Re-Viewing British Cinema, 1900-1992 Wheeler W. Dixon, 1994-07-01 Re Viewing British Cinema 1900 1992 is a collection of essays on British cinema history and practice It offers both the casual reader and the film scholar a different view of British filmmaking during the past century Arranged in chronological order the book explores those areas of British cinema that have not been fully examined in other works and also offers fresh interpretations of a number of classic films From the work of Frederic Villiers the pioneering British newsreel cameraman who at the turn of the century brought home images of battlefield carnage to essays on the British B film and the long forgotten Independent Frame method of film production to new readings of classics such as *The Red Shoes* *Passport to Pimlico* and *Peeping Tom* the authors offer a look behind the scenes of the British film industry and engage the reader in some of the most compelling interpretational and historical issues of recent film history and critical theory In addition the volume contains a number of interviews with such key directors as Stephen Frears Terence Davies Wendy Toye and Lindsay Anderson and also pays particular attention to the work of early twentieth century British feminist filmmakers whose films have often been ignored by conventional film theory and history It also offers new material on the British film noir the English horror film and the pioneering gay director Brian Desmond Hurst Taken as a whole this book presents an entirely new series of viewpoints on British film practice theory and reception and affords a fresh and vibrant view of the British film medium *British Cinema, Past and Present* Justine Ashby, Andrew Higson, 2013-05-13 *British Cinema Past and Present* responds to the commercial and critical success of British film in the 1990s Providing a historical perspective to the contemporary resurgence of British cinema this unique anthology brings together leading international scholars to investigate the rich diversity of British film production from the early sound period of the 1930s to the present day The contributors address British Cinema Studies and the concept of national cinema the distribution and reception of British films in the US and Europe key genres movements and cycles of British cinema in the 1940s 50s and 60s questions of authorship and agency with case studies of individual studios stars producers and directors trends in British cinema from propaganda films of the Second World War to the New Wave and the Swinging London films of the Sixties the representation of marginalised communities in films such as *Trainspotting* and *The Full Monty* the evolution of social realism from *Saturday Night Sunday Morning* to *Nil By Mouth* changing approaches to Northern Ireland and the Troubles in films like *The Long Good Friday* and Alan Clarke's *Elephant* contemporary art and quality cinema from heritage drama to the work of Peter Greenaway Derek Jarman Terence Davies and Patrick Keiller **Seventies British Cinema** Robert Shail, 2019-07-25 *Seventies British Cinema* provides a comprehensive re evaluation of British film in the 1970s The decade has long been written off in critical discussions as a doldrums period in British cinema perhaps because the industry facing near economic collapse turned to unacceptable low culture genres such as sexploitation comedies or extreme horror The contributors to this new collection argue that 1970s cinema is ripe for reappraisal giving serious critical attention to

populist genre films they also consider the development of a British art cinema in the work of Derek Jarman and Peter Greenaway and the beginnings of an independent sector fostered by the BFI Production Board and producers like Don Boyd. A host of highly individual directors managed to produce interesting and cinematically innovative work against the odds from Nicolas Roeg to Ken Russell to Mike Hodges. As well as providing a historical and cinematic context for understanding Seventies cinema, the volume also features chapters addressing Hammer horror, the Carry On films, Bond films of the Roger Moore period, Jubilee and other films that responded to Punk rock, heritage cinema and case studies of key seventies films such as *The Wicker Man* and *Straw Dogs*. In all, the book provides the final missing piece in the rediscovery of British cinema's complex and protean history.

The new edition of *The British Cinema Book* has been thoroughly revised and updated to provide a comprehensive introduction to the major periods, genres, studios, film makers and debates in British cinema from the 1890s to the present. The book has five sections addressing debates and controversies: industry, genre and representation; British cinema 1895-1939; British cinema from World War II to the 1970s; and contemporary British cinema.
