Parental And Maternity Leave Policies In Canada And Sweden:

Parental and Maternity Leave Policies in Canada and Sweden Laurie Schwartz, 1988 Sweden and Canada provide two significantly different maternity and parental leave programs Sweden's Parental Leave program is comprehensive and progressive covering all eligible individuals and enjoying an extremely high utilization rate Canada's Maternity Leave program in contrast does not share the Swedish success only about half the women who bear children each year collect maternity benefits The fundamental difference between Sweden's and Canada's maternity and parental leave programs stems from the underlying philosophies behind their respective policies This study examines and compares the current programs in place in Sweden and Canada and extracts potential lessons that can be learned for Canada from the Swedish Parental Leave program

Women's Organizing and Public Policy in Canada and Sweden Linda Briskin, Mona Eliasson, 1999 Briskin and Eliasson professors of social science York U Canada and professor at the Center for Feminist Research Uppsala U Sweden respectively explore women's organizing and public policy in two northern welfare states Canada and Sweden They evaluate the constraints and possibilities provided by the institutional political and discursive contexts in both countries through analysis and comparison of key areas of public policy and the strategic interventions organized by women to challenge and reconstruct these policies The volume's three sections address domestic policy vehicles for organizing and challenges to the boundaries of nation through the EU and NAFTA Annotation copyrighted by Book News Inc Portland OR

Canadian Family Policies Maureen Baker, 1995-01-01 With poverty unemployment and one parent families on the rise in most Western democracies government assistance presents an increasingly urgent and complex problem This is the first study to explore Canada's family policies in an international context Maureen Baker looks at the successes and failures of social programs in other countries in search of solutions that might work in Canada Baker has chosen seven industrialized countries for her comparative study Australia France Germany The Netherlands Sweden the United Kingdom and the United States These countries experience social and economic strains similar to those felt in Canada and though they share certain policy solutions major differences in policy remain Baker considers which of the policies in these countries are most effective in reducing poverty enhancing family life and improving the status of women then applies her findings to the Canadian situation Bringing together research and statistics from the fields of demography political science economics sociology women's studies and social policy this rich multidisciplinary study provides a unique resource for anyone interested in Canadian family policy

Canada, Finland, Sweden and the United Kingdom OECD, 2005-05-27 This study part of a series on OECD countries considers how a tax benefit and childcare policies and workplace practices help determine parental labour market outcomes and may impinge on family formation in Canada Finland Sweden and the UK *Family Change and Family Policies in Great Britain, Canada, New Zealand, and the United States* Sheila B. Kamerman, Alfred J. Kahn, 1997 This is the first volume in a series reporting on the evolution of family policies in twenty Western welfare states and comparing current provisions The developments are presented in the context of a report on family change for each of the countries and with a view of the economic political and institutional contexts in which they occurred Each of the country reports in the present volume has been prepared as a team collaboration by internationally recognized experts The co editors have prepared an analytic introduction which discussed the methodology for the series as well as the hypotheses that emerge from these first case studies The topics include family formation and current structural patterns families and the division of labour the income of families earnings taxation transfer programmes as well as the political and institutional context for family policy An extensive bibliography is provided About the series A series of country studies and comparative analyses examining major changes in the family and the broad specturm of family policies in Western industrial society in the second half of the twentieth century Vol 2 The Consociational Democracies Belgium Switzerland and the Netherlands Vol 3 France and Southern Europe Vol 4 Capitalist and Socialist Central Europe Austria the Germanies Hungary and Poland Vol 5 The Scandinavian Welfare States Vol 6 Family Industrial Society and the Welfare State in the West Early Variations and Long Term Developments in Comparative Perspective Vol 7 Family Policies in the West Since World War II A Cross National Analysis Family Policy Matters Karen Bogenschneider, 2024-02-23 This new edition captures the evolving post pandemic landscape of family policy the transformational changes that have occurred within contemporary families and the social economic and racial ethnic disparities that have grown across families The book draws on policies from around the globe to make an evidence based case for family policy and its contributions to families and to society Bogenschneider tackles a significant challenge of our times the polarization of politics including why it occurs and how professionals can bridge the divide Beyond the basics the

book provides best practices for turning analysis into action by drawing on cutting edge research and a point of view often overlooked in policy books the voice of policymakers themselves Imbued with hope yet fundamentally realistic Bogenschneider applies a relationship based and strikingly nonpartisan approach for those who want to make a positive difference for families whether they engage local policymakers in towns cities and counties state national lawmakers or decision makers in businesses nonprofits and philanthropy Accompanied by updated web based teaching materials and a family impact toolkit this is core reading for undergraduate and or graduate courses in family or social policy taught in human development and family studies psychology counseling social work sociology public policy political science and education It is also essential reading for professionals and policymakers interested in pursuing better public policy for families in all their diversity across the lifespan *Employee Benefits Survey* Michael Alton Miller,1990 Reprints selected articles from the Monthly Labor Review that were published between 1982 and 1990 **Work Time** Cynthia L.

