For over a hundred and fifty years the Cherokee Indians have been recording their medico magical traditions in the native script of the Sequoyah syllabary These shamanistic texts known as *idi gawe sdi* deal with such esoteric matters as divining the future protecting oneself from enemies living and dead destroying the power of witches and purifying one's soul from all forms of supernatural harm As one of the few scholars able to translate the discourse Kilpatrick's work underlines the critical role of transformational language in the ritual performance
