Saha,1995-12-31 You may call them grandmothers remedies but these are better than the doctors dopes These ate the remedies provided by nature and they are very potent and a harmless So fo to your kitchen and you will find the remedy      The Complete Raw Juice Therapy Susan E. Charmine,1983      *The Complete Raw Juice Therapy* Dennis PEPPER,1989      **Juice Therapy** Bulus Liviu,2019-12-02 Juice therapy is a naturist practice from the larger family of practices which include phytotherapy apitherapy homeopathy heliotherapy and others It appeared and developed as one of the major remedies against aging which is caused by the accumulation of toxins and by the forming of free radicals It nourishes the body with vitamins and fresh enzymes The natural juices made out of fresh vegetables and fruit are life drinks with extraordinary effects upon our health upon our general energy level and upon our longevity Juice therapy had attracted a lot of attention especially after the major discovery of the vitamins by the Polish biochemist Casimir Funk He established their major importance in the catalysation of nutrition of absorption and of digestion therefore they hold a major role in our general metabolism processes Vitamins cannot be synthesised by our bodies Their main source is the vegetal world and they can be obtained out of cereals fruit legumes raw vegetables Juice therapy has an important contribution to the diversification and enriching of our nourishment as it brings more energy into our body both in a healthy body and in a sick one is an alternative to the classical vegetarian diet based on raw foods because the juices have a higher concentration of vitamins enzymes minerals and antioxidants which are the essential life factors The aim of this book is to help you understand how to use the fruit and vegetables juices and to understand how they can maintain your health and heal your illnesses      Fruit and Vegetable Juice Therapy N. vegetables especially if you are feeling fatigued and disinterested in food Modern day medicine is focused on treating the symptoms of disease with suppressive drugs Sometimes this is necessary when a disease is very aggressive and acute in onset however raw juice therapy is something that should always be used even in conjunction with drug use I have seen many of my patients recover from chronic disease after they started juicing and this has been after they have tried many other things People of all ages can benefit from juicing especially the very young and old or those with serious disease such as cancer immune dysfunction and liver problems
