I Am Not I Jacob Needleman, 2016-04-19 In this striking meditation on the relationship between the adult self and the inner child Jacob Needleman presents excitingly original positions on age old spiritual and philosophical questions Ken Wilbur Seeking to reconcile the split between our inner child and our adult self eminent philosopher and religious scholar Jacob Needleman evokes the ancient spiritual tradition of a deep dialogue between a guiding wisdom figure and a seeker The elder offers an initiation to a younger self an initiation the author feels is missing from our culture Rendered as a stage play the conversation between the 80 year old author and his younger selves unfolds and an ambiguity emerges as to whether this is strictly the author's internal dialogue or whether the younger self may be nurturing a rebirth of the author On one level I Am Not I brings younger readers teenagers and young adults face to face with powerful spiritual and philosophical ideas But as the book progresses the dialogue delves into questions and insights that carry astonishing new hope and vision for every man and woman challenging our culture's accepted and often toxic ideas about humanity's place in a living universe

Going Beyond the Jesus Story Douglas Lockhart, 2011-09-30 Who am I Why am I Where am I headed and where have I been These are just some of the questions that concern the author of *Going Beyond the Jesus Story* a book that ranges freely across complex and intriguing subject areas such as the nature of religious belief contemplative and meditative experience lucid dreaming the role of feeling in our appreciation of reality the inherently spiritual nature of asking questions and our need to go beyond not only the Jesus story as it has come down to us but also the ingrained notion that self is an ongoing uninterrupted experience of the conscious mind that can be taken for granted Directing our attention to the nature of attention itself we are introduced step by carefully constructed step to the idea that consciousness is not what we have assumed it to be or conscious awareness quite as conscious as we like to think it is Delving into history theology and philosophy in an attempt to reach an integrated understanding of the religious and secular problems we face as human beings the author examines ideas that confront and challenge on just about every level ideas that carry us towards an appreciation of what it means to presence the self to the self as an experience in its own right At this point theory gives way to experiment to methodology to a knowing or seeing that makes this book a unique contribution to the study of human sentience and its evolved and evolving structures

Overhearing a Christian Apology to the Nones Thomas E.

Rodgerson,2021-11-03 While the steady increase of the religiously unaffiliated Nones in America has generated anxious responses about rising secularism and loss of national identity this book suggests a wider meaning making approach wherein the Nones are seen as valuable dialogue partners necessary in this pivotal moment for the revealing of still hidden truths about culture spirituality and religion Christians who overhear this dialogue may find upon self reflection an emerging truth about their relationships embedded stories level of faith development and susceptibility to a culturally conditioned transactional religion Nones who choose to engage in dialogue may find that the nothingness they bring to the dialogue is more significant than they realize revealing truths of an apophatic spiritual path necessary for generating a transformational faith of freedom and capable of rebalancing a divisive consumer driven society The religious and the not religious who are often seen as being on opposite sides of an imagined religious threshold may instead be seen as standing together in a liminal space that opens in wordless silence to yet unseen possibilities and from which emerge new stories aligned with the heart of Creation

Choosing Authenticity Richard N Southworth Ma, Richard Southworth, 2011-04-07 Religion is not enough Culture is not enough Both religion and culture are important even crucial to living a full life but they are not enough Choosing authenticity is the only thing that is enough Our deepest desire is for our active lives to actually become more and more an authentic expression of who we are and who we are called to be by that Mysterious Other we call God We long for a No BS Spirituality that changes the way we actually experience and live our lives We need spiritual practice that facilitates that growth and transformation and conversion of heart It is my prayer that these reflections will respond to that longing Read reflect and enjoy

Path of the Purified Heart Laura Dunham, 2012-02-01 Path of the Purified Heart traces the classic Christian spiritual journey toward transformation into the likeness of Christ in a unique fascinating way Drawing on the voices of wise elders from the past and present Dunham illumines the common path all Christians and spiritual seekers may take toward union with God Through the motifs of the liturgical year and the labyrinth the author weaves in her own journey on this path during her year of purification

God Encountered: Understanding the Christian faith Frans Jozef van Beeck, 1997 God Encountered A Contemporary Catholic Systematic Theology Volume One

The Sermon on the Mount, the Twelve Steps, and the Royal Road Daniel Hazelwood, 2018-04-13 In The Sermon on the Mount the Twelve Steps and the Royal Road Dan Hazelwood presents a unique blend of early church Christianity and the twelve step recovering program that explains how the Christian experience changed over the last four hundred years and how the twelve step process reconnects a spiritually seeking person to a deeper Christ experience that many mainstream churches cannot duplicate In preparation for this journey into studying the sermon he takes the reader on a historical church odyssey and highlights significant philosophical church and secular events that not only affected Christian thought but also were significant in altering how current Christians view Christ He also demonstrates why early Christians viewed Christ differently By providing this background he prepares the reader to study the sermon in a manner the early church did while simultaneously

demonstrating why the twelve steps represent a reconnection to an almost lost and forgotten Christ experience Complementing this journey is an exhaustive examination of biblical Greek so that the reader may gain a deeper understanding of the sermon in its original majestic splendor This challenging and thought provoking book unlocks the deeper meanings of many biblical passages and greatly enhances a spiritual seekers walk Thomas Keating Cynthia Bourgeault, 2024-11-26 The first portrait of spiritual luminary Thomas Keating s remarkable evolution in the last decades of his life into a fully realized modern day Christian mystic In the first four decades of his life as a Trappist monk Thomas Keating created a comprehensive unified psychospiritual pathway leading from healing to holiness and from contemporary psychological wellness to classic mystical sanctity and beatitude As one of the key innovators of the meditative practice of Centering Prayer he fashioned a powerful on ramp to the Christian contemplative tradition Yet as beloved author and Keating disciple Cynthia Bourgeault shows that was not the end of Keating s story his evolution as a spiritual thinker and mystic continued in ways few have explored in depth In this unique blend of biography personal experience and close reading of his late works Bourgeault illuminates Keating s remarkable spiritual development from the late 1980s until his death in 2018 She explores Keating s increasing engagement with nondual spiritual practice His contributions to interspiritual dialogue The evolution of his early teaching on the movement from false self to true self to that from true self to no self His final dark night of the spirit and passage through death New evidence that he never left Christianity but carried it with him to new places These profound final stages of Keating s spiritual journey demonstrate how readers might find their own way as modern mystics fundamentally at home and at peace in the universe
