**Esoteric Psychology and the Science of the Rays and Chakras of God:A Compilation** Joshua Stone,2001-09-12

This book is a most wonderful compilation of the psychological science of the Seven Rays and Chakras from all the best chapters in my 40 volume Ascension Book Series The esoteric science of the Rays and Chakras may be the single most important understanding in the entire field of psychology and is totally not understood in the world today This book contains the most cutting edge information you will find on this entire planet on this subject It is explained in a very easy to understand and practical manner and is guaranteed to completely revolutionize your understanding of self God and Spiritual and Soul Psychology Absolutely Spiritually electrifying reading Must reading for all Spiritual Seekers at all levels of understanding and self mastery     *The Rays and Esoteric Psychology* Zachary F. Lansdowne,1989 The seven rays discussed by Alice Bailey provide a typology a way of classifying people in terms of the essential qualities of their souls In order to evolve along the spiritual path the author defines the characteristics of the seven rays     **Esoteric Psychology - The Seven Rays** Dr. Douglas M. Baker,2014-04-09 Esoteric Psychology The Seven Rays The knowledge of the Seven Rays provided by this book will prove of immense value to all who seek to understand human nature and to achieve enhanced self awareness and integration of personality in themselves and others This masterly written and illustrated manual is an absolutely essential starting and reference work for all those who finally respond in this lifetime to their Purpose and Inner Voice This book emphasises that all is energy and that Man is an energy unit affected from both without and within It demonstrates that Ray Psychology is essentially practical and shows how the qualities of these energies may be understood and embraced in human behaviour and today's language It is plain that psychology will play an ever increasing role in the development of new age consciousness Already today millions of people who would be regarded as laymen practise their own psychology in everyday life This tendency has been boosted by the general interest in astrology A glimpse into the future will show that the new psychology will be based on many emerging astrological factors Esoteric psychology takes into account not only hereditary and environment but draws also upon that massive third factor which is the psychic and spiritual nature of Mankind The effect of karma the influence of previous lives etc are major contributions to the behaviour of those who seek to tread the path towards spiritual enlightenment Esoteric Psychology is based on two major precepts Firstly there is a cosmic force conveying seven streams of energy into our solar system that affect the nature behaviour and evolution of all forms within the ring pass not of this system These streams are termed the Seven Rays Secondly spiritual qualities emerging from the immortal component of Man's structure affect his behaviour and modify the contributing factors of his hereditary equipment and the environment into which it is thrust     *A Treatise on the Seven Rays* Alice a. Bailey,2013-07 2013 Reprint of 1950 Third Edition Full facsimile of the original edition not reproduced with Optical Recognition Software Volume One Only The books of Alice A Bailey written in cooperation with a Tibetan teacher between 1919 and 1949 constitute a

continuation of the Ageless Wisdom a body of esoteric teaching handed down from ancient times in a form which is always suitable to each period Intended to precede and condition the coming era the Alice A Bailey writings offer an unparalleled spiritual approach to such subjects as the teaching on Shamballa and the Path of spiritual evolution the spiritual Hierarchy the new discipleship and training in meditation as a form of service the teaching on the seven rays and the new psychology of the soul the teaching on esoteric astrology and the new world religion which emphasizes the common thread of truth linking all the major world faiths Five volumes have been written under the overall title of A Treatise on the Seven Rays This sequence of books is based on the fact the nature and the quality of the seven basic streams of energy pervading our solar system our planet and all that lives and moves within its orbit Of the specialized subjects presented in these books two volumes are concerned with esoteric psychology the first in relation to basic energy patterns and structures the second particularly applied to the soul and the personality of man and to the working out of the Plan for humanity Psychology is defined in Webster s Dictionary as the science of mind at one time considered a branch of metaphysics Today we are more inclined to include all the conditioning subjective factors as psychological in nature mental and emotional impulses and soul contact to whatever degree it exists These subjective influences constitute the whole psychological background to a man s attitudes and behaviour and create the faculty of spiritual response The psyche is after all the human soul the centre of consciousness Esoteric psychology begins with a consideration of the human being as a soul manifesting in the form of a personality consisting of mental emotional and etheric physical substance and more or less in contact and control depending on the stage of evolution in the personality consciousness From the point of view of esoteric psychology evolution is the evolution of consciousness by which the imbedded fragment of the soul within the personality progressively identifies its spiritual source and becomes at one with it The seven differentiated streams of ray energy play a significant role in this evolutionary process A blend of five energies in a human being determine his goals his problems his available qualities and energy resources and the correct method by which according to his dominant ray influence he may unfold his consciousness and make spiritual progress In this volume of Esoteric Psychology many of these distinctive ray qualities and methods are given as quotations or interpretations of The Old Commentary put into poetic and symbolic words The seven rays are shown as the Seven Creative Builders each one imbued with purpose and power functioning together as a synthesis in occult obedience to the purposes of our Solar Logos Such a detailed and comprehensive study of the ray energies influencing our planetary life and all kingdoms in nature is of inestimable value to the aspirant consciously preparing himself to become of planetary service as he learns to serve and to unite with his fellowmen      *Balancing the Pairs of Opposites; The Seven Rays and Education; and Other Essays in Esoteric Psychology* Kurt Abraham,1993      *The Psychology of the Soul* Gunda Scholdt,2021-08-30 This book is an introduction to Spiritual Psychology It is an in depth and comprehensive presentation of the path of the soul and the true nature of the human being The special feature of the book is the synthetic view of the

