Parliamentary Diary Of Sir Richard Cocks 1698 17

David Hayton

Parliamentary Diary Of Sir Richard Cocks 1698 17:

The House of Commons, 1690-1715 David Hayton, Eveline Cruickshanks, Stuart Handley, 2002 Ruling Ireland, 1685-1742 David Hayton, 2004 In a series of studies David Hayton offers a comprehensive account of the government of Ireland during the period of transformation from New English colonialism to Anglo Irish patriotism **The House of Commons, 1690-1715: Members A-F** David Hayton, 2002 The Cambridge Edition of the Correspondence of Daniel Defoe Daniel Defoe, 2022-09-29 This comprehensive and authoritative edition of the correspondence of Daniel Defoe situates each letter in its biographical literary and historical contexts A unique source for a turbulent period of British history Defoe s correspondence spans topics including the first age of party marked by Tory and Whig rivalry religious tensions between the Church and Dissenters the uncertainty of the monarchical succession the birth of Great Britain and its establishment as a global empire and the use of the press to mould public opinion As well as an introduction discussing Defoe s epistolary habits and the distinctive features of his letters headnotes and annotations explain each document s occasion beginning in 1703 with Defoe hunted by the government for sedition and ending in 1730 with him again in hiding fleeing creditors months before his death The volume is illustrated with examples of Defoe s letters offering a fresh window onto Defoe s manuscript habits **Hanover and the British Empire, 1700-1837** Nick Harding, 2007 A reappraisal of the links between Hanover and Great Britain highlighting their previously un explored importance The dynastic union which existed between Great Britain and Hanover between 1714 and 1837 is often seen as simply a subject for diplomatic historians of not much consequence In fact as this book shows the connection between Great Britain and Hanover was an important theme which featured significantly in political and intellectual writing at the time both in Hanover and in Britain especially in discourses including in pamphlet literature about the nature of empire Britain s empire and Hanover s place within it The book traces the evolution of such thinking over the entire period of the union demonstrating that there was a strong European element to British imperial thinking alongside the well recognised overseas maritime commercial element It examines how Hanover affected British policy in Europe throughout the period and how the British connection affected Hanover both in periods of peace and periods of warfare when Hanoverian mercenaries were used extensively by Britain and when Hanover often felt that its interests were not best served by the British connection Overall the book shows that Britain s relationship with Hanover was much deeper and more complex than personal union and that Europe and Hanover featured very significantly in British imperial thinking NICK HARDING is Visiting Assistant Professor at the University of North Florida *Marriage, Separation, and Divorce in England, 1500-1700* K. J. Kesselring, Tim Stretton, 2022-02-17 England is well known as the only Protestant state not to introduce divorce in the sixteenth century Reformation Only at the end of the seventeenth century did divorce by private act of parliament become available for a select few men and only in 1857 did the Divorce Act and its creation of judicial divorces extend the possibility more broadly Aspects of the history of divorce are well known from studies

which typically privilege the records of the church courts that claimed a monopoly on marriage But why did England alone of all Protestant jurisdictions not allow divorce with remarriage in the era of the Reformation and how did people in failed marriages cope with this absence One part of the answer to the first question Kesselring and Stretton argue and a factor that shaped people's responses to the second lay in another distinctive aspect of English law its common law formulation of coverture the umbrella term for married women's legal status and property rights The bonds of marriage stayed tightly tied in post Reformation England in part because marriage was as much about wealth as it was about salvation or sexuality and English society had deeply invested in a system that subordinated a wife's identity and property to those of the man she married To understand this dimension of divorce's history this study looks beyond the church courts to the records of other judicial bodies the secular courts of common law and equity to bring fresh perspective to a history that remains relevant today

