New, 2014-01-10 Today the United States is plagued with cultural and political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God's chosen nation it is not surprising that religion constitutes the basis of today's dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and William Jennings Bryan to David Koresh and Jim Jones Beneath a Single Moon Kent Johnson, Craig Paulenich, 2001-05-01 Beneath a Single Moon is an extraordinary collection of the work of forty five contemporary American poets with over 250 poems and thirty essays on the influence of spiritual practice on the practice of poetry Included are works by John Cage Diane di Prima Allen Ginsberg Jane Hirshfield Andrew Schelling Gary Snyder Anne Waldman and others Contemporary Authors ,2005 **Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c** ,1848 **Takomiad** Surazeus Astarius, 2017-09-24 Takomiad of Surazeus Goddess of Takoma presents 125 667 lines of verse in 2 590 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 1984 to 1992 **Contemporary Readings in Child Psychology** Eileen Mavis Hetherington, Ross D. Beyond Words Wendy Harding, Jacky Martin, 2009-03-26 This is a book about reading or rather about the moment when the usual frames of interpretation no longer apply That is where the Othering Excursion begins Through disruptive forms of rhetoric writers discard the structures and norms of the cultural system and use the disorders thus created to suggest what lies beyond it Cultivating distortion conceptual blocks and chaotic constructions their texts flout normal processes of interpretation Whereas traditional approaches often overlook these disorders or treat them as a form of informational noise in this study they become the basis of critical reflection Harding and Martin elaborate a critical concept and a range of reading methods to deal with what seem to be zones of obscurity in literary texts Cutting across boundaries of race ethnicity and gender they treat a wide range of poetry and short fiction that challenges traditional interpretations Giving new readings of canonical texts the book examines works by American authors that are widely read and taught like Elizabeth Bishop A R Ammons Don DeLillo Leslie Marmon Silko or Sandra Cisneros At the same time it includes studies of emerging writers like Kate Braverman Dan Chaon or Chase Twichell There is something deeply moving in witnessing the birth of a new concept And indeed Wendy Harding and Jacky Martin's concept of Othering is

a welcome addition to an already crowded field where concepts like difference alterity or hybridity are firmly established But the new concept is more than an addition it is more in the nature of a substitution as it aims to replace the now exhausted concepts allows the authors to avoid the trivialities of a criticism based on gender and race and by focusing on form and language or style to recapture the now largely lost intuitions of close reading This combination of close reading and a firm grasp of theory is one of the attractions of the book I am impressed by their mastery of the intricacies of theory and the range of their literary corpus in terms both of genres and texts I have no doubt that their book will be a major contribution to the renewal of the study of contemporary American literature Professor Jean Jacques Lecercle University of Nanterre Paris In *Beyond Words* Wendy Harding and Jacky Martin offer a new attitude to reading that approaches true diversity by ignoring trends toward traditional groupings of authors by race and gender and instead examining democratically recent American literature in terms of its unique and peculiar achievements In choosing texts that employ the rhetoric of the inexpressible the authors have identified Othering as the common thread running through short fiction and poetry by authors as varied as Allen Ginsberg Raymond Carver Sandra Cisneros Adrienne Rich and Li Young Lee In transliterating the language of the ineffable and unspoken *Beyond Words* employs its superbly original methodology toward unfolding previously inaccessible layers of meaning and provoking a fuller understanding of the creative process and its cultural milieu Michael Waters Professor of English at Salisbury University USA A germinal study from an other in this case European perspective of an at once idiosyncratic and indicative range of American texts with a view of how they themselves encounter the unexamined and unexpected Marilyn Hacker Professor at City College of New York and CUNY Graduate Center Invigorating and original *Beyond Words* The Othering Excursion in Contemporary American Literature challenges conventional ways of approaching literary texts Eschewing binaries Wendy Harding and Jacky Martin propose a new approach to reading and analyzing the heterogeneity of recent American literature By juxtaposing both well known and less familiar poetry and short fiction by authors as various as Gayl Jones John Ashbery Russell Banks and Marilyn Nelson Harding and Martin consider a stimulating variety of texts that cross aesthetic generic canonical and political boundaries Harding and Martin s polysemous approach to literary texts a procedure they call othering is groundbreaking and enlightening *Beyond Words* provides rich insights for scholars and general readers alike Harding and Martin s new mapping of American literature is a remarkable achievement certain to provoke dialogue for decades to come Sue Standing Jane Ruby Professor of English Wheaton College Norton Massachusetts In this new book with the apt title *Beyond Words* the Othering Excursion in Contemporary American Literature Wendy Harding and Jacky Martin promise to generate intense conversation about their conceptual approach to reading canonical as well as newer texts in late twentieth century American literature *Beyond Words* favors a shift in thinking about all texts that defy conventional analysis and it resists the cleavages that it finds in unsatisfactory terms like alterity and hybridity conceived to account for differences in gender racial ethnic and class contexts Re conceiving Othering

as a corroborative and complementary methodology rather than a splintered one *Beyond Words* invites an illuminating comprehensive analysis of literary production in late twentieth century American texts Helena Woodard Associate Professor of English Department of English University of Texas at Austin USA
