**Reading and Learning Across the Disciplines** Mary-Jane McCarthy,Joan Rasool,Caroline Banks,1996     Reading and Learning Across the Disciplines Mary-Jane McCarthy,Rasool,1997-01-01     **Reading across the Disciplines** Karen Manarin,2022-05-03 Reading Across the Disciplines offers a collection of twelve essays detailing a range of approaches to dealing with students reading needs at the college level Transforming reading in higher education requires more than individual faculty members working on SoTL projects in their particular fields Teachers need to consider reading across the disciplines In this collection authors from Australia and North America teaching in a variety of disciplines explore reading in undergraduate courses doctoral seminars and faculty development activities By paying attention to the particular classroom and placing those observations in conversation with scholarly literature they create new knowledge about reading in higher education from disciplinary and cross disciplinary perspectives Reading Across the Disciplines demonstrates how existing research about reading can be applied to specific classroom contexts offering models for faculty members whose own research interests may lie elsewhere but who believe in the importance of reading     **Reading Across the Disciplines** Kathleen T. McWhorter,2009 Reading Across the Disciplineshas been a popular textbook with instructors whose students do not require an abundance of skill instruction and who teach college reading through the use of readings from across the disciplines To prepare students for the expectations of higher education Kathleen McWhorter uses high interest readings from a variety of academic sources and provides concise reading skills with immediate practice for reinforcement Discipline specific reading skills offer tips for reading and learning within the particular discipline so students learn content as well as strategy Concise skill instruction with extensive practice twelve academic disciplines represented through high interest readings Discipline specific reading skills tips for reading and learning within the particular discipline Active read skills instruction teaches students to approach reading as a process requiring involvement and response 9 th 12 th grade level reading courses where only concise skill instruction is needed and with a process approach to reading Instructors who teach college reading through the use of readings from across the disciplines     *Project-Based Learning Across the Disciplines* Acacia M. Warren,2016-03-18 A turnkey and cost effective PBL framework that is highly recommended Are you tired of complex and costly PBL models Support students academic literacy and life goals with the 1Pedagogy framework You ll learn to easily blend theory and practice core standards 21st Century Skills and technology for a comprehensive and unforgettable learning experience K 12 educators coaches and administrators will learn to Stimulate students interest across disciplines Implement a turnkey interdisciplinary 1P framework Immerse students in authentic inquiry and real world application Integrate college and career readiness and digital technology The book includes 9 inspiring sample units and over 30 helpful templates     **Using the Decoding The Disciplines Framework for Learning Across the Disciplines** Janice Miller-Young,Jennifer Boman,2017-07-17 Decoding the Disciplines a program designed to help instructors increase learning

in their courses provides a framework for identifying and remedying course elements that are most problematic for students

Decoding is a seven step process in which instructors 1 identify a bottleneck of learning 2 make explicit the mental operations required to overcome the obstacle 3 model the required steps for students 4 give them practice at these skills 5 deal with emotional bottlenecks that interfere with learning 6 assess the success of their efforts and 7 share the results

Providing detailed information so that readers may develop effective models of practice this volume provides examples and evidence of the ways the framework has been applied across disciplines and used to inform teaching curriculum and pedagogical research initiatives It outlines how various communities of practice got started describes the analyses of three different collections of Decoding interviews extends the Decoding framework using different theoretical lenses and connects the learning to practical applications for teachers and scholars in higher education This is the 150th volume of this Jossey Bass higher education series It offers a comprehensive range of ideas and techniques for improving college teaching based on the experience of seasoned instructors and the latest findings of educational and psychological researchers