British Politics in the Age of Holmes Clyve Jones, 2009-03-02 The chapters in this volume celebrate the fortieth anniversary of the seminal work *British Politics in the Age of Anne* by looking at how Holmes's writing has influenced later historians in various fields including ones not directly addressed by Holmes such as gender jacobite and urban history This volume celebrates the fortieth anniversary of the seminal work *British Politics in the Age of Anne* by Geoffrey Holmes Demonstrates how Holmes's writing has influenced later generations of historians in various fields Investigates how this 1967 book was established as a masterpiece of historical research and writing and how it quickly became the accepted interpretation of the politics of the early eighteenth century replacing previous work based on the methodology of Sir Lewis Namier This new book also shows how topics which Holmes's only touched upon such as gender jacobite and urban history have also been greatly influenced by his work Also available to buy as part of the Parliamentary History journal package www.blackwellpublishing.com/parh

The Origins of Sex Faramerz Dabhoiwala, 2012-05 A man admits that when drunk he tried to have sex with an eighteen year old girl she is arrested and denies they had intercourse but finally begs God's forgiveness Then she is publicly hanged alongside her attacker These events took place in 1644 in Boston where today they would be viewed with horror How and when did such a complete transformation of our culture's attitudes toward sex occur In *The Origins of Sex* Faramerz Dabhoiwala provides a landmark history one that will revolutionize our understanding of the origins of sexuality in modern Western culture For millennia sex had been strictly regulated by the Church the state and society who vigorously and brutally attempted to punish any sex outside of marriage But by 1800 everything had changed Drawing on vast research from canon law to court cases from novels to pornography not to mention the diaries and letters of people great and ordinary Dabhoiwala shows how this dramatic change came about tracing the interplay of intellectual trends religious and cultural shifts and politics and demographics The Enlightenment led to the presumption that sex was a private matter that morality could not be imposed that men not women were the more lustful gender Moreover the rise of cities eroded community based moral policing and religious divisions undermined both church authority and fear of divine

punishment Sex became a central topic in poetry drama and fiction diarists such as Samuel Pepys obsessed over it In the 1700s it became possible for a Church of Scotland leader to commend complete sexual liberty for both men and women Arguing that the sexual revolution that really counted occurred long before the cultural movement of the 1960s Dabhoiwala offers readers an engaging and wholly original look at the Western world s relationship to sex Deeply researched and powerfully argued *The Origins of Sex* is a major work of history *Republican Learning* Justin Champion,2003 The book argues that Toland shaped the republican tradition after the Glorious Revolution into a practical and politically viable programme focused not on destroying the monarchy but on reforming public religion and the Church of England The book also examines how Toland used his social intimacy with a wide circle of men and women ranging from Prince Eugene of Savoy to Robert Harley to distribute his ideas in private It also explores the connections between Toland s erudition and print culture arguing that his intellectual project was aimed at compromising the authority of Christian knowledge as much as the political power of the Church Jacket *Parliamentary History* ,2002 *Book Review Index* Gale Group,Thomson Gale Staff,1999-09 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year *Precursors of Nelson* Peter Le Fevre,Richard Harding,2000 Although Nelson dominates the naval history of the late eighteenth century in many respects his achievements marked the culmination of a developing tactical tradition in the Royal Navy The contribution of his predecessors has been neglected however largely because so few admirals have received proper modern study This volume sets out to adjust the record by providing a series of in depth biographical essays of the most important figures each written by a specialist in the field **Historical Abstracts** ,1999 *1650-1850* ,1994 **The Mariner's Mirror** Leonard George Carr Laughton,Roger Charles Anderson,William Gordon Perrin,2000 *Oxford Dictionary of National Biography: Sharp-Smiles* Henry Colin Gray Matthew,Brian Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002 *Captain Kidd and the War against the Pirates* Robert C. Ritchie,1989-03-15 Ritchie demonstrates that even dashing scoundrels were slaves to economics in this lively history of piracy He focuses on the shadowy figure of William Kidd whose career in the late 17th century swept him from the Caribbean to New York to London to the Indian Ocean before he ended in Newgate prison and on the gallows **Current Contents** Institute for Scientific Information (Philadelphia),1998 *The Times Index* ,1997 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement *Oxford Dictionary of National Biography: Hanbury-Hay* Henry Colin Gray Matthew,Brian Harrison,2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002