Negrey,2013-04-23 *Work Time* is a sociological overview of a complex web of relations that shapes much of our experience of work and life yet often goes without critical examination Cynthia Negrey examines work time past and present exploring structural economic change and the gender division of labor to ask what are the historical cultural public policy and business sources of current work time practices Topics addressed include work time reduction in the US culminating in the 40 hour statute of 1938 recent trends in annual and weekly hours overtime part time work temporary employment work family integration and international comparisons She focuses on the US in a global context and explores how a new political economy of work time is taking shape This book brings together existing knowledge from sociology anthropology history labor economics and family studies to answer its central question and will change the way upper level students think about the time we devote to work **International Migration Outlook 2023** OECD,2023-10-23 The 2023 edition of

International Migration Outlook analyses recent developments in migration movements and the labour market inclusion of immigrants in OECD countries This edition includes two special chapters on the labour market integration of migrant mothers and on fertility patterns among migrant populations in OECD countries **Child Care Choices** Edward

Zigler,Mary E. Lang,1991 Our overloaded child care system is failing children and families The authors explain what children of different ages and their families need and what kinds of programs are necessary in light of current social and economic realities **Gendering the Nation-State** Yasmeen Abu-Laban,2009-01-01 Serious study of social and political life must

attend to gender as a category of analysis *Gendering the Nation State* explores the gendered dimensions of a fundamental organizational unit in social and political science the nation state Yasmeen Abu Laban has drawn together work by both high profile and emerging scholars to rescue gender from the margins of theoretical discussions on the nation the state public policy and citizenship Contributors bring the insights of feminist analysis to bear on three relationships central to popular and policy discussions in contemporary Canada and beyond gender and nation gender and state processes and gender and

citizenship Gendering the Nation State employs a comparative framework and builds on three decades of multidisciplinary work Nuanced and wide ranging the collection crosses and challenges physical theoretical and disciplinary borders It will appeal to scholars in political science gender studies and sociology **Encyclopedia of Women and American Politics**

Lynne E. Ford,2010-05-12 Presents a comprehensive reference to the role of women in American politics and government including biographies related topics organizations primary documents and significant court cases **Handbook on**

Well-Being of Working Women Mary L. Connerley,Jiyun Wu,2015-07-27 This handbook provides an overview and synthesis of relevant literature related to the issue of the well being of working women This focus addresses a gap that currently exists in the quality of life and well being fields The work of the authors answers the following broad questions Does gender matter in the well being of working women Do prejudices against and stereotypes of women still play a role in inter personal interactions in the workplace that could hinder women from flourishing professionally Does the organizational context such as organizational culture reward systems and leadership contribute to the well being of working women What impact does the national context have on the well being of working women And finally how can public policies help enhance the well being of working women These are important issues for academics researchers and graduate students interested in gender issues in the fields of management sociology psychology social psychology economics and quality of life studies Policy makers and practitioners will also find this book beneficial Equitable treatment and outcomes for all regardless of gender remains a challenging goal to achieve with various barriers in different contexts and different cultures and this book provides strong coverage of this important topic of well being of working women **Canadian Social Policy** Anne Westhues,Brian

Wharf,2012-05-25 Social policy shapes the daily lives of every Canadian citizen and should reflect the beliefs of a majority of Canadians on just approaches to the promotion of health safety and well being Too often those on the front lines social workers nurses and teachers observe that policies do not work well for the most vulnerable groups in society In the first part of this new edition of Canadian Social Policy Westhues and Wharf argue that service deliverers have discretion in how policies are implemented and the exercise of this discretion is how citizens experience policy whether or not it is fair and reasonable They show the reader how social policy is made and they encourage active citizenship to produce policies that are more socially just New material includes an examination of the reproduction of systemic racism through the implementation of human rights policy and a comparative analysis of the policy making process in Quebec and English Canada The second part of the book discusses policy issues currently under debate in Canada Included are new chapters that explore parental leave policies and housing as a determinant of health All chapters contain newly updated statistical data and research and policy analysis A reworked section on the process of policy making and the addition of questions for critical reflection enhance the suitability of the book as a core resource in social policy courses The final chapter explores how front line workers in the human services can advocate for change in organizational policies that will benefit the people supported
