Readers Adviser

Charles Spurgeon Johnson

Readers Adviser:

Readers' Advisory Service in North American Public Libraries, 1870-2005 Juris Dilevko, Candice F.C. Magowan, 2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries. By 2005 almost every public library in the United States and Canada offered some form of readers advisory service. The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons. This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service. The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form. The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose. During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading. The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers. Historical analysis, case studies, and statistical charts augment the book's central argument.

Readers' Advisers at Work Jennie Maas Flexner, Byron Chandler Hopkins, 1941 Leads, 1934 *The Readers' Advisory Guide to Genre Fiction, Third Edition* Neal Wyatt, Joyce G. Saricks, 2019-07-03 Everyone's favorite guide to fiction that's thrilling, mysterious, suspenseful, thought provoking, romantic, and just plain fun is back and better than ever in this completely revamped and revised edition. A must for every readers advisory desk, this resource is also a useful tool for collection development librarians and students in LIS programs. Inside RA experts Wyatt and Saricks cover genres such as Psychological Suspense, Horror, Science Fiction, Fantasy, Romance, Mystery, Literary, and Historical Fiction and introduce the concepts of Adrenaline and Relationship Fiction. Include everything advisors need to get up to speed on a genre including its appeal, characteristics, key authors, sure bets, and trends. Demonstrate how genres overlap and connect plus suggestions for guiding readers among genres and tie genre fiction to the whole collection including nonfiction, audiobooks, graphic novels, film, and TV, poetry, and games. Both insightful and comprehensive, this matchless guidebook will help librarians become familiar with many different fiction genres, especially those they do not regularly read, and aid library staff in connecting readers to books they're sure to love.
