human spaceflight In addition to examining contemporary psychological research several of the essays also explicitly address the history of the psychology of space exploration Leading contributors to the field place the latest theories and empirical findings in historical context by exploring changes in space missions over the past half century as well as reviewing developments in the psychological sciences during the same period The essays are innovative in their approaches and conclusions providing novel insights for behavioral researchers and historians alike *The Lookout, from the Denver Public Library* Denver Public Library, 1927 *Home and School Visitor*, 1924 College Success for Students of Color Francisco A.
