Daddy's Girls Suzanne Gold,2000-11-17 Daddys Girls is a rich yet simple family tale of love madness and spirit told in the three first person points of view of its three women Overlapping vignettes create a vivid patchwork of lifes defining moments to reveal dark forces lurking beneath the familys typical middle class veneer as they struggle to love one another The story is fiction with a dash of magical realism but the inspiration is autobiographical Daddys Girls recently received a glowing review from Terry Mathews of Bookbrowser com She calls it A book that will speak to you on many levels that can alter your perception of the world broaden your horizons and urge you to think outside the box The best book Ive read since Cunninghams THE HOURS And Ruth Williams author of Younger Than That Now says Daddys Girls is a luxuriant narrative telling the stories of three complex women two sisters and their mother and how their lives are impacted by the mental illness of one A fascinating and obviously well informed look at heartbreaking realities This is a book written from the heart

Galaxy Legend Short Stories Vol.1 Anthony Boucher et al.,2016-02-15 Galaxy Science Fiction was an American digest size science fiction magazine published from 1950 to 1980 It was founded by an Italian company World Editions which was looking to break into the American market World Editions hired as editor H L Gold who rapidly made Galaxy the leading science fiction sf magazine of its time focusing on stories about social issues rather than technology Gold published many notable stories during his tenure including Ray Bradbury s The Fireman later expanded as Fahrenheit 451 Robert A Heinlein s The Puppet Masters and Alfred Bester s The Demolished Man In 1952 the magazine was acquired by Robert Guinn its printer By the late 1950s Frederik Pohl was helping Gold with most aspects of the magazine s production When Gold s health worsened Pohl took over as editor starting officially at the end of 1961 though he had been doing the majority of the production work for some time Under Pohl Galaxy had continued success regularly publishing fiction by writers such as Cordwainer Smith Jack Vance Harlan Ellison and Robert Silverberg However Pohl never won the annual

Hugo Award for his stewardship of Galaxy winning three Hugos instead for its sister magazine If In 1969 Guinn sold Galaxy to Universal Publishing and Distribution Corporation UPD and Pohl resigned to be replaced by Ejler Jakobsson Under Jakobsson the magazine declined in quality It recovered under James Baen who took over in mid 1974 but when he left at the end of 1977 the deterioration resumed and there were financial problems writers were not paid on time and the schedule became erratic By the end of the 1970s the gaps between issues were lengthening and the title was finally sold to Galileo publisher Vincent McCaffrey who brought out only a single issue in 1980 A brief revival as a semi professional magazine followed in 1994 edited by H L Gold s son E J Gold this lasted for eight bimonthly issues At its peak Galaxy greatly influenced the science fiction field It was regarded as one of the leading sf magazines almost from the start and its influence did not wane until Pohl s departure in 1969 Gold brought a sophisticated intellectual subtlety to magazine science fiction according to Pohl who added that after Galaxy it was impossible to go on being naive SF historian David Kyle agrees commenting that of all the editors in and out of the post war scene the most influential beyond any doubt was H L Gold Kyle suggests that the new direction Gold set inevitably led to the experimental New Wave the defining science fiction literary movement of the 1960s
