Loose Cannons:

Managing Business Ethics Linda K. Trevino, Katherine A. Nelson, 2010-08-23 While most business ethics texts focus exclusively on individual decision making what should an individual do this resource presents the whole business ethics story Highly realistic readable and down to earth it moves from the individual to the managerial to the organizational level focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior The new Fifth Edition is the perfect text for students entering the workplace those seeking to become professionals in training communications compliance in addition to chief ethics officers corporate counsel heads of human resources and senior executives

Loose cannons (Motion picture) ,1990 *Streetbike Extreme* Mike Seate, 2002 Traces the history of extreme street biking from its earliest years with outlaws like Evel Knievel attempting dangerous antics through the rise of today's most daring performers and the arrival of stunt riding as a true sport

Advances in Organizational Justice Jerald Greenberg, 2002-03-01 This is a state of the science book about organizational justice which is the study of people's perception of fairness in organizations The volume's contributors all acknowledged leaders in this burgeoning field present new theoretical positions clarify existing paradigms and identify future areas of application The first chapter provides a comprehensive framework that integrates and synthesizes key concepts in the field distributive justice procedural justice and retributive justice The second chapter is a full theoretical analysis of how people use fairness judgments as means of guiding their reactions to organizations and their authorities The subsequent two chapters examine the conceptual interrelationships between various forms of organizational justice First we are given a definitive review and analysis of interactional justice that critically assesses the evidence bearing on its validity The next chapter argues that previous research has underemphasized important similarities between distributive and procedural justice and suggests new research directions for establishing these similarities The three following chapters focus on the social and interpersonal antecedents of justice judgments the influence that expectations of justice and injustice can have on work related attitudes and behavior the construction of a model of the determinants and consequences of normative beliefs about justice in organizations that emphasizes the role of cross cultural norms and the potential impact of diversity and multiculturalism on the viability of organizations The book's final chapter identifies seven canons of organizational justice and warns that in the absence of additional conceptual refinement these canons may operate as loose cannons that threaten the existence of justice as a viable construct in the organizational sciences

lag between world structures that favor increased multinational peacekeeping forces and individual nations that supply token resources to support such efforts This volume provides a sophisticated and thought provoking perspective on the future role of the military in the coming decades It is sure to enrich the vigorous debate surrounding these issues The Good Life Chronicles D. J. Blue,2005-02 The Good Life was a publication that was sent out on a semi regular basis to a small group of friends colleagues subscribers beginning in November 1993 and concluding in September 2002 This book is a compilation of those issues The subject material is varied and diverse the bulk of it is a recounting of real life experiences both mundane and dramatic frequently analyzed from sociological philosophical psychological and humanistic perspectives It also includes commentary on sociological issues as well as topical commentary on the events of the day the O J Simpson trial the death of Princess Diana and September 11 2001 Sports topics of the day are discussed and a smattering of poetry is also included as well as reader commentary It is an open minded and multi faceted book unlike any other you have read or will read

Breaking the Fear Barrier Tom Rieger,2011-08-23 This book takes the reader through a journey of how fear of loss progressively creates barriers and bureaucracy that inevitably cause companies to fail and what leaders need to do to overcome these seemingly impenetrable walls The greatest threat to an organization s success is not always the competition Often it is what a company does to itself Because of fear companies become plagued with barriers and bureaucracy that limit success crush employees and infuse frustration and a sense of futility across the enterprise It starts with a narrowing of focus which leads to the first level of bureaucracy parochialism Parochialism exists when managers and departments begin to view the world through the filter of their own little silo and build walls made of rules and policies to protect their turf As businesses grow and become more complex the second level of bureaucracy is reached territorialism While parochialism is about protecting a department from outsiders territorialism is about controlling those inside the silo The third and final level of bureaucracy is empire building which is a response to perceived threats to a department s ability to be self sufficient These barriers cost organizations a fortune in inefficiency turnover waste and demoralization Tearing down these barriers is difficult but it can be done Parochialism can be eliminated by resetting rules and policies and refocusing on the ultimate mission of the organization Territorialism can be eliminated by creating true empowerment along with appropriate levels of accountability Empire building can be addressed through shared goals and a set of guiding principles that help act as a referee in decision making But that s not enough Managers must also create a culture of courage to enable employees to take advantage of these new freedoms and accountabilities Courage killers must be rooted out and dealt with swiftly and strongly Finally leaders must refocus on mission success rather than just checking off their part of the process manage reference points and engage employees By doing all these things an organization can become fearless and unstoppable Along the Domestic-Foreign Frontier James N. Rosenau,1997-06-28 James Rosenau explores the enormous changes in both national and international political systems which are currently transforming world affairs New York Magazine ,1990-02-12 New

Loose Cannons Introduction

In the digital age, access to information has become easier than ever before. The ability to download Loose Cannons has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Loose Cannons has opened up a world of possibilities. Downloading Loose Cannons provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Loose Cannons has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Loose Cannons. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Loose Cannons. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Loose Cannons, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Loose Cannons has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
