Stephen Wilks, Maurice Wright

Oil Crisis And Economic Adjustments:

The Oil Crisis and Economic Adjustments Andrew MacKillop, 1983 Case studies analysing the impact of petroleum price increase and monetary policies for major OECD countries on economic adjustment in petroleum exporting countries Bangladesh Sri Lanka Kenya Senegal Peru and Jamaica examines commodity Terms of Trade gross domestic products current account deficit external debt energy consumption and petroleum product prices reviews world economic trends 1970 to 1980 agricultural sector perspectives and alternative energy source issues in developing countries Graphs and statistical tables **THE OIL CRISIS AND ECONOMIC ADJUSTMENTS** Andrew MACKILLOP, 1983 *Petroleum And Mexico's*

Future Pamela S Falk, 2019-05-28 Addressing the effects of the 1982 crisis through the late 1980s on Mexico's economic and political systems and assessing the country's potential for entering a period of strong economic growth contributors to this volume focus on oil the primary source of Mexico's foreign exchange earnings and on trade with the United States the primary means Economic Shocks and Structural Adjustments: Turkey after 1973 P.J. Conway, 2014-11-28 Recent international economic events have demonstrated the vulnerability of individual countries to external disturbances or shocks Such disturbances necessitate major adjustments to developing countries trade behaviour and therefore also to their domestic economies This volume is an integrated theoretical and econometric study of the impact of global economic changes on the developing Turkish economy during the period 1970-1983 Structural adjustment is defined and presented in the context of a small open economy reacting to external shocks The interaction of government and private sector is incorporated explicitly in an intertemporal model through examination of dynamic game equilibria and the implications of this interaction for the effectiveness of stabilization and liberalization policies are explored This theoretical structure provides the structure for macroeconomic estimation The estimated model then is employed for an econometric decomposition of Turkish historical economic experience into portions due to various external shocks and government policy changes The theoretical section demonstrates the necessity of consideration of government private interactions when measuring and evaluating structural adjustment policies The econometric results confirm the importance of such analysis for Turkey and provide evidence of the impact of various government policies on aggregate consumption investment inflation and current account deficits This book will be of use to both international and development economists as a systematic and insightful examination of structural adjustment in Turkey as well as a template for similar analyses for other open economies

Economic and Political Change in the Middle East Elias Tuma, 2014-10-30 In the early 1960s the Middle East suffered from political instability inefficiency of government widespread poverty and inequality low productivity and a mounting population pressure on the region's resources With the exception of some of the oil exporting countries the entire region still suffers from these same burdens There have been many studies in the economic development and industrialization of the region in recent years This study is different motivated by scepticism and a sense of intellectual frustration and apprehension

because of the apparent inadequacy of socioeconomic and political development in the Middle East First published in 1987

The Promotion and Regulation of Industry in Japan Stephen Wilks, Maurice Wright, 2016-07-27 The international projection of Japan's corporate and technological power is transforming world manufacturing and the international political economy Debate rages about Japan's economic success and the role of the state in nurturing it The Japanese background to these debates is widely misunderstood and are analysed in research based chapters by British and Japanese specialists on government industry relations Japanese policies for industrial promotion regulation and decline are set in a context of comparative political economy Sectors include pharmaceuticals shipbuilding and telecommunications in the US and Japan

Debt And Adjustment Policies In Brazil Jorge Chami Batista, 2019-03-07 This book is the result of long research which started in early 1983 and aimed at examining Brazil's economic adjustment following the two oil shocks of 1973 and 1979 Most of the information and data used in this book was gathered in the period between 1983 and 1987 Therefore the detailed analysis that this book contains on the economic policies and structural changes implemented in Brazil refers basically to the period between the first oil shock in 1973 and the collapse of the Cruzado Plan early in 1987

Japan and the IISS Robert Ward, Yuka Koshino, Matthieu Lebreton, 2023-12-12 Strategic links between Japan and Europe during the Cold War were limited During this period the IISS helped bridge the gap between the two exposing its membership base to the international affairs of Asia and Japan and providing Japanese scholars strategists and diplomats with a platform from which to amplify their voices in the West Analyses by these experts often appeared in IISS publications but the Institute also gained key insights through its well established conferences and lecture series These initiatives illuminated Japanese strategic thinking and perspectives on contemporary critical issues in Japan's and Asia's foreign security and defence policy This Adelphi book through its collection of earlier analysis helps the reader to understand the evolution of Japanese strategic thought from the 1960s until today and shines a light on the continuities and changes in this thinking New original analysis of the material seeks to identify areas where such thinking was prescient and remains relevant to the contemporary strategic environment and other areas where predictions failed or assumptions were proved wrong These new essays were also informed by interviews of Japanese senior scholars and diplomats who spent time with the IISS This book seeks to frame educate and guide strategic thinking on the most pressing issues of today both in and outside Japan and Asia and will be of great interest to analysts practitioners and students of international affairs

Cities And Structural Adjustment Nigel Harris, Ida Fabricius, 2005-08-04 This work addresses the challenge faced in the management of major cities throughout the world as they adjust to economic reform and in particular to becoming more open to the processes operating in worldwide markets Such processes have already had some dramatic effects on large cities in developed and developing countries the rapid decline in manufacturing in older industrial cities and the emergence of the servicing city are but two of the more striking outcomes Based on substantial case studies of cities in the developed and the developing world Sheffield Barcelona Lille
