Syria's Terrorist War on Lebanon and the Peace Process M. Deeb, 2003-07-03 This study demonstrates that Syria's role in the Middle East has been since 1974 an unabated terrorist war against all attempts to resolve peacefully the Arab Israeli conflict Marius Deeb provides evidence that Syria's role in Lebanon since 1975 has been to perpetuate the conflict among the various Lebanese communities in order to keep its domination of Lebanon **40 Km Into Lebanon** H. Thomas Davis, 1995-10 The wars fought between the Arab nations and the Israel have drawn the attention of military analysts for nearly five decades Tactical warfare as well as performance of modern weapons have been of particular interest Since the Israel was created in 1948 the weaponry on both Israeli and Arab sides has grown in quantity and sophistication and tactical doctrine on both sides has evolved as well The lessons to be learned from Israel's 1982 invasion of Lebanon point more particularly however to politics not military tactics or modern arms Chapters include Clausewitz and the philosophy of war and politics Bibliography Maps and tables *Politics and Government in Israel* Gregory S. Arabs & Israel For Beginners Ron David,2007-08-21 Arabs Israel For Beginners covers the Middle East from ancient times to the present tells the truth in plain English and is one of the few non scholarly books that is relentlessly fair

to both Jews and Arabs If you want to continue to believe fairy tales about Arabs in Israel don't touch this book it will surely be hazardous to your closed mind If you want the truth about 12 000 years of Middle Eastern History then *Arabs Israel For Beginners* is the perfect place to start Frank Maria Paul D. Garrett, Kathleen A. Purpura, 2007 An authorized biography of Frank Maria 1913 2001 a tough compassionate battler for peace and justice for all parties in the war torn Middle East Frank's lifetime service to God and nation are followed from his Depression era upbringing in Lowell MA through the beginnings of a promising career in labor management and political analysis As war breaks in 1967 however Frank abandons his best interests to concentrate his talents attention and energies on making Americans aware of the tragedy facts of the Holy Land Through the next several decades and repeated wars Frank dogs politicians religious leaders and journalists about rethinking the one sided approach to the Palestinian Israeli question which prevents peace Had they heeded this voice from the wilderness today's world would be far safer Reconceptualizing Deterrence Elli Lieberman, 2013 This book offers a reconceptualisation of conventional deterrence theory and applies it to enduring rivalries in the Middle East The work argues that many of the problems encountered in the development of deterrence theory lay in the fact that it was developed during the Cold War when the immediate problem it had to address was how to prevent catastrophic nuclear wars The logic of nuclear deterrence compelled a preoccupation with the problem of stability over credibility however because the logic of conventional deterrence is different the solution of the tension between credibility and stability is achieved by deference to credibility due to the requirements of reputation and costly signaling This book aims to narrow the gap between theory and evidence It explores how a reconceptualization of the theory as a process that culminates in the internalization of deterrence within enduring rivalries is better suited to account for its final success a finding that has eluded deterrence theorists for long This interdisciplinary book will be of much interest to students of deterrence theory strategic studies international security Middle Eastern studies and IR in general *Persuasions and Prejudices* Irving Horowitz, 2017-07-05 Review essays and statements written for special occasions may reveal as much about the writer as those written about this is the presumption undergirding this collection of thirty five years of criticism and commentary by Irving Louis Horowitz For this volume he selected his comments on famous near famous and infamous sociologists political scientists and assorted literary figures in between Taken as a whole this volume will surprise and delight readers who are acquainted with Horowitz's other works as well as those who are interested in the people he writes about The book covers notable social scientists from Arendt to Zetterberg and such major figures in between as Becker Bell de Jouvenel Mills Parsons Solzhenitsyn and more than eighty others who have had an effect on the contemporary social and political landscape Each is critically examined sometimes positively other times negatively Horowitz was a major figure in his own right and his writing here displays the kind of refreshing frankness experts will expect and the general reader will appreciate The underlying assumption behind the volume giving its disparate parts a unified characteristic is that together these observations on others amount to a general

perspective on social science held by the author Whether his larger ambition is accepted or disputed there is no doubt that the volume provides a standard against which to measure the literary quality of writing in the world of professional social research

The Palestine Question Henry Cattan, 2022-10-10 First published in 1988 The Palestine Question presents the highlights of the Palestine issue in a succinct objective and well documented manner The author reveals a fundamental fact which has apparently been overlooked namely that the conflict is not restricted to the territories seized by Israel in 1967 that is the West bank and the Gaza Strip which represent 20% of Palestine but concerns an area five times greater that is the whole territory of Palestine as well as the fate of more than 5 million Palestinians The author has done what has not been done before he offers judicious peace plan based on right and justice for the intractable Arab Israeli conflict and its root cause the Palestine problem This book constitutes an indispensable reference work and essential reading for all who are concerned with Middle East and world peace

Zionism and the State of Israel The Rev Dr Michael Prior Cm, Michael Prior, 2005-08-12 Zionism and the State of Israel provides a topical and controversial analysis of the development of Zionism and the recent history and politics of Israel This thought provoking study examines the ways in which the Bible has been used to legitimize the implementation of the ideological and political programme of Zionism and the consequences this has had An Army Like No Other Haim Bresheeth-Zabner, 2020-08-25 The Israeli army officially named the Israel Defence Forces IDF was established in 1948 by David Ben Gurion Israel's first prime minister who believed that the whole nation is the army In his mind the IDF was to be an army like no other It was the instrument that might transform a diverse population into a new people Since the foundation of Israel therefore the IDF has been the largest richest and most influential institution in Israel's Jewish society and is the nursery of its social economic and political ruling class In this fascinating history Bresheeth charts the evolution of the IDF from the Nakba to wars in Egypt Lebanon Iraq and the continued assaults upon Gaza and shows that the state of Israel has been formed out of its wars He also gives an account of his own experiences as a young conscript during the 1967 war He argues that the army is embedded in all aspects of daily life and identity And that we should not merely see it as a fighting force enjoying an international reputation but as the central ideological political and financial institution of Israeli society As a consequence we have to reconsider our assumptions on what any kind of peace might look like
