminist equivalent to Mao's little red book To date over 300 000 copies of *Shedding* have been sold in Germany Included here is the first English translation of *Literally Dreaming* a delightful collection of eight stories written in the 1980s drawing a portrait of life as the narrator of *Shedding* may have envisioned it women living together in natural and rural settings independent of men Stefan has written for this volume a new essay *Euphoria and Cacophony* which traces the extraordinary reception and backlash that greeted *Shedding* in the 1970s and the effect on her both as a writer and as a symbol of the German women's movement A A A In resonant prose and with a refreshing honesty Stefan speaks to the universality of women's lives a concept popular in the 1970s and 1980s and ripe for re discussion now in the 1990s Stefan was a pioneer in experimental writing before the phrase was coined and her writing about women's lives is as immediate today as when it first exploded on the German literary scene A A A *The Women's Liberation Movement* Kristina Schulz, 2017-07-01 For over half a century the countless organizations and initiatives that comprise the Women's Liberation movement have helped to reshape many aspects of Western societies from public institutions and cultural production to body politics and subsequent activist movements This collection represents the first systematic investigation of WLM's cumulative impacts and achievements within the West Here specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory comparing them both implicitly and explicitly to developments in other parts of the world A History of Women's Writing in Germany, Austria and Switzerland Jo Catling, 2000-03-23 This volume makes the wide ranging work of German women writers visible to a wider audience It is the first work in English to provide a chronological introduction to and overview of women's writing in German speaking countries from the Middle Ages to the present day Extensive guides to further reading and a bibliographical guide to the work of more than 400 women writers form an integral part of the volume which will be indispensable for students and scholars of German literature and all those interested in women's and gender studies **Sexual Culture in Germany in the 1970s** Janin Afken, Benedikt Wolf, 2019-12-11 This book is the first attempt to present a comprehensive picture of LGBT culture in the two German states in the 1970s Starting from the common view of the decade between the moderation of the German anti sodomy law in 1968 East and 1969 West and the first documented case of AIDS 1982 as a golden age for queer politics and culture this edited collection traces the way this impression has been shaped by cultural production The chapters ask What exactly made the 1970s a legendary decade What was its revolutionary potential and what were its path breaking political and aesthetic

strategies Which elements movements and memories had to be marginalized in order to facilitate the historical construction of the legendary decade Exploring the complex picture of gay lesbian and to a lesser extent trans cultures from this time the volume provides fascinating insights into both canonized and marginalized texts and films from and about the decade

Encyclopedia of Feminist Literature Kathy J. Whitson, 2004-12-30 Many women writers have secured a solid place in the literary canon while others have remained marginalized This reference includes alphabetically arranged entries on roughly 70 women writers whose works are widely read in English and on some 20 related topics While some of the writers profiled are widely known others have not yet received as much attention And while most of the writers are from England and America the volume also profiles Chilean Brazilian Indian South African Australian French and German authors The writers selected are feminist in that their works have challenged traditional gender roles explored female oppression or critiqued patriarchal social structures In addition to providing biographical information the entries include interpretative summaries of major works Each author entry includes biographical information an extensive summary treatment of at least one of her works an list of her other major works cross references to related entries and a list of works for further reading What distinguishes this encyclopedia from the many other volumes addressing feminist literature or literature by women is the interpretative summary in each entry The volume closes with a list of works cited Entries are clearly written and are accessible to high school students and undergraduates

The Pragmatics of Literary Testimony Chantelle Warner, 2013 In this book Warner examines a number of German language literary autobiographies that are connected to diverse social movements of the last forty years These books have all received critical attention from the popular press topped bestseller lists and have been pivotal in discussions of authenticity subjectivity and referentiality Because of the thematic diversity of these works scholars within literary and cultural studies have tended to treat them separately under topical categories such as women s literature the post war generation migration and multiculturalism etc Underlying Warner s analysis is the belief that the social construction of autobiographical acts is as much a matter of textuality as it is of topicality i e how language means rather than what it means and that a pragmatic stylistic approach is well suited to describing how literary autobiographies come to function as testimonies to certain collective experiences By presenting a model for an integrative stylistics approach *The Prgamatics of Literary Testimony* participates in current discussions within fields of literary linguistic scholarship as well as autobiographical theory In its analysis of key examples of German social testimonies from the late twentieth century this book incorporates insights from discourse analysis pragmatics cogntive poetics and sociolinguistics in order to demonstrate that this diverse body of works constitutes a particular form of textual practice defined by what the author calls authenticity effects feelings of realism immediacy exemplarity genuineness and social relevance Such a study of authenticity as a poetic effect can help us to better understand the testimonial glamour owned by various types of autobiographical narration

