Reading Fabliaux:

Reading Fabliaux Norris J. Lacy, 2013-01-11 First published in 1993 This volume is the author's observations of his reading of Fabliaux in order to observe their materials methods and to evaluate the effect of those methods He looks at 150 texts in order to uncover the individual fabliau rather than treat them as a whole genre *Reading Fabliaux* Norris J. Lacy, 1993 First Published in 1993 Routledge is an imprint of Taylor Francis an informal company *The Old French Fabliaux* John F. Moran, Norris J. Lacy, 2007-10-10 This collection of 14 critical essays examines short comedic tales from the 13th and 14th centuries commonly known as the medieval French fabliaux Each essay focuses on a different aspect of common fabliaux humor as illustrated by a scholarly analysis of one or several original texts Topics covered include the use and misuse of metaphorical language the trickster figure humorous treatments of subjects ranging from seduction to physical violence and numerous fabliau examples of scheming and deception whether for purposes of revenge or sexual conquest or for the simple pleasure of successful deceit Throughout the work contributors provide a serious analysis of the fabliaux without losing sight of the tales original comedic content and appeal *Boccaccio's Fabliaux* Katherine A. Brown, 2020-04-02 A remarkably well informed and truly innovative study of the way Boccaccio reimagined and rewrote Old French fabliaux in his Decameron Fran ois Rigolot Princeton University Theoretically savvy and yet jargon free philologically impeccable and critically acute this is a book that shows the author's unflinching dedication to the highest standards of scholarship Simone Marchesi author of Dante and Augustine Brown's attention to codicological contexts coupled with persuasive new interpretations of some of the fabliaux and Decameron stories make this book a pleasure to read for medievalist veterans and novices alike Renate Blumenfeld Kosinski author of Poets Saints and Visionaries of the Great Schism 1378 1417 Short works known for their humor and ribaldry the fabliaux were comic or satirical tales told by wandering minstrels in medieval France Although the fabliaux are widely acknowledged as inspiring Giovanni Boccaccio's masterpiece the Decameron this theory has never been substantiated beyond perceived commonalities in length and theme This new and provocative interpretation examines the formal similarities between the Decameron's tales of wit wisdom and practical jokes and the popular thirteenth century fabliaux Katherine Brown examines these works through a prism of reversal and chiasmus to show that Boccaccio was not only inspired by the content of the fabliaux but also by their fundamental design where a passage of truth could be read as a lie or a tale of life as a tale of death Brown reveals close resemblances in rhetoric literary models and narrative structure to demonstrate how the Old French manuscripts of the fabliaux were adapted in the organization of the Decameron Identifying specific examples of fabliaux transformed by Boccaccio for his classic Decameron Brown shows how Boccaccio refashioned borrowed literary themes and devices playing with endless possibilities of literary creation through manipulations of his model texts Katherine A Brown is a specialist of medieval French and Italian literature Logic and Humour in the Fabliaux Roy Percy, 2007 A theoretically defensible

inventory of the fabliaux based on a new structural definition Joseph Bawdier's 1893 definition of the fabliaux as funny stories in verse is still widely accepted as the best brief and general description for a heterogeneous collection of texts But the heterogeneity creates difficulties and at the periphery of the canon all three of the criteria included in Bawdier's definition are open to question The inventory proposed in the current study is based on a new structural definition a conjuncture akin to that of romance combining a logical episteme with a rhetorical narreme The episteme features a contradictory taken from Boolean algebra and assumes four different forms depending on whether ambiguity resulting from the contradictory is understood by neither by both or by either the sender or the receiver of a message In the first two instances a character foreign to the episteme intervenes to resolve confusion in the narreme or appears as the victim of the sophistical assumption of a contrary to fact reality in the latter instances the sender or the receiver of the message in the episteme triumphs in the narreme The resulting inventory including and augmenting the texts admitted by Per Nykrog and discarding numerous stories already challenged for authenticity is theoretically defensible to a degree not previously achieved ROY PEARCY is an Honorary Research Fellow of the University of London

The Fabliaux, 2013-06-10 Bawdier than The Canterbury Tales this is the first major English translation of the most scandalous and irreverent poetry in Western literature Contains 69 poems with a parallel Old French text

Laughter in the Middle Ages and Early Modern Times Albrecht Classen, 2010-09-22 Despite popular opinions of the dark Middle Ages and a gloomy early modern age many people laughed smiled giggled chuckled entertained and ridiculed each other This volume demonstrates how important laughter had been at times and how diverse the situations proved to be in which people laughed and this from late antiquity to the eighteenth century The contributions examine a wide gamut of significant cases of laughter in literary texts historical documents and art works where laughter determined the relationship among people In fact laughter emerges as a kaleidoscopic phenomenon reflecting divine joy bitter hatred and contempt satirical perspectives and parodic intentions In some examples protagonists laughed out of sheer happiness and delight in others because they felt anxiety and insecurity It is much more difficult to detect premodern sculptures of laughing figures but they also existed Laughter reflected a variety of concerns interests and intentions and the collective approach in this volume to laughter in the past opens many new windows to the history of mentality social and religious conditions gender relationships and power structures

