Paris and Environs with Routes from London to Paris and from Paris to the Rhine and Switzerland Karl Baedeker (Firm),1881 **Fictions of the City** Matthew Taunton,2009-09-29 Many studies of fictions of city life take the fl neur as the characteristic metropolitan type and streets and plazas as definitive urban spaces Looking at novels and films set in London and Paris from L Assommoir to Nil By Mouth this book shows that mass housing is equally central to images of the modern city **Screening the Paris suburbs** Philippe Met,Derek Schilling,2018-02-06 Decades before the emergence of a French self styled hood film around 1995 French filmmakers looked beyond the gates of the capital for inspiration and content In the Paris suburbs they found an inexhaustible reservoir of forms landscapes and social types in which to anchor their fictions from bourgeois villas and bucolic riverside caf s to post war housing estates and postmodern new towns For the first time in English contributors to this volume address key aspects of this long film history marked by such towering figures as Jean Renoir Jacques Tati and Jean Luc Godard Idyllic or menacing expansive or claustrophobic the suburb served divergent aesthetic and ideological programmes across the better part of a century Themes central to French cultural modernity class conflict leisure boredom and anti authoritarianism cut across the fifteen chapters **Surrealism Against the Current** Michael Richardson,Krzysztof Fijalkowski,2001-09-20 Bringing together many Surrealist texts that have never previously been available in English this collection is an essential guide for anyone who wishes to understand the Surrealist movement It traces its development in the words of the Surrealists themselves offering a definitive expression of Surrealism as a collective movement It shows the extent of Surrealist positions and interests and shows how having become a major cultural phenomenon of the twentieth century the issues it has raised remain central to current debates Covering the period 1922 91 these texts illuminate its philosophical political and ethical positions and locate Surrealism in a broader social and cultural context Comprising statements from Surrealist groups in Paris Belgium Romania Sweden and Czechoslovakia and signed by the major participants it reveals the international dimension of Surrealism Music in Paris 1917-1929 Roger Nichols,2002 The Harlequin Years presents a highly readable yet thorough examination of the Parisian music scene in the decade following World War I Through Nichols s lively prose and in his accounts of institutional politics reception histories and behind the scenes debates these places and personalities spring to life Susan McClary author of *Conventional Wisdom* Public Parks, Private Gardens Colta Ives,2018-03-05 The spectacular transformation of Paris during the 19th century into a city of tree lined boulevards and public parks both redesigned the capital and inspired the era s great Impressionist artists The renewed landscape gave crowded displaced urban dwellers green spaces to enjoy while suburbanites and country dwellers began cultivating their own flower gardens As public engagement with gardening grew artists increasingly featured flowers and parks in their work *Public Parks Private Gardens* includes masterworks by artists such as Bonnard Cassatt C zanne Corot

