Thick Comparison Dr. Thomas Scheffer, Jörg Niewöhner, 2010 We have come a long way from Evans Pritchard's famous dictum that there is only one method in social anthropology the comparative method and that is impossible Yet a good 40 years later qualitative social inquiry still has an uneasy relationship with comparison This volume sets out thick comparison as a means to revive comparing as a productive process in ethnographic work a process that helps to revitalise the articulation work inherent in analytical ethnographies to vary observer perspectives and point towards blind spots to name and create new things and modes of empirical work and to give way to intensified dialogues between data analysis and theorizing Contributors are Katrin Amelang Stefan Beck Kati Hannken Illjes Alexander Kozin Henriette Langstrup Jörg Niewöhner Thomas Scheffer Robert Schmidt Estrid Sørensen and Britt Ross Winthereik Publisher's website
