Lost And Found Poems 1975 198:

The Writers Directory, 1996 **The Expression of the Inexpressible in Eugenio Montale's Poetry** Clodagh J. Brook, 2002 It is impossible to say just what I mean Prufrock's frustration in Eliot's celebrated poem underlines the pessimistic view of language at the heart of much Modernist poetry Locating the greatest Italian poet of the twentieth century Eugenio Montale firmly within European Modernism this book examines the struggle with language that is central to his work What can a poet do when words fail him Does he put down his pen retreat into silence Does he seek instead to push language towards its limits and if so what tools can he employ What part does metaphor the via negativa allusive or understated writing have in this process These are just some of the issues that Clodagh J Brook seeks to address In its unravelling of the inexpressibility paradox her book offers a new reading of Montale's early verse and reveals how in articles and metapoetic comments Montale gives us insights into both his poetics and the whole process of expression **Queer Troublemakers** Prudence Bussey-Chamberlain, 2019-08-08 Irreverent and provoking the figure of the queer troublemaker is a disruptive force both poetically and politically Tracing the genealogy of this figure in modern avant garde American poetry Prudence Bussey Chamberlain develops innovative close readings of the works of Gertrude Stein Frank O'Hara Eileen Myles and Maggie Nelson Exploring how these writers play with identity gender sexuality and genre Bussey Chamberlain constructs a queer poetics of flippancy that can subvert ideas of success and failure affect and affectation performance and performativity poetry and being *Collected Poems of Raymond Souster* Bruce Whiteman, 1984 **Books in Print**, 1991

Lost Property Jennifer Summit, 2000-07 The English literary canon is haunted by the figure of the lost woman writer In our own age she has been a powerful stimulus for the rediscovery of works written by women But as Jennifer Summit argues the lost woman writer also served as an evocative symbol during the very formation of an English literary tradition from the fourteenth through the sixteenth centuries *Lost Property* traces the representation of women writers from Margery Kempe and Christine de Pizan to Elizabeth I and Mary Queen of Scots exploring how the woman writer became a focal point for emerging theories of literature and authorship in English precisely because of her perceived alienation from tradition Through original archival research and readings of key literary texts Summit writes a new history of the woman writer that reflects the impact of such developments as the introduction of printing the Reformation and the rise of the English court as a literary center A major rethinking of the place of women writers in the histories of books authorship and canon formation *Lost Property* demonstrates that rather than being an unimaginable anomaly the idea of the woman writer played a key role in the invention of English literature **Medieval and Renaissance Letter Treatises and Form Letters** Emil J. Polak, 2015-02-11 Letter writing was the major branch of rhetoric in the High Middle Ages *ars dictaminis* and Renaissance *ars epistolandi* As the primary source of discourse it played major roles in the history of education the Latin language and literature and its relation to grammar and oratory *ars arengandi* The letters are also a very rich source ranging from Church

and State correspondence to social hierarchies and fiction Several hundred authors recognized as precursors of the Humanists produced treatises manuals formularies and model letter collections found in a few thousand largely unstudied manuscripts This is the third and final volume of the Medieval and Renaissance Letter Treatises and Form Letters a singular reference work a manuscript inventory of texts most of which were examined in situ by Emil J Polak in almost nine hundred libraries and archives The repertory is arranged alphabetically by country and city with standard details for each manuscript Four indexes conclude the work

The Circulation of Poetry in Manuscript in Early Modern England Arthur F. Marotti, 2021-05-26 This study examines the transmission and compilation of poetic texts through manuscripts from the late Elizabethan era through the mid seventeenth century paying attention to the distinctive material social and literary features of these documents The study has two main focuses the first the particular social environments in which texts were compiled and second the presence within this system of a large body of usually anonymous rare or unique poems Manuscripts from aristocratic academic and urban professional environments are examined in separate chapters that highlight particular collections Two chapters consider the social networking within the university and London that facilitated the transmission within these environments and between them Although the topic is addressed throughout the study the place of rare or unique poems in manuscript collections is at the center of the final three chapters The book as a whole argues that scholars need to pay more attention to the social life of texts in the period and to little known or unknown rare or unique poems that represent a field of writing broader than that defined in a literary history based mainly on the products of print culture

Meister, 2019-11-14 The polar dichotomy between man and god and the insurmountable gulf between them are considered a fundamental principle of archaic and classical Greek religion Greek Praise Poetry and the Rhetoric of Divinity argues that poetry produced between the eighth and the fifth centuries BC does not present such a

uniform view of the world demonstrating instead that particular genres of poetry may assess the distance between humans and gods differently Discussion focuses on genres where the boundaries appear to be more flexible with wedding songs victory odes and selected passages from tragedy and comedy taken as case studies that illustrate that some human individuals may in certain situations be presented as enjoying a state of happiness a degree of beauty or an amount of power comparable to that of the gods A central question throughout is whether these presentations stem from an individual poet's creative ingenuity or from the conventional ideological repertoire of the respective genre and how this difference might shape the comparison of a human with the gods Another important question concerns the ritual contexts in which some of these songs would have been performed expanding the scope of the analysis beyond merely a literary device to encompass a fundamental aspect of archaic and classical Greek culture

The Man Behind the Bayeux Tapestry Trevor Rowley, 2011-11-30 Odo of Conteville the younger half brother of William the Conqueror was ordained Bishop of Bayeux while still in his teens A larger than life character he is best known for commissioning the Bayeux Tapestry in which he makes a dashing appearance at the height of the Battle of Hastings He also played a pivotal role in the planning and implementation of the Conquest of England after which as Earl of Kent he was second only to William in wealth and power The popular impression of Odo is of a not so loveable rogue who typified the worst excesses of the Norman conquerors He was the first Chief Justice of England and on occasion also acted as regent when the king was in Normandy After allegedly defrauding both Crown and Church however Odo was disgraced and his plans to raise an unauthorised army for a campaign in Italy possibly in order to gain the papacy saw him imprisoned for five years He was released by the dying William in 1087 but soon rebelled against the new king his nephew William Rufus Yet Odo was far from being a loutish philistine The bishop recognised the value of education and the arts and amongst his less well known activities was his generous patronage of both

Trevor Rowley's book is the first full length biography of Odo which also seeks to redress this balance and to make Bishop Odo's extraordinary life story known

The Literary Freud Perry Meisel, 2013-10-18 In this book Perry Meisel argues that Freud's texts are properly literary and casts Freud as both literary theoretician and practitioner Here after an introductory reception history of Freud as

literature Meisel provides a series of close readings of Freud's major texts that take literary representation as their central focus. As for Freud's influence on others, it too is structured like a literary history, argues Meisel. He discusses Freud's influence on modernism, Strachey's Standard Edition, once again the subject of debate with the recent Penguin retranslations, and Freud's influence on Michel Foucault. Finally, we explore the relationship of Freud and literature. Does an understanding of how Freud himself writes and influences help us to read literature and interpret it anew?
