Looking At Iran:

Iran Looking East Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005-2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 2020 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU *Looking East* Shirzad Azad, 2020-05-01 Know yourself that's great advice but how do we get there In a lively conversation about the meaning of life three characters explore a wide range of concepts including friendship and love self discipline and self respect trust and justice **Through the Looking Glass** Anu Sharma, 2022-01-31 This book analyses Iran's foreign policy in order to better assess its relations with India and the factors that are propelling the two nations closer In a region susceptible to power plays how far can India Iran partnership go This book will be of interest to scholars of International Relations Iranian Politics and Iranian Foreign Policy Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka *Iran and China* Shirzad Azad, 2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership **Iran's Influence in Afghanistan** Alireza Nader, Ali G. Scotten, Ahmad Idrees Rahmani, Robert Stewart, Leila Mahnad, 2014-06-11 This study explores Iranian influence in Afghanistan and the implications for the United States after most U S forces depart Afghanistan in 2016 Iran has substantial economic political cultural and religious leverage in Afghanistan Although Iran will attempt to shape a post 2014 Afghanistan

Russians in Iran Rudi Matthee,Elena Andreeva,2018-01-25 Russians in Iran seeks to challenge the traditional narrative regarding Russian involvement in Iran and to show that whilst Russia's historical

involvement in Iran is longstanding it is nonetheless much misunderstood Russia's influence in Iran between 1800 and the middle of the twentieth century is not simply a story of inexorable intrusion and domination rather it is a complex and interactive process of mostly indirect control and constructive engagement Drawing on fresh archival material the contributors provide a window into the power and influence wielded in Iran not just by the Russian government through its traditional representatives but by Russian nationals operating in Iran in a variety of capacities including individuals bankers and entrepreneurs Russians in Iran reveals the multifaceted role that Russians have played in Iranian history and provides an original and important contribution to the history and international relations of Iran Russia and the Middle East **Iran's**

Quiet Revolution Ali Mirsepassi, 2019-08-29 A new perspective on Iranian politics and culture in the 1960s 1970s documenting the Westoxification discourses adopted by the Pahlavi State *Union* Jason Dowdeswell, 2023-02-07 When a military tyrant named Waxman receives covert communications from an agent believed lost in deep space he prepares his army of giant soldiers for war with a faceless deadly enemy known as the Shrie Shrie and an elusive driver named Cal Believing he has the upper hand Waxman dispatches his own army of giant soldiers to lay down a path for annihilation But his trust begins to waver when two of his strongest soldiers in Kayanai Blu and Iran Crowne begin to show signs of possible desertion or worse treason As Kayanai wrestles with his own conscience Waxman must entrust Jevan Khiran another waxen soldier whose prodigal return has made her his confidant to keep both Kayanai and Iran to the task at hand Yet with her own unique ability to fly the enemy ships that can travel the distance of space with the speed of a mere thought she too finds herself cast under the quantum guise of being untrustworthy For like herself in this ability to fly alien technology endures Cal the one responsible for the ceasefire to the lost war Waxman so desperately wants restored And now Waxman will finish it

Satyanarayan Pattanayak, 2011-08-17 Both Iran and Pakistan represent two distinct patterns of political systems and navigating their relationship is a very difficult task indeed However new developments between them in recent years have created salutary interest among scholars of international relations to focus on their long term relationship This book focuses

on various facets of this relationship in a long term perspective by analyzing them under various phases The period from 1947 to 2010 has been chosen to analyse this relationship particularly from an Iranian angle in the context of different ruling systems such as monarchy and theocracy so as to understand the overall state pattern of Iranian foreign policy The book traces the Iranian independence in a modern state system the entire gamut of Iranian foreign policy towards Pakistan followed under a monarchical system an analysis of the relationship of the Islamic Republic of Iran with Pakistan from 1979 to 1989 an in depth study that covers the period from 1990 till the current regime to understand the tone and tenor of a modified theocratic foreign policy pursued under various Iranian Presidents and its approach towards Pakistan and finally leading on to a total assessment of the relationship between the two states with some fresh and prognostic thoughts

