Picturing the Wolf in Children's Literature Debra Mitts-Smith,2012-12-06 From the villainous beast of Little Red Riding

Hood and The Three Little Pigs to the nurturing wolves of Romulus and Remus and Rudyard Kipling's *The Jungle Book* the wolf has long been a part of the landscape of children's literature. Meanwhile since the 1960s and the popularization of scientific research on these animals children's books have begun to feature more nuanced views. In *Picturing the Wolf in Children's Literature* Mitts Smith analyzes visual images of the wolf in children's books published in Western Europe and North America from 1500 to the present. In particular she considers how wolves are depicted in and across particular works, the values and attitudes that inform these depictions and how the concept of the wolf has changed over time. What she discovers is that illustrations and photos in works for children impart social, cultural and scientific information not only about wolves but also about humans and human behavior. First encountered in childhood picture books act as a training ground where the young learn both how to decode the symbolic wolf across various contexts and how to make sense of real wolves. Mitts Smith studies sources including myths, legends, fables, folk and fairy tales, fractured tales, fictional stories and nonfiction, highlighting those instances in which images play a major role including illustrated anthologies, chapbooks, picture books and informational books. This book will be of interest to children's literature scholars as well as those interested in the figure of the wolf and how it has been informed over time.

Children's Literature in the Classroom Diane M. Barone, 2010-09-23
This guide provides a wealth of ideas for incorporating high quality children's books of all kinds into K-6 classrooms. Numerous practical strategies are presented for engaging students with picturebooks, fiction, nonfiction and nontraditional texts from publisher description.

Don't Leave the Story in the Book Mary Hynes-Berry, 2015-04-24
Drawing from 30 years of teaching and professional development experience, this book offers a roadmap for using children's literature to provide authentic learning. Featuring a storyteller's voice, each chapter includes a case study about how a particular fiction or nonfiction work can be used in an early childhood classroom, a series of open-ended questions to help readers construct their own inquiry units and a bibliography of children's literature. This book provides a unique synthesis of ideas based on constructivist approaches to learning including the importance of positive dispositions and learning communities, the nature of higher order thinking and the relationship between methods such as guided inquiry in the sciences and balanced literacy.

Social Emotional Stories Barbara A. Lewis, 2021-08-30
Make social emotional learning fun and engaging with 24 ready-to-use lessons about phenomenal plants and astonishing animals. Storytelling is a learning device used by humans for centuries and for good reason: storytelling is one of the best ways to increase critical thinking skills and social emotional learning (SEL). The award-winning *Social Emotional Stories* combines storytelling with thought-provoking lessons and activities to help elementary students improve their self-esteem, increase their engagement with school and give them a sense of empowerment. The book contains 24 individual lessons that include an SEL objective with specific keywords like inner strength, problem solving and responsibility. An engaging story that focuses on a distinctive quality of either a plant like the inner strength of bamboo or an animal like the courage of a pig. Multiple activities that are quick, easy and require few

supplies to help kids identify and dive deeper into the specific SEL concepts represented Educators can use these lessons individually with students in small groups or with an entire class The lessons are interdisciplinary and flexible with only minimal prep time required allowing educators to adapt them for their situation Extensive digital content supports the lessons with reproducible forms and a full color photo of each plant and animal *Cool Story Programs for the School-Age Crowd* Rob Reid,2004-08-02 Offers eighteen offbeat literary programs featuring creepy dirty and stinky stories that will appeal to young readers [Pathways to Independence](#) Jo Worthy,Karen Broaddus,Gay Ivey,2001-04-20 This comprehensive text presents a core of research based approaches to engaging effective literacy instruction in the middle grades Methods and materials are described to foster reading skills content mastery and writing in different formats and for different purposes The authors emphasize the need to tailor instruction to the needs strengths skill levels and interests of diverse students They offer recommendations for reading lists that incorporate critically acclaimed fiction and nonfiction popular series books and other student friendly materials Special features include case studies examples of teaching and assessment activities and commentary from middle school teachers and students Appendices contain reproducible forms and lists of recommended reading materials and resources *Supporting Newcomer Students* Katharine Davies Samway,Lucinda Pease-Alvarez,Laura Alvarez,2020-05-19 Copublished with TESOL Press Newcomers need to draw on all their resources intellectual linguistic cultural as they make sense of new content and a new language In this much needed book the authors marshal research and several decades of their own experience to provide instructional practices and activities that will help teachers develop newcomers as readers and writers of English and engage them in content learning across the curriculum Equally important they show how teachers can advocate for these vulnerable students many of whom have experienced multiple challenges in their home countries or in the United States including poverty violence and political persecution With chapters on assessment and second language acquisition as well as reading writing speaking and content learning their book is a timely and comprehensive guide for any K 8 educator whose classroom or school includes newcomer students

Writing Sense Juli Kendall,Outey Khuon,2006 Writing is all about making meaning The prospect of teaching writing to a classroom full of students some who speak English and some who don t can be overwhelming When students learning English are at different levels the task is even more challenging Writing Sense Integrated Reading and Writing Lessons for English Language Learners outlines the classroom conditions necessary for successful writing instruction with English language learners whether in writing workshop and or small group instruction It includes 68 classroom tested lessons for grades K 8 that show kids at all levels of language acquisition how to make connections ask questions visualize make mental images infer determine importance synthesize monitor meaning and comprehension and use fix up strategies The five main sections are geared to the stages of language proficiency and lessons are divided into younger and older students spanning kindergarten through to grade eight There are extensive lists of suggested books for mentor texts as well as lists of mentor

Talking, Drawing, Writing Martha Horn,Mary Giacobbe,2023-10-10 In the early grades talking and drawing can provide children with a natural pathway to writing yet these components are often overlooked In Talking Drawing Writing Lessons for Our Youngest Writers authors Martha Horn and Mary Ellen Giacobbe invite readers to join them in classrooms where they listen watch and talk with children then use what they learn to create lessons designed to meet children where they are and lead them into the world of writing The authors make a case for a broader definition of writing advocating for formal storytelling sessions in which children tell about what they know and for focused sketching sessions so that budding writers learn how to observe more carefully The book s lessons are organized by topic and include oral storytelling drawing writing words assessment introducing booklets and moving writers forward Based on the authors work in urban kindergarten and first grade classes the essence and structure of many of the lessons lend themselves to adaptation through fifth grade The lessons follow a consistent format What s going on in the classroom What do children need to learn next Materials needed to teach the lesson Language used in each lesson Reasons behind why certain books are chosen and suggestions for additional children s books The authors show the thinking behind their teaching decisions and provide a way to look at and assess children s writing giving us much more than a book of lessons they present a vision of what beginning writing can look and sound like Perhaps most powerfully they give us examples of the language they use with children that reveal a genuine respect for and trust in children as learners
