Practice Your Spanish! #4: Unlock the Power of Spanish Fluency Sam Fuentes, Book 4 in the series New sections for books 3 and 4 include multiple choice questions in each unit which test both grammatical knowledge and vocabulary Also the long texts at the end of each unit are all taken from one very long article which is given in full at the end of the book This book is not for beginners It is for intermediate learners of Spanish who want to improve their Spanish as well as advanced learners who are looking to brush up on their language skills The idea is to master Spanish through reading and with this in mind the book contains lots and lots of parallel texts bilingual Spanish English to practice reading comprehension plus exercises to translate single sentences from English into Spanish This is a dual language book and everything is in Spanish AND English so exercises are useful to readers of different levels of ability in Spanish However the book is aimed primarily at high school and college students of Spanish those taking Spanish SATs ACT or PSAT NMSQT tests or anyone else who has already acquired a working knowledge of the language including advanced learners They say practice makes perfect Practice your Spanish allows you to do just that and is the most effective way to learn and improve your Spanish There are five units in the book each one offering a mixture of single sentences and longer texts Every example of Spanish is followed usually on the next page by a translation into English This allows readers to click through as much material as they want even if it s just a sentence or two at a time You will always be understanding Spanish as you go and the dual language format makes this an ideal self study resource This book is not a textbook and contains no grammar exercises It is an additional way of helping learners of Spanish improve their language skills However the texts themselves contain a wide variety of grammatical structures tenses and set expressions in Spanish The vocabulary is also rich and varied containing all the most useful Spanish words But don t worry if you don t understand everything a full translation into English is just one click away A note on the translations we have tried to provide good straightforward translations of all material in this book But remember that there are potentially many ways of translating any sentence **Los premios Ignotus 1991-2000** VV.AA., 2015-04-01 Desde 1991

Jerónimo Antonio Gil and the Idea of the Spanish Enlightenment Kelly Donahue-Wallace, 2017-02-15 Examining the career of a largely unstudied eighteenth century engraver, this book establishes Jerónimo Antonio Gil as a man immersed within the complicated culture and politics of the Spanish empire as a major figure in the history of both Spanish and Mexican art. Donahue-Wallace examines Gil as an artist tracing his education, entry into professional life, appointment to the Mexico City mint and foundation of the Royal Academy of the Three Noble Arts of San Carlos. She analyzes the archival and visual materials he left behind and most importantly she considers the ideas, philosophies and principles of his era, those who espoused them and how Gil responded to them. Although frustrated by resistance from the faculty and colleagues, he brought to his academy Gil would leave a lasting influence on the Mexican art scene as local artists continued to benefit from his legacy at the Mexican academy.
