## Read Scheme 2 Look Rev:

A Dynamic Reading of the Holy Spirit in Revelation Hee Youl Lee, 2014-04-07 A Dynamic Reading of the Holy Spirit in Revelation attempts to read the book of Revelation in a new way as a narrative embracing literary elements such as plot point of view narrative voice character and story structure to help readers discover its meanings by tracing the story anew Lee s unique narrative perspective offers readers a bird s eye view to experience four levels of the story heaven earth abyss and the lake of fire Lee develops a theological account of John s pneumatology and surely extends Christian pneumatology a doctrine inseparable from the life of the church Readers will come away with a greater understanding of the role of the Holy Spirit which will enable them to enjoy a deeper fellowship with the Holy Spirit more intimately than ever before Lee portrays the book of Revelation as a mission oriented book that tells how the kingdom of God will be built in this world through spiritual warfare rather than as a book of eschatology Lee s book will serve as a spiritual wake up call to the modern church and the people of God in its accurate portrayal of the Holy Spirit and vivid description of spiritual warfare

disciplines especially focusing on classical studies and Jewish and Christian studies this volume addresses several imbalances in scholarship on reading and textual activity in the ancient Mediterranean Contributors intentionally place Jewish Christian Roman Greek and other reading circles back into their encompassing historical context avoiding subdivisions along modern subject lines divisions still bearing marks of cultural and ideological interests In their examination contributors avoid dwelling upon traditional methodological debates over orality vs literacy and social classifications of literacy instead turning their attention to the social historical groups of people circles and networks strata and class scribal culture material culture epigraphic and papyrological evidence functions and types of literacy and the social relationships that all of these entail Overall the volume contributes to an emerging and important interdisciplinary collaboration between specialists in ancient literacy encouraging future discussion between two currently divided fields
