Sibaprasad Dutta

Readers Delight:

The Shadow of Light Sibaprasad Dutta, 2015-04-29 Sibaprasad Dutta born 31 August 1951 hails from an obscure village in India. He majored in English Literature from The University of Calcutta and then did M A in English Literature in Jadavpur University Calcutta. After teaching for some time he joined a bank and as a bank officer earned the diplomas in banking like CAIIB Bombay and ACIB London. He gave up the job in the bank as Assistant Regional Manager at the age of forty nine in 2001 and joined Ramakrishna Mission Residential College as a Guest Lecturer. Now retired, Dutta is engaged in guiding students doing research work, writing poems and short stories and translating into English ancient Indian scriptures. Written in Sanskrit, Poetry is the chief passion of Dutta and to it he devotes much of his attention. He believes in the spontaneity of poetical works and does not write unless he is fully inspired and haunted. Although his poems contain allusions, he is not after uncommon mythological allusions and carefully yet spontaneously avoids complexities in thoughts and images. As a follower of Wordsworth, he believes in simplicity of diction sans colloquialism and slangs. His is a refined and polished language, rhythmical and melodious. Sometimes he writes in free verse but even when he writes in free verse he has a surprising rhyme scheme. To Dutta, poetry has a definite character marked by rhythm and rhyme. He believes that poetry without rhythm and rhyme is a belle with a flat chest.

Plagiarisma! Geoffrey Sanborn, 2016-03-08. William Wells Brown (1814-1884) was a vocal abolitionist, a frequent antagonist of Frederick Douglass and the author of *Clotel*, the first known novel by an African American. He was also an

extensive plagiarist copying at least 87 000 words from close to 300 texts In this critical study of Brown s work and legacy Geoffrey Sanborn offers a novel reading of the writer s plagiarism arguing the act was a means of capitalizing on the energies of mass cultural entertainments popularized by showmen such as P T Barnum By creating the textual equivalent of a variety show Brown animated antislavery discourse and evoked the prospect of a pleasurably integrated world Brown s key dramatic protagonists were the spirit of capitalization the unscrupulous double of Max Weber s spirit of capitalism and the beautiful slave girl a light skinned African American woman on the verge of sale and rape Brown s unsettling portrayal of these figures unfolded within a riotous patchwork of second hand texts upset convention and provoked the imagination Could a slippery upstart lay the groundwork for a genuinely interracial society Could the fetishized image of a not yet sold woman hold open the possibility of other destinies Sanborn s analysis of pastiche and plagiarism adds new depth to the study of nineteenth century culture and the history of African American literature suggesting modes of African American writing that extend beyond narratives of necessity and purpose characterized by the works of Frederick Douglass and others

British State Romanticism Anne Frey, 2009-12-17 *British State Romanticism* contends that changing definitions of state power in the late Romantic period propelled authors to revisit the work of literature as well as the profession of authorship Traditionally critics have seen the Romantics as imaginative geniuses and viewed the supposedly less imaginative character of their late work as evidence of declining abilities Frey argues in contrast that late Romanticism offers an alternative aesthetic model that adjusts authorship to work within an expanding and bureaucratizing state She examines how Wordsworth Coleridge Austen Scott and De Quincey portray specific state and imperial agencies to debate

what constituted government power through what means government penetrated individual lives and how non governmental figures could assume government authority Defining their work as part of an expanding state these writers also reworked Romantic structures such as the imagination organic form and the literary sublime to operate through state agencies and to convey membership in a nation
