Lord Of Alaska Baranov And The Russian Adventure

Lydia Black

Lord Of Alaska Baranov And The Russian Adventure:

Lord of Alaska Hector Chevigny, 1951 Russians in Alaska, 1732-1867 Lydia Black, 2004 This definitive work the crown jewel in the distinguished career of Russian America scholar Lydia T Black presents a comprehensive overview of the Russian presence in Alaska Drawing on extensive archival research and employing documents only recently made available to scholars Black shows how Russian expansion was the culmination of centuries of social and economic change Black's work challenges the standard perspective on the Russian period in Alaska as a time of unbridled exploitation of Native inhabitants and natural resources Without glossing over the harsher aspects of the period Black acknowledges the complexity of relations between Russians and Native peoples She chronicles the lives of ordinary men and women the merchants and naval officers laborers and clergy who established Russian outposts in Alaska These early colonists carried with them the Orthodox faith and the Russian language their legacy endures in architecture and place names from Baranof Island to the Pribilofs This deluxe volume features fold out maps and color illustrations of rare paintings and sketches from Russian American Japanese and European sources many have never before been published An invaluable source for historians and anthropologists this accessible volume brings to life a dynamic period in Russian and Alaskan history A tribute to Black's life as a scholar and educator **Russians in Alaska** will become a classic in the field **Russia's Hawaiian Adventure, 1815-1817** Richard A.

Pierce, **Russian Colonization of Alaska**, 2020-11 In *Russian Colonization of Alaska Baranov's Era 1799-1818* Andrei Valterovich Grin v examines the sociohistorical origins of the former Russian colonies in Alaska or Russian America The formation of the Russian American Company and the concentration in the hands of Aleksandr Baranov of all the power in south and southeast Alaska's Russian settlements marked a new stage in the history of Russian America Expanding and strengthening Russian possessions in the New World as much as possible Baranov acted in favor of his country before himself in accordance with the principle people for the empire and not the empire for the people *Russian Colonization of Alaska* is the first comprehensive study to analyze the origin and evolution of Russian colonization based on research into political economy history and ethnography Grin v's study elaborates the social political spiritual ideological personal and psychological aspects of Russian America accounting for the idiosyncrasies of the natural environment competition from other North American empires and challenges from Alaska Natives and individual colonial diplomats Rather than being simply a continuation of Russians colonization of Siberia the colonization of Alaska was instead part of overarching Russian and global history **Alaska History, 1741-1910** Historic Sites Survey (U.S.), United States. National Park Service, 1961

History of Alaska , Volume I Jonathan M. Nielson, Ph.D., 2018-02-01 As a unique distant geographical region of the United States Alaska has evolved from military insignificance to high strategic priority in the 142 years since its purchase from Russia in 1867 The reasons for this dramatic shift derive from a correlation of geography foreign policy domestic politics and military technology Historically the role of the armed forces in Alaska has been large and diverse Alaska was one of the two

principal territorial purchases made by the United States between 1803 and 1867 adding nearly 15 million square miles to America's national domain. Smaller by the size of Texas than Jefferson's Louisiana Purchase, Alaska, unlike all of the territories and states carved out of the former, languished in obscurity and isolation and was administered as a colonial dependency by the military and other branches of the federal government. Its official territorial status and government notwithstanding, while sharing many common aspects of frontier settlement and Western history with territories such as Montana, the Dakotas, Wyoming, and Colorado, Alaska presented special challenges peculiar to a noncontiguous arctic and subarctic environment separated from the United States by a foreign power. Indeed, only the defeated South under Reconstruction experienced the same degree of military occupation and martial law. Alaska also has the unique distinction in the American experience of belonging to Imperial Russia before it became of interest to American expansionists. Still, others found Alaska tempting and pursued their own designs. North of 53° The Spanish, British, Canadians, and even the French plied Alaska's waters and made their claims to Alyeska, the Great Land. And it is with these clashing imperial ambitions that this three-volume history begins.

The Tlingit Indians in Russian America, 1741-1867 A. V. Grinev, 2005-12-01 The Tlingits, the largest Indian group in Alaska, have lived in Alaska's coastal southwestern region for centuries and first met non-Natives in 1741 during an encounter with the crew of the Russian explorer Alexei Chirikov. The volatile and complex connections between the Tlingits and their Russian neighbors, as well as British and American voyagers and traders, are the subject of this classic work first published in Russian and now revised and updated for this English language edition. Andrei Valterovich Grinev bases his account on hundreds of documents from archives in Russia and the United States; he also relies on official reports, the notes of travelers, the investigations of historians and ethnographers, museum collections, atlases, illustrations, and photographs.

Alaska Claus-M. Naske, 1987 History of the state of Alaska from early to contemporary times, discussing its native peoples, sale to the United States, gold rush, quest for statehood, and oil boom. Records of the Russian-American Company Raymond Henry Fisher, 1971 **Imperial Russia and the Struggle for Latin American Independence, 1808-1828** Russell H. Bartley, 2014-10-03 This study, the first of its kind in English, examines Russian responses to the independence movement in Latin America during the early nineteenth century. From a strictly presentist perspective, the investigation of this subject contributes to the historiography of colonialism and of Latin America's relations with the major world powers. In addition, it rounds out the story of foreign interests in the emancipation of Spanish and Portuguese America while at the same time shedding new light on the history of Russian overseas expansion. The study probes the major determinants of Russian responses to the struggle for independence of colonial Latin America and evaluates from a European perspective the actual impact of tsarist policy on the course of those historic events. Drawing on a wide range of printed materials and on hitherto unused manuscript sources from the archives and libraries of Spain, Portugal, Brazil, and the USSR, it isolates Russian New World objectives during the first decades of the nineteenth century and relates those objectives to the formulation of tsarist

policy toward the insurgent Iberian colonies

Fuel your quest for knowledge with is thought-provoking masterpiece, Dive into the World of **Lord Of Alaska Baranov And The Russian Adventure** .
