Reaching Your Possibilities Through Commitment:

Reaching Your Possibilities Through Commitment Gerald W. Marshall, 1981-03 *How to Reach Your Full Potential for God* Charles F. Stanley, 2009-12-28 Are you ready to experience God's best? In *How to Reach Your Full Potential for God*, best-selling author, teacher, and pastor Charles F. Stanley laid out seven essentials to an abundant life: the life of purpose that God planned specifically for you. The *How to Reach Your Full Potential for God* Study Guide takes you even deeper into biblical text to understand your unique role in the Father's kingdom. To help you there are *Think About Today*, *Think About God*, and *Think About the Future* sections to unpack the present plan for the future and discover God's purpose through it all. Bible passages to go deeper into the message of the book. A variety of questions, checklists, and writing exercises to unveil what Scripture teaches about your potential. And personal questions to help you discover more about your spiritual journey toward God's best. Dr. Stanley says, "You are not here by accident. You are here to accomplish a job that God assigned to you from eternity past. If you settle for less than God's best in your life, the world will lose your contribution, and you will miss the exhilaration of reaching your full potential." Chapter by chapter in this study guide, Dr. Stanley makes the biblical path to fulfilling your God-given potential clear, practical, and inspiring. Complete these exercises and find new vistas of joy, peace, and love that your heavenly Father has waiting for you.

[Margo's Blogs](#) Margo Kirtikar Ph.D., 2021 *Margo's Blogs: Food for Your Soul* This book is a collection of some of my blogs, articles, essays, reflections, and books spanning the past three decades on the subject of Spiritual Conscious Evolution. I realize I am one of millions of others like me who are devoted to the same cause, but I also know that this is necessary to reach as many souls as possible. The many variations of teachers and methods of teaching are necessary to reach as many hearts and minds as possible because, after all, perceptions differ, and levels of understanding differ as much as people differ. The subjects of these blogs cover intuition, consciousness, evolution, self-transformation, universal laws, change, respiration, meditation, suffering, balancing the masculine and the feminine energies, self-observation, and much more. Everyone of these blogs is written in a timeless fashion and holds true today as much as the time in which they were written.
