*The Craft of Fiction* David Letzler, 2017-06 A 2017 Choice Outstanding Academic Title What is the strange appeal of big books The mega novel a genre of erudite tomes with encyclopedic scope has attracted wildly varied responses from fanatical devotion to trenchant criticism Looking at intimidating mega novel masterpieces from *The Making of Americans* to *2666* David Letzler explores reader responses to all the seemingly random irrelevant pointless and derailing elements that comprise these mega novels elements that he labels craft after the computer science term for junk code In *The Craft of Fiction* Letzler suggests that these books are useful tools to help us understand the relationship between reading and attention While mega novel text is often intricately meaningful or experimental sometimes it is just excessive and pointless On the other hand mega novels also contain text that though appearing to be craft turns out to be quite important Letzler posits that this craft requires readers to develop a sophisticated method of attentional modulation allowing one to subtly distinguish between text requiring focused attention and text that must be skimmed or even skipped to avoid processing failures *The Craft of Fiction* shows how the attentional maturation prompted by reading mega novels can help manage the information overload that increasingly characterizes contemporary life

*The Power of Words* David S. Kaufer, Suguru Ishizaki, Brian S. Butler, Jeff Collins, 2004-02-04 In 1888 Mark Twain reflected on the writer's special feel for words to his correspondent George Bainton noting that the difference between the almost right word and the right word is really a large matter We recognize differences between a politician who is willful and one who is willing even though the difference does not cross word stems or parts of speech We recognize that being held up evokes different experiences depending upon whether its direct object is a meeting a bank or an example Although we can notice hundreds of examples in the language where small differences in wording produce large reader effects the authors of *The Power of Words* argue that these examples are random glimpses of a hidden systematic knowledge that governs how we as writers or speakers learn to shape experience for other human beings Over the past several years David Kaufer and his colleagues have developed a software program for analyzing writing called DocuScope This book illustrates the concepts and rhetorical theory behind the software analysis examining patterns in writing and showing writers how their writing works in different categories to accomplish varying objectives Reflecting the range and variety of audience experience that contiguous words of surface English can

prime the authors present a theory of language as an instrument of rhetorically priming audiences and a catalog of English strings to implement the theory The project creates a comprehensive map of the speaker and writer s implicit knowledge about predisposing audience experience at the point of utterance The book begins with an explanation of why studying language from the standpoint of priming not just meaning is vital to non question begging theories of close reading and to language education in general The remaining chapters in Part I detail the steps taken to prepare a catalog study of English strings for their properties as priming instruments Part II describes in detail the catalog of priming categories including enough examples to help readers see how individual words and strings of English fit into the catalog The final part describes how the authors have applied the catalog of English strings as priming tools to conduct textual research      *The Brokeback Book* William R. **We Are Doomed** John Derbyshire, 2010-10-05 To his fellow conservatives John Derbyshire makes a plea Don't be seduced by this nonsense about the politics of hope Skepticism pessimism and suspicion of happy talk are the true characteristics of an authentically conservative temperament And from Hobbes and Burke through Lord Salisbury and Calvin Coolidge up to Pat Buchanan and Mark Steyn in our own time these beliefs have kept the human race from blindly chasing its utopian dreams right off a cliff Recently though various comforting yet fundamentally idiotic notions of political correctness and wishful thinking have taken root beyond the Kumbaya singing we're all one crowd These ideas have now infected conservatives the very people who really should know better The Republican Party has been derailed by legions of fools and poseurs wearing smiley face masks Think rescuing the economy by condemning our descendants to lives of spirit crushing debt Think nation building abroad while we slowly disintegrate at home Think education and No Child Left Behind But don't think about it too much because if you do you'll quickly come to the logical conclusion We are doomed Need more convincing Dwell on the cheerful promises of the diversity cult and the undeniable reality of the oncoming demographic disaster Contemplate the feminization of everything or take a good look at what passes for art these days Witness the rise of culturism and the death of religion Bow down before your new master the federal apparatchik Finally ask yourself How certain am I that the United States of America will survive in any recognizable form until say 2022 A scathing mordantly

funny romp through today's dismal and dimmer political and cultural scene *We Are Doomed* provides a long overdue dose of reality revealing just how the GOP has been led astray in recent years and showing that had conservatives held on to their fittingly pessimistic outlook America's future would be far brighter Ladies and gentlemen it's time to embrace the Audacity of Hopelessness      *The Ghost and the Haunted Mansion* Alice Kimberly, Cleo Coyle, 2009-01-06 When the local mailman inherits a haunted house and demands an exorcism Pen must act fast to save her favorite ghost in this Haunted Bookshop mystery from New York Times bestselling author Cleo Coyle writing as Alice Kimberly Bookshop owner Penelope Thornton McClure didn't believe in ghosts until she met the spirit of hard-boiled 1940s detective Jack Shepard And when Pen's friend and mailman Seymour Tarnish gets into deep trouble Pen not only believes in her ghost she also thinks he can help An elderly lady of leisure has been found dead on posh Larchmont Avenue her will recently and suspiciously revised to name Seymour as heir to her mansion Just as eyes turn to him as the murderer and Seymour gets busy settling into his ritzy digs the mansion's ghosts begin plaguing him So he hires a team of parapsychologists to exorcise all the spirits from the town of Quindicott and that includes Jack Shepard Now Pen must act fast because losing Jack scares Pen more than rattling chains and cold spots      *Lyrical Strategies* Katie Owens-Murphy, 2018-01-15 *Lyrical Strategies* advances the highly original idea that not all literary fiction should be read as a novel Instead Katie Owens Murphy identifies a prominent type of American novel well suited to the reading methods of lyric poetry and exhibiting lyric frameworks of structural repetition rhythm figurative meaning dramatic personae and exclusive address Owens Murphy surveys a broad array of writers poets from the lyrical transatlantic tradition as well as American novelists including Gertrude Stein Jean Toomer William Faulkner Toni Morrison Louise Erdrich and Cormac McCarthy Through a masterful reexamination of canonical works of twentieth century American fiction through the lens of lyric poetry she reveals how many elements in these novels can be better understood as poetic and rhetorical figures metaphysical conceit polysyndeton dramatic monologue apostrophe and so on than as narrative ones Making fresh contributions to literary theory and American fiction *Lyrical Strategies* will fascinate readers and scholars of the American novel fiction poetry and poetics alike      *The Atlantic Monthly* ,2001      *The Publishers Weekly* ,2002