Post-war Women's Writing in German Chris Weedon, 1997-03-01 Women in the Federal

Republic the former GDR Switzerland and Austria have initiated a remarkable literary movement especially after 1968 which is also attracting growing attention elsewhere Informed by critical feminist and literary theory this broad ranging collection the first of its kind examines the history of these writings in the context of the social and political developments in the respective countries It combines survey chapters with detailed studies of prominent authors whose work is often unavailable in English **"All Power to the Imagination!"** Sabine Von Dirke,2016-07 All Power to the Imagination is a history of the counterculture s immensely influential role in West German cultural and political life Sabine von Dirke opens with an examination of nascent countercultural movements in West Germany during the 1950s She then moves to a nuanced account of the student movement of the 1960s describing its adaptation of the theories of Marcuse Adorno and Benjamin then recounting its attack on bourgeois notions of the autonomy of art and culture She next examines the subsequent development of a radical aesthetic and the effects of left wing terrorism on Germany s political climate Later chapters focus on die tageszeitung the ecology movement and the rise of the Green Party Von Dirke concludes by asking whether the evolution that this book traces from Marxist influenced critiques of culture and society to more diverse less doctrinaire left wing positions represents progress or a betrayal of radical ideals An ambitious study of the German left this book is an important contribution to our understanding of postwar European history **Restless Wave** Ayako Tanaka Ishigaki,2018-08-01 With this critically acclaimed 1940 memoir pioneering Japanese writer and activist Ayako Ishigaki made history Restless Wave is the first book written in English by a Japanese woman introducing Western readers to a largely unknown world a unique voice and a writer of great talent integrity and courage In exquisite prose Ishigaki recalls coming of age in a privileged family and rebelling against strict codes of women s behavior She also traces the political awakening that would force her to flee Japan for the United States and would eventually make her an internationally renowned activist for peace social justice and women s rights As The Nation noted In lyrical poetic terms Restless Wave tells the story of a single individual who lived at a turning point of history **Who's Who in Lesbian and Gay Writing** Gabriele Griffin,2003-09-02 Who s Who in Lesbian and Gay Writing is a lively and accessible biographical guide to lesbian and gay literary culture from Sappho to modern pulp fiction Featuring authors of works with lesbian or gay content as well as known lesbian and gay writers this volume opens the boundaries of this field to include the writers of popular cultural fiction It places these alongside the canon of poets dramatists and novelists to acknowledge the importance of pop culture to gay and lesbian communities It includes fascinating entries on authors from W H Auden to Alice Walker James Baldwin to Virginia Woolf Also included are those such as Judith Butler who have theorised lesbian and gay culture and writing or have contributed to the uncovering and charting of this vibrant literary history Fully cross referenced and with suggestions for further reading this book offers an invaluable guide to a rich and varied literary culture and is indispensable for anyone with an interest in lesbian and gay writing

Desire Anna Clark,2019-03-28 A sweeping survey of sexuality in Europe from the Greeks to the present Desire A History

of European Sexuality follows changing attitudes to two major concepts of sexual desire: desire as dangerous, polluting and disorderly, and desire as creative, transcendent, even revolutionary through the major turning points of European history. Chronological in structure and wide ranging in scope, *Desire* addresses such topics as sex in ancient Judaism, Christianity and Islam; sexual contact and culture clash in Spain and colonial Mesoamerica; new attitudes toward sexuality in the seventeenth and eighteenth centuries; and sex in Bolshevik Russia and Nazi Germany. The book introduces the concept of twilight moments to describe activities seen as shameful or dishonorable but which were tolerated when concealed by shadows, and integrates the history of heterosexuality with same sex desire as well as exploring the emotions of love and lust as well as the politics of sex and personal experiences. This new edition has been updated to include a new chapter on sex and imperialism and expanded discussions of Islam and trans issues. Drawing on a rich array of sources including poetry, novels, pornography and film as well as court records, autobiographies and personal letters, and written in a lively, engaging style, *Desire* remains an essential resource for scholars and students of the history of European sexuality as well as women's and gender history, social and cultural history, and LGBTQ history.

The Summer of Theory Philipp Felsch, 2021-09-16. Theory, a magical glow has emanated from this word since the sixties. Theory was more than just a succession of ideas; it was an article of faith, a claim to truth, a lifestyle. It spread among its adherents in cheap paperbacks and triggered heated debates in seminar rooms and cafés. The Frankfurt School, Structuralism, Post-Structuralism, Adorno, Derrida, Foucault: these and others were the exotic schools and thinkers whose ideas were being devoured by young minds. But where did the fascination for dangerous thoughts come from? In his magnificently written book, Philipp Felsch follows the hopes and dreams of a generation that entered the jungle of difficult texts. His setting is West Germany in the decades from the 1960s to the 1990s, in a world frozen in the Cold War movement only came from big ideas. It was the time of apocalyptic master thinkers, upsetting reading experiences and glamorous incomprehensibility. As the German publisher Suhrkamp published Adorno's *Minima Moralia* and other High Theory works of the Frankfurt School, a small publisher in West Berlin, Merve Verlag, provided readers with a steady stream of the subversive new theory coming out of France. By following the adventures of the publishers who provided the books and the reading communities that consumed and debated them, Philipp Felsch tells the remarkable story of an intellectual revolt when the German Left fell in love with Theory.