different aspects of Ageless Wisdom such as the monad the soul the person ality the seven rays as soul archetypes the seven chakras the seven planes the initiation path of man but also the practice of spiritual therapy The book is clearly structured and has many visuals that introduce the readers to the complex subject of the Seven Rays to help them realise who they really are The book can be regarded as an introduction to the basics of esoteri cism It can also be treated as a textbook for people in psychological pedagogical counselling and healing professions who wish to expand their view of humanity and assist those who are seeking advice on their spiritual path of development     *Psychological Types and the Seven Rays* Kurt Abraham,1983     *Introduction to the Seven Rays* Kurt Abraham,1986     *Rays and Esoteric Psychology* Zachary F. Lansdowne,2002 Esoteric psychology as a tool for growth exploration of the soul integrating the soul the body the personality and the spirit     **Esoteric Psychology** Douglas Baker,1975     *Astrology and the Seven Rays* Bruno Huber,Louise Huber,2006 Linking astrology with the seven rays enables people to recognise their own deepest qualities According to the ageless wisdom the seven rays are cosmic streams of energy that pervade all life on earth Astrology and the Seven Rays introduces the psychological application of the rays giving insights that could not otherwise be obtained from the astrological chart Bruno Huber discovered a new method that can be used by both specialist and layman to determine the rays in the individual horoscope This enables you to find your own personal ray combination and those of others Astrology and the Seven Rays opens up a new approach to esoteric psychology and esoteric astrology and provides insight into the process of spiritual development Bruno and Louise Huber have taught a new dynamic direction of astrology for over thirty years reflected in their series of eight books on astrological psychology Their work was grounded in the esoteric teaching of Alice Bailey and in the psychosynthesis of Roberto Assagioli They are founders of the internationally known Swiss school of astrological psychology in Zurich The text is an edited transcript of an inspirational seminar given by the Hubers in England in 1998 supplemented with some new material It represents the fruit of a lifelong dedication to the synthesis of spiritual psychological and astrological understanding A ground breaking work for the new age     *A Treatise on the Seven Rays* Alice Anne LaTrobe-Bateman Bailey,1962     *A Treatise on the Seven Rays* Alice Anne LaTrobe-Bateman Bailey,1966     **A Treatise on the Seven Rays** Alice Bailey,1971     *Esoteric Psychology II* Alice A. Bailey,1979-06-12 The second volume of Esoteric Psychology deals exhaustively with the ray qualities controlling the life consciousness and appearance of a human being on the physical plane Every man in his totality is subject to the laws of evolution by which he proceeds from the One to the many and back to the One enriched by the experience of life in form and capable of contributing the results of that experience to the larger life which pervades him Because the process of evolution is one of expansion in consciousness towards the centre of the One Life an individual becomes increasingly identified with larger and larger areas of group consciousness with the family and community group with the nation with the world and with the one humanity with the soul and the ashramic group and ultimately with those centres of consciousness we identify as Hierarchy the planetary heart

inspiring the Plan and with Shamballa the planetary head centre of purpose will and intention This is a long process of discipleship growth and of service response to the requirements of the Plan and the needs of humanity to the disciple in training for world service learning to take his place within that subjectively united and organised group of disciples discussed in this volume as the new group of world servers Group consciousness is a major goal for every aspirant to discipleship The first part of the book dealing with the Egoic Ray includes sections on 1 The growth of soul influence 2 The seven laws of soul or group life 3 The five groups of souls and 4 Rules for inducing soul control While the second part of The Ray of the Personality contains detailed teaching on 1 The appropriation of the bodies 2 The coordination of the personality 3 Some problems of psychology and 4 Diseases and problems of disciples and mystics The final part of this volume on Humanity Today anchors these pervasive thoughts and energies within the world arena The world situation is viewed from the esoteric and Hierarchical angle and in relation to the requirements of the dawning new age of Aquarius world in order to create conditions in which peace can prosper and the Christ can reappear Supreme effort was made by the Hierarchy to avert the 1939 outbreak of war and to this end stimulating and evocative energies were literally forced into human consciousness through the agency of the new group of world servers The requirements of the Plan for humanity were held up as the vision without which the people perish Choosing to learn the hard way humanity is only now opening the eye of vision as the result of drastic experience Disciples and world servers therefore face a superlative opportunity today to equip themselves for service to the Plan to humanity and to Hierarchy by applying the psychology of the soul to every aspect of their life environment The books of Alice A Bailey written in cooperation with a Tibetan teacher between 1919 1949 constitute a continuation of the Ageless WisdomCa body of esoteric teaching handed down from ancient times in a form which is always suitable to each period Intended to precede and condition the coming era the Alice A the teaching on Shamballa and the Path of spiritual evolution the spiritual Hierarchy the new discipleship and training in meditation as a form of service the teaching on the seven rays and the new psychology of the soul the teaching on esoteric astrology and the new world religion which emphasizes the common thread of truth linking all the major world faiths     [A Treatise on the Seven Rays](#) Alice Anne LaTrobe-Bateman Bailey,1942     *A Treatise on the Seven Rays* Alice Anne LaTrobe-Bateman Bailey,1950     [Esoteric Psychology Vol. I](#) Alice A. Bailey,2006-01-01 The first two volumes of A Treatise on the Seven Rays go into the psychological make up of a human being as the life quality and appearance of an incarnating evolving spiritual entity They also relate the circumstance of a human psychology to world conditions and to future possibilities     **Esoteric Psychology** A.
