Irwin Allen Television Productions, 1964-1970 Jon Abbott, 2015-06-14 Before establishing himself as the master of disaster with the 1970s films *The Poseidon Adventure* and *The Towering Inferno* Irwin Allen created four of television's most exciting and enduring science fiction series *Voyage to the Bottom of the Sea* *Lost in Space* *The Time Tunnel* and *Land of the Giants*. These 1960s series were full of Allen's favorite tricks techniques and characteristic touches and influenced other productions from the original *Star Trek* forward. Every science fiction show owes something to Allen yet none has equaled his series pace excitement or originality. This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode and demonstrates that when Irwin Allen's television episodes were good they were great and when they were bad they were still terrific fun.
