Reading Hebrews and 1 Peter from Majority World Perspectives Sofanit T. Abebe, Elizabeth W. Mburu, Abeneazer G. Urga, 2024-09-19 The contributors to this volume offer a bold re reading of Hebrews and 1 Peter from the perspective of the Global South The chapters provide enriching new hermeneutical and theological insights revealing facets of the text that may not at first be apparent to readers within a Eurocentric context The volume is thus able to explore topics ranging from the authorship of Hebrews in the Ethiopian Orthodox tradition and the Batak reading of Christus Victor to a Xhosa perception of the solidarity and sacrifice of Jesus and intercultural readings of Christian identity in the context of persecution With an introduction and final response by scholars from the Global North this volume encourages awareness of how the Global South contributes to world Christianity

Messianic Beliefs and Imperial Politics in Medieval Islam Hayrettin Yücesoy, 2009 An analysis of the dynamic relationship between apocalyptic prophecies and medieval Muslim politics Messianic Beliefs and Imperial Politics in Medieval Islam analyzes the role of Muslim messianic and apocalyptic beliefs in the development of the Abbasid Caliphate to highlight connections between charismatic authority and institutional developments in the early ninth century Hayrettin Y cesoy studies the relationship between rulers and religion to advance understanding of the era s political actions and more specifically to illustrate how messianic beliefs influenced Abbasid imperial politics and contributed to the reshaping of the caliphate under al Ma mun 809 33 after a decade long civil war Y cesoy challenges traditional sociological views that marginalize messianic beliefs as oppositional ideologies of disfranchised social classes to be used against the political establishment Instead he finds a mode of symbiosis between messianic beliefs political reform and imperial ambitions put in motion by al Ma mun s acute understanding of the sociopolitical and ideological context of his time Y cesoy demonstrates how the caliphate absorbed influences from the late antique world and Near Eastern cultures to fashion a prophetic vision that served to undergird al Ma mun s imperial aspirations A comprehensive portrait of the caliph and his reign emerges from this study as a result By drawing on records of Muslim and non Muslim apocalyptic prophecies circulating among the general public and educated elites alike this study demonstrates the pertinence of messianic beliefs to medieval Muslim politics and illustrates the manner in which the caliph

responded and shaped societal concerns on three distinct fronts domestic fiscal and administrative reforms an increase in missionary and military activities and religious reform Y cesoy shows that political usefulness contributed to the longevity of charismatic ideologies by addressing how the Abbsid ruling class adopted such beliefs as a medium to initiate governmental reforms and expand their authority This work adds new layers to ongoing interdisciplinary discourse about the importance of religion in Islamic sociopolitical life both historically and in the contemporary Muslim world The Institute Tie ,1917

natural microcosms as they stand in for all the conflicting realms of identity its interstices and ruins are seen as inhabited by bodies that reproduce internally the external conditions of political and social struggle The study brings into focus the fiction in which London provides not a residual interest but a strong psychic phenomenological grounding and where the awareness of the physical reality of buildings and landscape conditions shape the concept of the subject traversing this space Authors such as J G Ballard Geoff Dyer Michael Moorcock Peter Ackroyd Iain Sinclair Geoff Ryman Tom McCarthy Michael Bracewell and Zadie Smith are considered in order to map the relationship of body architecture and spatial politics in contemporary creative prose on the city Through readings that are consistently informed by recent developments in urban studies and reflections formulated by architects sociologists anthropologists and art critics this book offers a substantial contribution to the burgeoning field of literary urban studies

The Stargate Conspiracy Lynn Picknett, 2001-09-01 In recent years alternative historians have gained remarkable insight into the mysteries of ancient Egypt but according to Lynn Picknett and Clive Prince their discoveries tie into a dangerous conspiracy nearly fifty years in the making At the center of this conspiracy is a group of respected powerful individuals who believe that the ancient Egyptian gods are really extraterrestrials who will soon return to earth The conspirators have intimate and exclusive knowledge of this momentous second coming but they insist on keeping it to themselves What could be the purpose of such a conspiracy Why are the conspirators so desperate to keep their information a secret And what does it mean for mankind In this riveting well researched book Picknett and Price offer compelling evidence that the conspiracy exists and expose the insidious motivations of the individuals and organizations behind it

J.G. Ballard's Politics Florian Cord, 2017-01-23 This book is the first sustained investigation of the political dimension in the work of J G Ballard A product

of and reaction to the cultural socio economic moment commonly designated as the postmodern condition Ballard's oeuvre is read as a continuous and developing meditation on the postmodern examining it specifically as an expression of late capitalism The book shows that at the heart of this meditation lies the question of resistance Drawing on a wide range of concepts and ideas taken from the field of critical theory it argues that in the face of a world marked by an unprecedented expansion of capital in which modernity's grand narratives have been invalidated and in which received forms of political struggle have lost their effectiveness Ballard's fiction commits itself to a deliberately irrational and extreme pataphysical thought in order to develop a new discourse of resistance Against past readings that have construed Ballard's writing as non political decadent or quietist the study thus reveals Ballard as a thoroughly political author committed to a subversive politics In this way the book also constitutes a timely intervention in the ongoing discussion concerning the nature and state of the political