Performing Medieval Narrative Evelyn Birge Vitz, Nancy Freeman Regalado, Marilyn Lawrence, 2005 A survey of an investigation into whether medieval narrative was designed for performance

Prostitution in Medieval and Early Modern Literature Albrecht Classen, 2019-07-18 Prostitution is known as the oldest profession in the history of humanity While historians have already given due consideration to the profession's social and cultural meanings across time periods little has been written about literary representations of prostitution Prostitution in Medieval and Early Modern Literature analyses the work of writers from an

array of social positions including courtly poets and even religious writers dealing with the topic during the medieval and early modern periods Its study shows that prostitutes and brothel owners were present on the literary stage far more often than we might have assumed Utilizing an interdisciplinary approach and incorporating relevant sources from across the entire European continent dating from the early Middle Ages to the sixteenth century it examines the phenomenon of prostitution in a variety of contexts and highlights the extent to which the institution mattered for both the higher and the lower classes

Torture and Brutality in Medieval Literature Larissa Tracy,2015 A new look at the way in which medieval European literature depicts torture and brutality

Thresholds and Boundaries Lynn F. Jacobs,2017-09-25 Although liminality has been studied by scholars of medieval and seventeenth century art the role of the threshold motif in Netherlandish art of the late fourteenth fifteenth and early sixteenth centuries this late medieval early early modern period has been much less fully investigated *Thresholds and Boundaries Liminality in Netherlandish Art 1385 1550* addresses this issue through a focus on key case studies Sluter s portal of the Chartreuse de Champmol and the calendar pages of the Limbourg Brothers Tr s Riches Heures and on important formats altarpieces and illuminated manuscripts Lynn F Jacobs examines how the visual thresholds established within Netherlandish paintings sculptures and manuscript illuminations become sites where artists could address relations between life and death aristocrat and peasant holy and profane and man and God and where artists could exploit the betwixt and between nature of the threshold to communicate paradoxically both connections and divisions between these different states and different worlds Building on literary and anthropological interpretations of liminality this book demonstrates how the exploration of boundaries in Netherlandish art infused the works with greater meaning The book s probing of the often ignored meanings of the threshold motif casts new light on key works of Netherlandish art

Words that Tear the Flesh Stephen Alan Baragona,Elizabeth Louise Rambo,2018-01-22 The rhetorical trope of irony is well trod territory with books and essays devoted to its use by a wide range of medieval and Renaissance writers from the Beowulf poet and Chaucer to Boccaccio and Shakespeare however the use of sarcasm the flesh tearing form of irony in the same literature has seldom been studied at length or in depth Sarcasm is notoriously difficult to pick out in a written text since it relies so much on tone of voice and context This is the first book length study of medieval and Renaissance sarcasm Its fourteen essays treat instances in a range of genres both sacred and secular and of cultures from Anglo Saxon to Arabic where the combination of circumstance and word choice makes it absolutely clear that the speaker whether a character or a narrator is being sarcastic Essays address among other things the clues writers give that sarcasm is at work how it conforms to or deviates from contemporary rhetorical theories what role it plays in building character or theme and how sarcasm conforms to the Christian milieu of medieval Europe and beyond to medieval Arabic literature The collection thus illuminates a half hidden but surprisingly common early literary technique for modern readers

authors from across Europe and how language can affect the interpretation of the literature It expands beyond the Eurocentric appraisal of medieval works and takes into consideration a broader response

The Stereotype of the Priest in the Old French Fabliaux Daron Burrows, Daron Lee Burrows, 2005 The Old French fabliaux may be notorious for their bawdy content but few aspects of these medieval comic narratives are as astonishing as their depiction of the parish priest whose fiscal and sexual transgressions are on occasion so enormous that lay protagonists are driven to inflict graphic punishments ranging from public exposure and communal beating to castration and murder In this study Burrows draws on social psychological research into the cognitive and socio motivational components of stereotyping to explore the forces underlying the creation and development of the fabliau priest Through an assessment of the constituent elements of the figure against a background of a range of literary and historical sources Burrows demonstrates that the literary figure is the product of the specific socio historical context of contemporaneous changes in relationships between Church and laity in which anticlerical stereotyping in a manner comparable to other instances of outgroup derogation can be attributed to a quest for positive social identity and ingroup solidarity on the part of an inscribed lay audience
