Dinosaur Planet Stephen Leigh, 2004 **Dinosaurs in Fantastic Fiction** Allen A. Debus, 2006 This literary survey examines how paleoliterature originated developed and matured from its inception to the present day It follows trends on the crafting of classic dinosaurs investigating the figurative and metaphoric meaning of fictional dinosaurs and related prehistoria An appendix provides brief summaries of deserving dinosaur texts organized alphabetically by author Provided by publisher

Dinosaurs by the Decades Randy Moore, 2014-07-23 Providing an appealing chronology of all things dinosaur this book covers these ancient creatures roles and surprising importance in science religion and society at large This exhaustive up to date book contains more than 2 000 entries about dinosaurs and dinosaur related topics It provides not only detailed information about their discovery underlying science and recent technologies and theories but also encompasses all of the facets of dinosaurs in society for example their use in consumer marketing and promotion popularization of dinosaurs in the media as proof for both evolutionists and creationists to substantiate their claims about life s origins and as cultural artifacts

Organized chronologically the book offers an informative and entertaining timeline of how dinosaurs have appeared in science religion and society since they were discovered in the 1800s covering everything from dinosaur museum displays to how dinosaurs served advocates of young Earth creationism This fascinating work enables a broad appreciation for the surprising significance of dinosaurs in many aspects of our daily lives and modern society Dinosaurs Ever Evolving Allen A. Debus,2016-06-21 From their discovery in the 19th century to the dawn of the Nuclear Age dinosaurs were seen in popular culture as ambassadors of the geological past and as icons of the life through time narrative of evolution They took on a more foreboding character during the Cold War serving as a warning to mankind with the advent of the hydrogen bomb As fears of human extinction escalated during the ecological movement of the 1970s dinosaurs communicated their metaphorical message of extinction urging us from our destructive path Using an eclectic variety of examples this book outlines the three fold evolution of dinosaurs and other prehistoric monsters in pop culture from their poorly understood beginnings to the 21st century

Serious about Series Silk Makowski,1998-10-15 Teen paperback series routinely castigated or ignored by Young Adult librarians despite their popularity with young adults should be considered for inclusion in collections alongside other genres In *Serious about Series* Makowski provides distinct criteria by which these series can be judged for quality within their genre and emphasizes them as an inexpensive way to fulfill patron needs and increase circulation by bringing young people often considered non readers into the library Makowski's book is an insightful evaluation of over fifty popular series and includes an introduction that analyzes the teen series paperback genre and its significance for both teen reading practices and library services Hundreds of titles are annotated in the book allowing librarians to develop in house bibliographies of favorite teen series titles making this a truly useful reference source for the young adult librarian