Congress. House. Committee on Foreign Affairs,2014 Misadventure in the Middle East Henry Hemming,2010-11-26 Experience the tale of a hapless young artist Yasmine the pick up and an extraordinary journey across the world Ceasefire! Ivan Molloy,2020-02-27 This is a true story On one level it is part my autobiography On another it deals with three generations of my family s active involvement in war terrorism political and social conflict and the tragic emotional and psychological consequences my family endured as a result In 2009 as an Australian academic with expertise in global terrorism and a one time aspiring federal politician I fled to France to try and deal with clinical depression and associated Post Traumatic Stress Disorder PTSD I was fleeing the nightmare of a destroyed career and a shattered family As I tried to battle the Black Dog of depression suicide was a very real option for me But first I decided to write a book about my research and involvement with Muslim terrorists and revolutionary guerrilla groups in the Philippines It was a way of combating a public media campaign that had destroyed my professional and private life But to do this I needed to retrace both my own and my family s earlier experiences with conflicts elsewhere which influenced me to choose such research In so

doing I discovered new realities about the psychological condition I was battling and how it impacted on and haunted my own extended family over generations and all due to war and social conflict with horrific human consequences Ultimately I have concluded I m certainly not alone in my struggle I m merely another casualty of a brutal primeval human phenomenon which continually infects the psychology of the next generation It is the phenomenon of the subconscious human struggle for the survival of the fittest Now with a greater understanding of my condition I have at least so far managed a stand off with the Black Dog I realise it wasn t spawned by any particular condition of my own but rather the very nature of human society So far society still fails to take responsibility for generating such a condition and instead still promotes our innate species drive to achieve the survival of the fittest an endgame which usually results in warfare In the 21st century if we do not challenge and change our notion of what is needed to survive then forget the Koreas ISIS nuclear warfare etc human kind will eventually psychologically and then physically self destruct How did I come to this realisation It all played out in a small village called Ouroux En Morvan in France

A State of Fear - My 10 Years Inside Iran's Torture Jails Dr Reza Ghaffari, 2012-06-29 This is the book the Iranian authorities have been dreading you might one day read and have taken drastic measures to ensure that you don t It is a story of such horrific brutality that anyone who was sceptical about claims that Iran is part of the axis of evil will have that scepticism dispelled by the time they finish reading it A real insight into the sickening torture jails of Iran and the gut wrenching horror of the treatment dished out to political prisoners who oppose the regime this does not make easy reading Dr Reza Ghaffari was a professor at the University of Tehran until his arrest in the spring of 1981 under suspicion of being a member of a banned socialist group This is his story from the time of his arrest to his eventual escape a decade later It recounts his experiences through ten years of torture and as a witness to and near victim of prison massacres But the book is not merely a catalogue of atrocities It is also one of triumph for integrity and the human spirit in the face of the utmost degradation And there is comedy as prisoners take firm hold of their sanity entertain one another and come to terms with the absurd aspects of their predicament Nothing like this book has ever been written Nothing in English or in Persian has so comprehensively so movingly or so colourfully portrayed prison conditions and the strength of those suffering them It is horrific enlightening and profound The fatwa imposed by the then Supreme Leader of Iran against author Salman Rushdie for writing *The Satanic Verses* scared many publishers into refusing to print this book in English In 1999 the Iranian authorities came looking for Dr Ghaffari in London and he was moved to a safe house by MI6 where he stayed for close to a year After the attack on the World Trade Centre in New York the terrorist threat level in the UK was raised and Dr Ghaffari was allowed back to his family with greater surveillance on his house The years of torture have taken their toll on Dr Ghaffari s health but he has refused to be cowed down and is as determined as ever that his story should be told
