Read And Wonder Offer :

Reading for Wonder Glenn Willmott, 2017-12-13 In a world awash in awesome sensual technological experiences wonder has diverse powers including awakening us to unexpected ecological intimacies and entanglements Yet this deeply felt experience at once cognitive aesthetic and ethical has been dangerously neglected in our cultural education In order to cultivate the imaginative empathy and caution this feeling evokes we need to teach ourselves and others to read for wonder This book begins by unfolding the nature and artifice of wonder as a human capacity and as a fabricated experience Ranging across poetry foodstuffs movies tropical islands wonder cabinets apes abstract painting penguins and more *Reading for Wonder* offers an anatomy of wonder in transmedia poetics then explores its ethical power and political risks from early modern times to the present day To save ourselves and the teeming life of our planet indeed to flourish we must liberate wonder from ideologies of enchantment and disenchantment understand its workings and their ethical ambivalence and give it a clear language and voice

The 10 Cent War Trischa Goodnow, James J. Kimble, 2017-01-20 Contributions by Derek T Buescher Travis L Cox Trischa Goodnow Jon Judy John R Katsion James J Kimble Christina M Knopf Steven E Martin Brad Palmer Elliott Sawyer Deborah Clark Vance David E Wilt and Zou Yizheng One of the most overlooked aspects of the Allied war effort involved a surprising initiative comic book propaganda Even before Pearl Harbor the comic book industry enlisted its formidable army of artists writers and editors to dramatize the conflict for readers of every age and interest Comic book superheroes and everyday characters modeled positive behaviors and encouraged readers to keep scrapping Ultimately those characters proved to be persuasive icons in the war's most colorful and indelible propaganda campaign *The 10 Cent War* presents a riveting analysis of how different types of comic books and comic book characters supplied reasons and means to support the war The contributors demonstrate that free of government control these appeals produced this overall imperative The book discusses the role of such major characters as Superman Wonder Woman and Uncle Sam along with a host of such minor characters as kid gangs and superhero sidekicks It even considers novelty and small presses providing a well rounded look at the many ways that comic books served as popular propaganda

The Power of Wonder Monica C. Parker, 2023-02-21 THE WALL STREET JOURNAL BESTSELLER Wonder is a mindset we can bring to anything to enrich our lives and the lives of those around us This is a must read book for our times SCOTT BARRY KAUFMAN PhD author of *Transcend* and host of The Psychology Podcast From the first tickle of curiosity to an unexpected shift in how we perceive the world there isn't a person who hasn't experienced wonder and yet the why and how of this profoundly beneficial emotion is only just beginning to be scientifically examined *The Power of Wonder* takes readers on a multidisciplinary journey through psychology neuroscience philosophy literature and business to share some of the surprising secrets behind the mechanics of

wonder This inspiring book explores the power of wonder to change the way we learn develop new ideas build resiliency and ultimately become better humans If we embrace this essential emotion we can find deeper meaning and lead a more fulfilling life From art and architecture to love and sex to sleep and psychedelics you will learn about how wonder can transform our bodies and brains Where it s taking a daily wonder walk embracing the benefits of daydreaming or discovering a new absorbing intellectual pursuit this book shows us how to become more wonderprone and reconnect with a reverence for the world and all the magic in it

Practices of Wonder Sophia Vasalou,2013-01-31 Wonder has often occupied a place of unique importance across a variety of human practices and intellectual activities At different times and historical periods it has been hailed as the beginning of philosophy and as the end that philosophy should aspire to pursue as the motive force of scientific quests and their fruit as the aim of art and the means art uses to accomplish its aims and as the religious experience par excellence and the hallmark of a deeper spiritual life Yet despite the special relationship it has borne to many of our most highly valued intellectual and spiritual practices wonder remains a neglected and understudied notion This volume aims to redress this neglect bringing together a collection of essays drawn from different disciplines to consider the sense of wonder from a number of complementary perspectives What is wonder What role has it historically played in philosophy science art and aesthetics and the religious or spiritual life Can wonder be dangerous Is wonder an experience in which we should or indeed could aspire to dwell Why among human experiences should it be prized

High Attention Reading Elizabeth Hale,2022 High Attention Reading offers a new way to get students of all reading levels to independently read informational texts with more effort attention and stamina Hale argues that increasing the number of informational texts children read is important but not enough to achieve this goal In order to prepare students for the reading demands of high school it is essential that we provide strategic scaffolding for the habits of mind required to read this genre at a high level and the motivation to do so The author introduces elementary and middle school teachers to a format called HART High Attention Reading through Talking that uses purposeful intermittent student talk to heighten engagement and accountability during independent reading The book includes easy to implement lessons to get started with HART as well as discussions about the relationships among motivation engagement and content area reading Chapters describe how HART scaffolds and supports student ownership of background knowledge content vocabulary and critical thinking about texts Teachers will learn how to create conditions that foster motivation and engagement with informational text while also creating authentic accountability to help students read to their potential Book Features An approach to independent reading that can be incorporated into any reading curriculum from reading workshop to more structured comprehensive programs Practical information for how to impact a difficult to reach aspect of reading the internal effort students make while reading complex text independently Strategies for building students critical thinking through discussion and writing Guidance for how to increase student ownership of attending to background knowledge and content vocabulary A framework that can be used by

Brian Hisao Onishi, 2023-12-15 This book connects recent developments in speculative realism new materialism and eco phenomenology to articulate an approach to wonder that escapes the connected traps of anthropocentrism and correlationism Brian Onishi argues that wonder has explanatory power for the constitution of the world and the organization of meaning To do this he appeals to both fiction speculative and Weird fiction in particular and quantum physics More specifically he argues that the focus of Weird fiction on impossible experiences and a feeling of something just beyond the limits of one's grasp dramatizes the speculative reach beyond the limits of our understanding But more than a tool for knowledge acquisition wonder is an organizing property of objects Like the collapse of superposition in quantum physics reality is constituted when objects reveal themselves to other objects and thereby organize themselves into complex objects Since no relation is exhaustive the capacity to wonder remains at a material level and the possibility of reorganization is ever present Ultimately Onishi argues for a speculative eco phenomenology with wonder as an engine for a Weird environmental ethics **The Evergreen; Or, Church-offering for All Seasons**, 1845 Lessons in Disability Jacob
