*The Bible, Gender, and Sexuality: Critical Readings* Lynn R. Huber, Rhianon

Graybill,2020-10-01 This volume collects both classic and cutting edge readings related to gender sex sexuality and the Bible Engaging the Hebrew Bible New Testament and surrounding texts and worlds Rhiannon Graybill and Lynn R Huber have amassed a selection of essays that reflects a wide range of perspectives and approaches towards gender and sexuality Presented in three distinct parts the collection begins with an examination of gender in and around biblical contexts before moving to discussing sex and sexualities and finally critiques of gender and sexuality Each reading is introduced by the editors in order to situate it in its broader scholarly context and each section culminates in an annotated list of further readings to point researchers towards other engagements with these key themes **Ungendering Civilization** K. Anne Pyburn,2004-02-24 Nine papers examines a specific body of archaeological data from societies including Minoan Crete ancient Zimbabwe and the Maya in order to discuss the role of women in the evolution of states A Companion to Gender Prehistory Diane Bolger,2012-09-25 An authoritative guide on gender prehistory for researchers instructors and students in anthropology archaeology and gender studies Provides the most up to date comprehensive coverage of gender archaeology with an exclusive focus on prehistory Offers critical overviews of developments in the archaeology of gender over the last 30 years as well as assessments of current trends and prospects for future research Focuses on recent Third Wave approaches to the study of gender in early human societies challenging heterosexist biases and investigating the interfaces between gender and status age cognition social memory performativity the body and sexuality Features numerous regional and thematic topics authored by established specialists in the field with incisive coverage of gender research in prehistoric and protohistoric cultures of Africa Asia Europe the Americas and the Pacific *Grit-Tempered* Nancy Marie White,Lynne P. Sullivan,Rochelle A. Marrinan,2023-12-12 This volume documents the lives and work of pioneering women archaeologists in the southeastern United States from the 1920s through the 1960s A landmark portrayal of pioneering women in science reissued on its 25th anniversary Praise for the first edition Highly recommended for any archaeologist interested in the history of the discipline Choice An important addition to the history of southeastern archaeology bringing to light the often undervalued or forgotten contributions of the many women who helped to make archaeology what it is today Bulletin of the History of Archaeology This is a needed history providing details both mundane and critical personal and professional feminist and archaeological Journal of the History of the Behavioral Sciences Demonstrates that each woman regardless of how when or why she came to Southeastern archaeology has made significant contributions to the field clearing the path for women today to pursue successful careers in archaeology North American Archaeologist The regional focus lends an intimate and immediate quality to this series of biographical historical narratives It is heartening to know that some among us have thought to capture these women s stories for others to tell in the future and to provide a basis for better understanding how our roles and histories influence our work as archaeologists Journal of Anthropological Research These fascinating brief portraits variously based on documents interviews or autobiographical statements reveal much of the changing

circumstances in the context of which women's work must be understood National Women's Studies Association Journal A  
 readable book that provides a lot of interesting material on the history of Southeastern archaeology Journal of Alabama  
 Archaeology A delight to read often humorous sometimes sobering It has much to offer readers ranging from the history of  
 archaeology and the role of the WPA in southeastern archaeology to an intimate view of careers of influential women in  
 science to discussions of the study of gender in history and archaeology It is a volume to be read and shared Arkansas  
 Historical Quarterly An easily read thought provoking book St Augustine Archaeological Association Quarterly Book Review  
 Updated with a new preface on the 25th anniversary of its first publication this volume documents the lives and work of  
 pioneering women archaeologists in the southeastern United States from the 1920s through the 1960s Some of these women  
 were working at the time of the book's first publication in 1999 and they either wrote their own stories or were interviewed  
 Others were no longer living their biographies are gleaned from archival research Rich with humor tragedy and important  
 information for the history of archaeology in the South and beyond as well as anthropology in general this book includes the  
 story of African American women excavators on WPA crews during the Great Depression tales of innovative lab work  
 adventurous fieldwork and public archaeology and provocative discussions of women in archaeology and of gender in the  
 archaeological record **In Pursuit of Gender** Sarah M. Nelson, Myriam Rosen-Ayalon, 2002 Visit our website for sample  
 chapters *Representations of Gender From Prehistory To the Present* NA NA, 2016-04-30 Focusing primarily on visual  
 forms of representation but also including material on literary representation this volume brings together studies as  
 apparently disparate as the iconography of power in Mediterranean prehistory and clothing and cultural meaning in the First  
 and Second World Wars What draws these chapters together is the common focus on how the scholar of the twenty first  
 century can pursue the interpretation of past representational cultural production from a gendered perspective The fruit of  
 research by academics from the fields of archaeology classics and ancient history art history and social history and from both  
 sides of the Atlantic this volume is a fascinating introduction to a developing field **Gender Studies in Architecture**  
 Dörte Kuhlmann, 2014-04-11 Analyzing a range of ideas from biological evolutionary and anthropological theories to a variety  
 of feminist psychoanalytic poststructuralist and constructivist discourses this book provides a comprehensive introduction to  
 the problematics of gender and power in architectural and urban design Topics range from conceptions of postulated  
 matriarchal architecture in Old Europe to contemporary technologies of control from the mechanisms of gaze to architectural  
 performatives from the under representation of women in the planning profession to the integration of gender issues to the  
 curriculum The particular strengths of the book lie in its inclusiveness and critical analysis It is not a partisan defence of  
 feminism or any other theory but a critical introduction to the issues relating to gender Moreover the conclusions reach  
 beyond a narrow gender studies perspective to social and ethical considerations that are unavoidable in any responsible  
 architectural or urbanistic practice With its broad range and balanced analysis of different theories the book is suitable as an

overview of gender studies in architecture and useful for any designer who is concerned with the social effects of the built environment

