Old Men At The Zoo:

The Old Men at the Zoo Angus Wilson, 2009-01 Set in a near future the novel was first published in 1961 and is set in the period 1970-73 this is Angus Wilson's most allegorical novel about a doomed attempt to set up a reserve for wild animals. Simon Carter, secretary of the London Zoo, has accepted responsibility and power to the prejudice of his gifts as a naturalist. But power is more than just the complicated game played by the old men at the zoo in the satirical first half of this novel; it lies very near to violence and in the second half real life inexorably turns to fantasy, the fantasy of war. This tense and at times brutal story offers the healing relationship between man and the natural world as a solution for the power dilemma. **Old**

Men at the Zoo Angus Wilson, 1991-08-08 *Real Toads in Imaginary Gardens* Maureen Whitebrook, 1995 Maureen Whitebrook argues that literature through both its form and its content can expose and criticize liberal theory and point beyond it to a new political theory. She describes how literary political criticism might be done and demonstrates such criticism in four essays that expose the connections between specific political and literary texts. Fiction, Whitebrook concludes, does a better job than liberal political theory of examining the relationship between the individual and the State. **The**

Oxford Guide to Contemporary World Literature John Sturrock, 1997 opinion the Guide offers a discriminating and sometimes controversial view of a broad range of contemporary literatures. Four Contemporary Novels Kerry McSweeney, 1983-01-01 Four Contemporary Novelists offer accounts of the fiction of Angus Wilson, Brian Moore, John Fowles, and V. S. Naipaul. The author has charted the development of each writer, identified dominant themes, controlling techniques, and informing sensibility, explained what each has tried to accomplish, and compared theory to practice, provided an appropriate context for appreciation and evaluation of all parts of each canon, and made qualitative discriminations.

Beyond Pug's Tour, 2022-06-08 At a time when the world, Europe especially, is once more threatened by murderous conflicts between groups of people claiming ethnic and national identity as a basis for sovereignty over specific territories, it is timely to consider the part that literature has played and is playing in the creation of ethnic and national stereotypes. What role do such stereotypes have in literature? How are they created? From what materials are they constructed? What purpose do ethnic and national stereotypes serve? Can it ever be a useful one? Are they avoidable? Can we live without them? What can be done about the deleterious effects they may be thought to produce? Stereotyping is worldwide; is there a tribe, race, and nation in existence which escapes being stereotyped by its neighbours? In what sense are these stereotypes accurate? How are these stereotypes reflected in and reinforced by literature? Should and can literature do anything about them? In *Beyond Pug's Tour: National and Ethnic Stereotyping in Theory and Literary Practice*, literary scholars as well as academics engaged in sociological and psychological research consider these and other questions by examining the work of specific authors and the circumstances in which stereotyping plays such a crucial part. *Britain in Europe*, 2024-11-25 **American Zoo** David Grazian, 2017-12-05 A close-up look at the contradictions and wonders of the modern zoo. fire hoses Giraffes feast on celebratory birthday cakes topped with carrots instead of candles Hi tech dinosaur robots growl among steel trees while owls watch animated cartoons on old television sets In *American Zoo* sociologist David Grazian takes us on a safari through the contemporary zoo alive with its many contradictions and strange wonders Trading in his tweed jacket for a zoo uniform and a pair of muddy work boots Grazian introduces us to zookeepers and animal rights activists parents and toddlers and the other human primates that make up the zoo's social world He shows that in a major shift away from their unfortunate pasts American zoos today emphasize naturalistic exhibits teeming with lush and immersive landscapes breeding programs for endangered animals and enrichment activities for their captive creatures In doing so zoos blur the imaginary boundaries we regularly use to separate culture from nature humans from animals and civilization from the wild At the same time zoos manage a wilderness of competing priorities animal care education scientific research and recreation all while attempting to serve as centers for conservation in the wake of the current environmental and climate change crisis The world of the zoo reflects how we project our own prejudices and desires onto the animal kingdom and invest nature with meaning and sentiment A revealing portrayal of comic animals delighted children and feisty zookeepers *American Zoo* is a remarkable close up exploration of a classic cultural attraction