Daumier Van Gogh Manet Matisse Monet and Seurat Many of these artists were themselves avid gardeners and they painted parks and gardens as the distinctive scenery of contemporary life Writing from the perspective of both a distinguished art historian and a trained landscape designer Colta Ives provides new insights not only into these essential works but also into this extraordinarily creative period in France s history **The National Register of Historic Places** ,1966 European Sculpture, 1400-1900, in the Metropolitan Museum of Art Metropolitan Museum of Art (New York, N.Y.), Ian Wardropper,2011 This beautiful book features masterpieces of sculpture in the collection of the Metropolitan Museum dating from the Renaissance through the nineteenth century Celebrated works by the great European sculptors including Luca and Andrea della Robbia Juan Mart nez Monta s Gianlorenzo Bernini Jean Antoine Houdon Bertel Thorvaldsen Antoine Louis Barye Jean Baptiste Carpeaux Edgar Degas and Auguste Rodin are joined by striking new additions to the collection notably Franz Xaver Messerschmidt s remarkable bust of a troubled and introspective man The ninety two selected examples are diverse in media marble bronze wood terracotta and ivory and size ranging from a tiny oil lamp fantastically conceived and decorated by the Renaissance bronze sculptor Riccio to Antonio Canova s eight foot high Perseus with the Head of Medusa executed in the heroic Neoclassical style Incorporating information from the latest scholarly research and recent conservation studies sculpture specialist Ian Wardropper discusses the history and significance of the highlighted works each of which is reproduced with glorious new photography *The Cambridge Companion to the Literature of Paris* Anna-Louise Milne,2013-08-01 No city more than Paris has had such a constant and deep association with the development of literary forms and cultural ideas The idea of the city as a space of literary self consciousness started to take hold in the sixteenth century By 1620 where this volume begins the first in a long line of extraordinary works of the human imagination in which the city represented itself to itself had begun to find form in print This collection follows that process through to the present day Beginning with the salon followed by the hybrid culture of libertinage and the revolutionary hotbeds of working class districts it explores the continuities and changes between the pre modern era and the nineteenth century when Paris asserted itself as cultural capital of Europe It goes on to explore how this vision of Paris as a key capital of modernity has shaped contemporary literature Bibliographic Guide to Maps and Atlases ,1992 **The Rococo Interior** Katie Scott,1995-01-01 Defines and depicts the arts and architecture of the rococo period in France and examines its relation to society **Paris and its environs** Karl Baedeker,1878 History of the Surrealist Movement Gérard Durozoi,2002 Tracing the movement from its origins in the 1920s to its decline in the 1950s and 1960s Durozoi tells the history of Surrealism through its activities publications and reviews demonstrating its close ties to some of the most explosive political as well as creative debates of the twentieth century Unlike other histories which focus mainly on the pre World War II years of the movement in Paris Durozoi covers both a wider chronological and geographic range treating in detail the postwar years and Surrealism s colonization of Latin America the United States Japan Czechoslovakia Belgium Italy and North Africa

Drawing on documentary and visual evidence including 1 000 photos many of them in color he illuminates all the intellectual and artistic aspects of the movement from literature and philosophy to painting photography and film All the Surrealist stars and their most important works are here Aragon Borges Breton Bu uel Cocteau Crevel Dal Desnos Ernst Man Ray Soupault and many more for all of whom Durozoi has provided brief biographical notes in addition to featuring them in the main text

Impressionism John House,2004-01-01 A new perspective on Impressionist art that offers revealing fresh interpretations of familiar paintings In this handsome book a leading authority on Impressionist painting offers a new view of this admired and immensely popular art form John House examines the style and technique subject matter and imagery exhibiting and marketing strategies and social political and ideological contexts of Impressionism in light of the perspectives that have been brought to it in the last twenty years When all of these diverse approaches are taken into account he argues Impressionism can be seen as a movement that challenged both artistic and political authority with its uncompromisingly modern subject matter and its determinedly secular worldview Moving from the late 1860s to the early 1880s House analyzes the paintings and career strategies of the leading Impressionist artists pointing out the ways in which they countered the dominant conventions of the contemporary art world and evolved their distinctive and immediately recognizable manner of painting Focusing closely on the technique composition and imagery of the paintings themselves and combining this fresh appraisal with recent historical studies of Impressionism House explores how pictorial style could generate social and political meanings and opens new ways of looking at this luminous art

The Pantheon , Paris Anthony Sutcliffe,1993-01-01 In this extensively illustrated work one of Paris leading historians links the beauty of the city to its harmonious architecture the product of a powerful tradition of classical design running from the Renaissance through the 20th century

The Revolutionary Politics of Surrealism in Paris, 1934-9 Donald Wendell LaCoss,2001 *The Paris Zone* James Cannon,2016-02-24 Since the mid 1970s the colloquial term zone has often been associated with the troubled post war housing estates on the outskirts of large French cities However it once referred to a more circumscribed space the zone non aedificandi non building zone which encircled Paris from the 1840s to the 1940s This unusual territory although marginal in a social and geographical sense came to occupy a central place in Parisian culture Previous studies have focused on its urban and social history or on particular ways in which it was represented during particular periods By bringing together and analysing a wider range of sources from the duration of the zone s existence this study offers a rich and nuanced account of how the area was perceived and used by successive generations of Parisian novelists including Zola and Flaubert poets songwriters artists photographers film makers politicians and town planners More generally it aims to raise awareness of a neglected aspect of Parisian cultural history while pointing to links between current and past perceptions of the city s periphery
