2,000 Miles on Foot: Walks Through Great Britain and France E. W. Fox, 1911. The author makes the journey on foot during the time when bicycles were a popular means of transportation and automobiles were just starting out. He provides many comparisons between what he sees and what he knows back home. Clearly, his intended audience are people who live in England and are familiar with the English countryside. Overall, he takes a cheerful tone in relating his memories of his journey. The stories are as much a travel through time as a journey on foot. Online review Google Books.
