Lost Jews:

The Lost Jews Louis Rapoport,1980 Lost Jews Emma Klein,2016-07-27 Against a background of continuing erosion of Jewish numbers the book investigates the many facets of Jewish identity by throwing the spotlight on people of part Jewish descent on born Jews on the fringes of Jewish life and those who have sought alternative affiliations Emma Klein also calls for a response from religious and lay leaders to parochial communal attitudes and the anomaly of the definition of Jewish status in Jewish law which may be seen to contribute to the erosion Dahomey and the Lost Jews George Amoako,2017-04-26 This is story of Tarma and Elemelech journeys from yerusalem to Ethiopia after the Jewish civil war during the time of King David and their subsequent jouneys from Ethiopia to Benin Site of Amnesia: The Lost Historical Consciousness of Mizrahi Jewry Yvonne Kozlovsky Golan,2019-03-25 This study deepens our historical understanding of the North African Jewish and Middle Eastern Jewish experience during WWII which is often under or mis represented by the media in Israel the Arab world France and Italy Public historical and sociocultural discourse is examined to clarify whether these communities are accepted by the world as Holocaust survivors Further it determines the extent to which their wartime history is revealed to Israeli society in its cultural performances Importantly this work addresses the reasons why the Holocaust of North African Jewry is absent from Israeli and world consciousness Finally the study contemplates the consequences of these phenomena for Israeli society as well as in the colonial countries of France and Italy In addition to using academic resources Golan captures this history from the margins by utilizing audio visual and artistic media in addition to evidence recorded on community heritage websites Facebook and other online social networks Golan s book demonstrates that there is a moral imperative to preserve and transmit these memories of persecution and discrimination David B Levy Touro College NYC Association of Jewish Libraries News and Reviews 1 2 2019 **Authentically Jewish** Stuart Z. Charmé,2022-08-12 This book analyzes the different conceptions of authenticity that are behind conflicts over who and what should be recognized as authentically Jewish Although the concept of authenticity has been around for several centuries it became a central focus for Jews since existentialist Jean Paul Sartre raised the question in the 1940s Building on the work of Sartre later Jewish thinkers philosophers anthropologists and cultural theorists the book offers a model of Jewish authenticity that seeks to balance history and tradition creative freedom and innovation and the importance of recognition among different groups within an increasingly multicultural Jewish community Author Stuart Z Charm explores how debates over authenticity and struggles for recognition are a key to understanding a wide range of controversies between Orthodox and liberal Jews Zionist and diaspora Jews white Jews and Jews of color as well as the status of intermarried and messianic Jews and the impact of Jewish genetics In addition it discusses how and when various cultural practices and traditions such as klezmer music Israeli folk dance Jewish yoga and meditation and others are recognized as authentically Jewish or not *Jews and Genes* Elliot N. Dorff,Laurie Zoloth,2015-03 Well aware of Jews having once been the victims of Nazi eugenics policies many Jews today have

an ambivalent attitude toward new genetics and are understandably wary of genetic forms of identity and intervention At the same time the Jewish tradition is strongly committed to medical research designed to prevent or cure diseases Jews and Genes explores this tension against the backdrop of various important developments in genetics and bioethics new advances in stem cell research genetic mapping identity testing and intervention and the role of religion and ethics in shaping public policy Jews and Genes brings together leaders in their fields from all walks of Judaism to explore these most timely and intriguing topics the intricacies of the genetic code and the wonders of life along with cutting edge science and the ethical issues it raises