**Injury and Trauma in Bioarchaeology** Rebecca C. Redfern, 2016-12-22 The remains of past people are a testament to their lived experiences and of the environment in which they lived Synthesising the latest research this book critically examines the sources of evidence used to understand and interpret violence in bioarchaeology exploring the significant light such evidence can shed on past hierarchies gender roles and life courses The text draws on a diverse range of social and clinical science research to investigate violence and trauma in the archaeological record focussing on human remains It examines injury patterns in different groups as well as the biological psychological and cultural factors that make us behave violently how our living environment influences injury and violence the models used to identify and interpret violence in the past and how violence is used as a social tool Drawing on a range of case studies Redfern explores new research directions that will contribute to nuanced interpretations of past lives

**Violence and Gender in Ancient Egypt** Uroš Matić, 2021-05-30 Violence and Gender in Ancient Egypt shifts the focus of gender studies in Egyptology to social phenomena rarely addressed through the lens of gender war and violence exploring the complex intersections of violence and gender in ancient Egypt Building on current discussions in philosophy anthropology and sociology and on analysis of relevant historic texts iconography and archaeological remains by looking at possible gender patterns behind evidence of trauma the book bridges the gap between modern understandings of gendered violence and its functioning in ancient Egypt Areas explored include the following differences in gendered aggression and violent acts between people and deities sexual violence the taking of men women and children as prisoners of war and feminization of enemies By examining ancient Egyptian texts and images with evidence for violence from different periods and contexts private tombs divine temples royal stelae papyri and ostraca ranging over 3 000 years of cultural history Violence and Gender in Ancient Egypt highlights the complex intersection between gender and violence in ancient Egyptian culture The book will appeal to scholars and students working in Egyptology archaeology history anthropology sociology and gender studies

**A Companion to Gender History** Teresa A.

Meade, Merry E. Wiesner-Hanks, 2008-04-15 A Companion to Gender History surveys the history of women around the world studies their interaction with men in gendered societies and looks at the role of gender in shaping human behavior over thousands of years An extensive survey of the history of women around the world their interaction with men and the role of gender in shaping human behavior over thousands of years Discusses family history the history of the body and sexuality and cultural history alongside women's history and gender history Considers the importance of class region ethnicity race and religion to the formation of gendered societies Contains both thematic essays and chronological geographic essays Gives due weight to pre history and the pre modern era as well as to the modern era Written by scholars from across the English

speaking world and scholars for whom English is not their first language      Gender and Archaeology Roberta Gilchrist, 2012-10-12 Gender and Archaeology is the first volume to critically review the development of this now key topic internationally across a range of periods and material culture | Roberta Gilchrist explores the significance of the feminist epistemologies She shows the unique perspective that gender archaeology can bring to bear on issues such as division of labour and the life course She examines issues of sexuality and the embodiment of sexual identity A substantial case study of gender space and metaphor in the medieval English castle is used to draw together and illustrate these issues      **Gender in Ancient Cyprus** Diane Bolger, 2003 Gender in Ancient Cyprus examines some of the fundamental facets of gender as they intersect with the dynamics of social political and economic change in Cyprus beginning with the earliest traces of human habitation on the island to the final phases of the Bronze Age The book closely analyzes gender as it relates to the domestic space technology and labor ritual and social identity and the roles of children as well as the practices of modern day Near Eastern archaeology and the roles of women in it Visit our website for sample chapters      **Mothering from the Field** Bahiyyah M. Muhammad, Melanie-Angela Neuilly, 2019-06-14 The heated national conversation about gender equality and women in the workforce is something that women in academia have been concerned with and writing about for at least a decade Overall the conversation has focused on identifying how women in general and mothers in particular fair in the academy as a whole as well as offering tips on how to maximize success Aside from a long standing field specific debate in anthropology rare are the volumes focusing on the particulars of motherhood s impacts on how scientific research is conducted particularly when it comes to field research Mothering from the Field offers both a mosaic of perspectives from current women scientists experiences of conducting field research across a variety of sub disciplines while raising children and an analytical framework to understand how we can redefine methodological and theoretical contributions based on mothers experiences in order not just to promote healthier more inclusive nurturing and supportive environments in physical life and social sciences but also to revolutionize how we conceptualize research      Gender Trouble and Current Archaeological Debates Uroš Matić, Bisserka Gaydarska, Laura Coltofean, Marta Díaz-Guardamino, 2024-10-28 This volume challenges the status quo by addressing a selection of intensely discussed themes in contemporary archaeological practice from a gender perspective It aims to demonstrate that gender is intrinsic to archaeology and that gender archaeology can enrich our studies irrespective of the discipline s possible future directions and so called paradigm shifts The scholarly contributions commissioned for this volume critically discuss and reflect on a wide range of concepts ideas principles and theories presently applied in archaeology within the framework of gender The chapters included in the first part deal with themes in world archaeology that have little or no focus on gender such as the Third Science Revolution e g ancient DNA stable isotopes analyses big data posthumanism e g new materialism symmetrical archaeology and the ontological turn and digital archaeology and heritage The second part focuses on themes in which gender archaeology has made serious advances

intersectionality social inequality violence mobility The third part deals with themes crucial for contemporary archaeology and society namely gender education gender representation in museum exhibitions and the future of gender archaeology The volume concludes with a coda chapter that critically assesses the preceding contributions and the volume as a whole The book offers a gender balanced and inclusive authorship consisting of both well established and early career researchers closely connected to the EAA whose professionally culturally and geographically diverse backgrounds and experiences enrich the viewpoints discussed in the chapters The targeted audience is archaeologists from all theoretical and scientific backgrounds at all stages of their career Chapter 2 Sex Gender and the Third Science Revolution is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com)
