not hearing the gospel They are hearing an anti gospel The devil is a very subtle liar who opposes God and his gospel See Genesis 3 1 John 8 44 That old serpent has stealthily introduced his deceptive anti gospel into the pulpits of churches around the world He has very craftily mixed the leaven of the Pharisees and Sadducees into the gospel and ruined the whole loaf Matthew 16 6 12 The resulting false gospel is premised on the idea that all men are freed from the bondage to sin and therefore have the ability to choose of their own free will whether or not to believe in Jesus This is not a dispute over a fine distinction that is only of interest to theologians This issue goes to the heart of the gospel It goes to the heart of salvation It goes to the heart of who is Jesus The bible states that man is spiritually dead and must be born again by the power of God Ephesians 2 1 6 John 3 3 8 God has elected certain to be saved by his grace through faith in Jesus Christ Ephesians 1 3 9 2 8 10 He imbues his elect with the faith needed to believe in Jesus Romans 3 21 26 John 1 12 13 The devil s false gospel reverses the order of things Under the false gospel preached in most churches Jesus does not choose his elect for salvation instead all men have a free will to choose Jesus Instead of God choosing man man chooses God This mythology is not supported by the bible It is at the heart of a devilish conspiracy against God and man The free will anti gospel denies the sovereignty of God and blasphemously makes God out to be a liar The free will gospel is a heathen gospel that has a god but that god is not the God of the bible The calling of the true Jesus is effectual all who are chosen for salvation will believe in him John 6 37 40 The free will gospel has a false Jesus who only offers the possibility of salvation with no assurance The scriptures warn about such a false Jesus 2 Corinthians 11 4 The free will gospel denies the total depravity of man and the sovereign election of God The true gospel has a Jesus who loves only his children and saves them for eternity in heaven The devilish anti gospel has a false Jesus who loves everyone in the world but this false Jesus casts most of those whom he loves in hell suffering in torments for eternity in a lake of fire The true Jesus makes it clear in Matthew 7 that he never loved those who are sent to hell I never knew you depart from me ye that work iniquity Matthew 7 23 See also Romans 9 21 23 The true God of the bible saves those whom he has elected for salvation and he condemns those whom he has elected for condemnation See Romans 9 The false Jesus of the anti gospel looks on helplessly while the sinner who is spiritually dead in trespasses and sin decides whether to believe in him The true Jesus preordained and chose his elect to believe in him before the foundation of the world Ephesians 1 4 5 The false Jesus is an impotent Jesus who must yield to the desires of men if men decide after they are saved that they would rather reject Jesus and take their chances with being thrown into hell they can forfeit their salvation The false Jesus is powerless to stop them The true Jesus is Lord of Lords and King of Kings who is able to preserve his elect and will lose none of those whom he has chosen for salvation John 10 27 29

call for evangelicals to be defined once again by what we fight for not what we fight against It looks at what it means to be evangelical as opposed to liberal or fundamentalist what it means to have a Bible that is inspired by God and yet written by humans and what it means to be people of the gospel of faith hope and love It discusses the role of doubt social justice and unity and encourages us to fight with the weapons of war that God has given us peace love and reconciliation with God

Surfing the Past Olivier Nyirubugara, 2012 This book discusses one of the most frequently discussed subjects in history education during the last two decades namely how secondary school pupils use the World Wide Web for their learning activities Based on two case studies in two Dutch schools the book shows some ways in which the use of the Web has changed history education in at least three respects first the findings of the two case studies show that the Web has a huge potential to turn the history class previously described as boring and too abstract into a livelier and more attractive environment where concepts events phenomena and processes of the past almost always have textual and or audio visual representations second strong indications were observed showing that the Web fosters historical understanding not only by triggering thinking processes that take pupils beyond the shown contents but also by prompting them to evaluate sources and sample relevant fragments for their assignments third the Web has brought into history education sources that were previously excluded including those described as unconventional This book shows among other things that convergence is underway on both the user side since pupils use both conventional and unconventional online sources and the content production side where heritage institutions are increasingly getting involved in unconventional platforms like Wikipedia The latter emerged from the two case studies as the most popular source of historical information while the websites of heritage institutions tended to appear at the bottom of the list of references Unlike personal sites which also scored better heritage sites face some obstacles including the still dominant desire to preserve institutions identity and uniqueness conservatism which often prevents the redefinition of collection management tasks and the tax payers dilemma For that reason collections are not hyperlinked and therefore remain invisible and not easy to find online
