Tales for a Winter's Night Arthur Conan Doyle, 2005-08-01 This work brings together eight Arthur Conan Doyle mystery classics When first gathered into one volume in 1908 the book was entitled Round the Fire Stories since the author recommended that they be read ideally round the fire upon a winter's night According to Barzun Taylor in A Catalogue of Crime As one reads The Man with the Watches The Lost Special The Jew's Breastplate The Black Doctor and the rest one marvels again at Doyle's natural gift of storytelling and one relishes his ingrained habit of giving clues even when they serve narrative and are not to be used for ratiocination These stories are worth reading even around a radiator