The Cambridge Companion to the Modern German Novel Graham Bartram, 2004-04-05. The *Cambridge Companion to the Modern German Novel*, first published in 2004, provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present. Written by an international team of experts, it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries. The structure is broadly chronological but thematically focused: chapters examine topics such as gender, anxiety, images of the city, war, and women's writing. Within each chapter, key works are selected for close attention. Unique in its combination of breadth of coverage and

detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers

Translation and Gender Luise Von Flotow, 2016-04-08 The last thirty years of intellectual and artistic creativity in the 20th century have been marked by gender issues Translation practice translation theory and translation criticism have also been powerfully affected by the focus on gender As a result of feminist praxis and criticism and the simultaneous emphasis on culture in translation studies translation has become an important site for the exploration of the cultural impact of gender and the gender specific influence of culture With the dismantling of universal meaning and the struggle for women's visibility in feminist work and with the interest in translation as a visible factor in cultural exchange the linking of gender and translation has created fertile ground for explorations of influence in writing rewriting and reading Translation and Gender places recent work in translation against the background of the women's movement and its critique of patriarchal language It explains translation practices derived from experimental feminist writing the development of openly interventionist translation strategies the initiative to retranslate fundamental texts such as the Bible translating as a way of recuperating writings lost in patriarchy and translation history as a means of focusing on women translators of the past

Language Crossings Karen Ogunnick, 2000-01-01 This vivid collection explores the fascinating connections between language use language learning and one's cultural identity The essays many of them by well known writers represent a diversity of cultures ages and nationalities making the wide range of viewpoints they present both entertaining and instructional In a time when issues of cultural identity are constantly explored and hotly debated this volume illuminates the dynamic interaction between the personal the political and the theoretical It is an essential read in a multicultural world

Beyond 1989 K. Bullivant, 1997-09-01 With the fall of the Berlin Wall in November 1989 four decades of separation seemed to have been brought to an end In the literary arena as in many others this seemed to be the surprising but ultimately logical end to the situation in which after the extreme separation of the two Germanies literatures during most of the period up to 1980 an increasing closeness could be observed during the 1980s as relations between the two German states normalized With the opening up of the East in the Autumn of 1989 claims were being made on the one hand that German literature had never in fact been divided while others were proclaiming the end of East and West German literatures as they had existed and the beginning of a new era This volume examines these claims and other aspects of literary life in the two Germanies since 1945 with the hindsight born of unification in 1990 as well as looking at certain aspects of developments since the fall of the Wall when as on East German put it in 1996 rapprochement came to an end

Handbook of Autobiography / Autofiction Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e.g. the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary

history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers

Reena and Other Stories Paule Marshall, 1983 This collection of Paule Marshall's short works illustrates the growth of a remarkable writer For the first time these stories long out of print or difficult to obtain appear together in a single volume Introducing the volume is Marshall's much acclaimed autobiographical essay From the Poets in the Kitchen from the New York Times Book Review's series called The Making of a Writer This collection included newly written autobiographical headnotes to each story and Merle a novella excerpted from Marshall's 1969 novel The Chosen Place The Timeless People and extensively reshaped and rewritten for this collection It stands as an independent story about one of the most memorable women in contemporary fiction

Women of

Color and the Multicultural Curriculum Liza Fiol-Matta, Mariam Chamberlain, 1994 A A A The product of 13 curriculum projects that involved several hundred educators nationwide this volume provides faculty and administrators with a guide to multicultural curricular change especially with respect to women While women represent over half of the college students on campus they are still represented only minimally in the allegedly mainstream curriculum Women of color are far less visible in the curriculum than white women A A A Both the process and the results of a Ford Foundation funded project are presented here in a format that allows browsing and promotes reading straight through The volume is divided into three major sections the first of which highlights the actual process of faculty transformation and administrative support essential to curricular changes as it occurred on two of the participating campuses U C L A and George Washington University Extensive multidisciplinary faculty development syllabi are provided A A A Section Two contains 37 transformed undergraduate course syllabi for courses in sociology American history and literature and more with brief essays describing professors encounters with teaching the new texts Section Three is an invaluable interdisciplinary guide to teaching about Puerto Rican women prepared by a team of scholars at SUNY Albany It provided information about Puerto Rican women inside and outside Puerto Rico as well as teaching strategies for integrating such information into the traditional curriculum A A A This volume shows that essential educational change to meet the diversity of U S students may be somewhat slower than one would wish and more difficult but it is complex challenging and intellectually exciting
