Organizing and Managing Integrated Rural Development

George Honadle,1987

New Directions In Comparative Politics, Third Edition Howard Wiarda,2019-03-06 This text

sees the new diversity of approaches as healthy and invigorating The diversity in comparative politics over the past two decades has been reflected in prior editions of this book *Food Production And Rural Development In The Sahel* R. James Bingen,2019-03-04 In Mali and throughout the Sahel governments increasingly rely on parastatal organizations to overcome the problems of lagging food production and rural poverty This book examines the political and economic consequences of the efforts of one organization Operation Riz Segou in Mali to increase smallholder food and cash crop production Drawing extensively on fieldwork in Mali the author finds that significant investments in irrigation facilities financed by foreign aid have not reduced the smallholder s vulnerability to the risks posed by weather and uncertain flood levels of the Niger River The extension system discourages smallholder investment for long term agricultural development because of its preoccupation with supervision and administrative control Moreover the Operation engages in many popular rural development activities literacy programs farmer training women s artisanal centers that give the facade of grassroots participation but in reality do not provide villagers a critically needed voice in local program administration Comparing Operation Riz Segou to similar parastatal agricultural development programs in the Sahel Dr Bingen discusses why only those policies deliberately designed and carefully implemented to share power with the majority of the people can lay the political and economic foundation required to overcome rural poverty and resolve the food crisis in the Sahel **Markets**

and States in Tropical Africa Robert H. Bates,2014-04-12 Following independence most countries in Africa sought to develop but their governments pursued policies that actually undermined their rural economies Examining the origins of Africa s growth tragedy *Markets and States in Tropical Africa* has for decades shaped the thinking of practitioners and scholars alike Robert H Bates s analysis now faces a challenge however the revival of economic growth on the continent In this edition Bates provides a new preface and chapter that address the seeds of Africa s recovery and discuss the significance of the continent s success for the arguments of this classic work **Rural Development** Robert Chambers,2014-05-12

Rural poverty is often unseen or misperceived by outsiders Dr Chambers contends that researchers scientists administrators and fieldworkers rarely appreciate the richness and validity of rural people s knowledge or the hidden nature of rural poverty This is a challenging book for all concerned with rural development as practitioners academics students or researchers

Administrative Culture in Developing and Transitional Countries Ishtiaq Jamil,Steinar Askvik,Farhad Hossain,2016-03-17

The book explores theoretical methodological and empirical underpinnings of administrative culture as well as prospects and challenges associated with it in the context of and across developing and transitional countries Referring to dominant norms and values in public organizations administrative culture is about the attitudes and perceptions of public officials In many

countries civil servants are criticised for being corrupt incompetent unreliable and self centred Their attitudes norms and values and the way they act are in constant conflict with rule of law Recently the virtues of the Weberian model of bureaucracy have been reclaimed as an alternative to New Public Management NPM i e as a model which emphasizes impartiality rule following expertise and hierarchy rather than manipulation of incentive structures and market competition In particular it has been argued that a system of meritocratic recruitment and predictable long term careers increases the professional competence of the bureaucrats and fosters a culture of professionalism among them Still it is unclear how and under what conditions such a model can be adopted Among main hindrances seems to be established power structures and the existing political and societal culture which undermine the effective implementation of the Weberian model This book was published as a special issue of the International Journal of Public Administration

No Shortcuts to Progress Goran Hyden, Göran Hydén, 1983-01-01 Textbook proceeding to a comparison of political development and development administration in Africa examines the failure of capital flow technology transfer and development aid to bring about economic and social development emphasizes the need for decentralization revival of local government political participation promotion of nongovernmental organizations and local level institution building and an indigenous management development style considers the role of public enterprise References

inequality Poverty Conclusions and policy recommendations Public Policy And Administration In Africa Peter Koehn, 2019-09-16 Originally published in 1990 A look at the vast historically and socially complex nature of the Nigeria This book is intended to share what he has learned about public policy and administration in Africa over the past ten years This book is based upon a decade of research reflection and writing The field research period corresponds with the **Beyond Urban Bias** Ashutosh Varshney, 2014-02-04 First Published in 1993 This title sets out to spark debate and learn from the urban bias theory The author suggests that recent political economy research suggests that it is time to redefine the problem of urban bias Viewed as a collective engagement with the urban bias theory this volume presents the new research along with the responses of Bates and Lipton These studies do not add up to an alternative theory of why the state behaves the way it does towards the countryside They do however point to the factors that need careful attention in future research These papers can be seen as building blocks for the construction of an alternative theory of the state and agriculture Adopting Improved Farm Technology Rafael Celis, J. T. Milimo, Sudhir Wanmali, 1991 The physical institutional and policy environment The determinants and effects of technology adoption Determinants of other factors influencing technology adoption

Decentralizing Governance G. Shabbir Cheema, Dennis A. Rondinelli, 2007-08-01 The trend toward greater decentralization of governance activities now accepted as commonplace in the West has become a worldwide movement This international development largely a product of globalization and democratization is clearly one of the key factors reshaping economic political and social conditions throughout the world Rather than the top down centralized decisionmaking that characterized communist economies and Third World dictatorships in the twentieth century today s world demands flexibility adaptability and the autonomy to bring those qualities to bear In this thought provoking book the first in a new series on Innovations in Governance experts in government and public management trace the evolution and performance of decentralization concepts from the transfer of authority within government to the sharing of power authority and responsibilities among broader governance institutions This movement is not limited to national government it also affects subnational governments NGOs private corporations and even civil associations The contributors assess the emerging concepts of decentralization e g devolution empowerment capacity building and democratic governance They detail the factors driving the movement including political changes such as the fall of the Iron Curtain and the ascendance of democracy economic factors such as globalization and outsourcing and technological advances e g increased information technology and electronic commerce Their analysis covers many different contexts and regions For example William Ascher of Claremont McKenna College chronicles how decentralization concepts are playing out in natural resources policy while Kadmeil Wekwete United Nations outlines the specific challenges to decentralizing governance in sub Saharan Africa In each case contributors explore the objectives of a decentralizing strategy as well as the benefits and difficulties that will likely result *Tradition and Public Administration* Martin Painter, 2016-01-05 Contributors examine the persistence of

administrative patterns in the face of pressures for globalization by developing a concept of administrative traditions and describing the traditions that exist around the world They assess the impact of traditions on administrative reforms and the capacities of government to change public administration Politics within the State Ben Ross Schneider, 2010-11-23 Brazil was one of the most successful examples of state led industrialization in the post 1945 era Yet on the surface the Brazilian bureaucracy appears highly fragmented personalized and ad hoc Ben Ross Schneider looks behind this facade to explain how the Brazilian bureaucracy contributes to industrialization by analyzing career patterns and appointments which structure incentives and power more than formal organizations or institutions Politics and personalism of the right sort Schneider argues can in fact enhance policy effectiveness and state capacity
