Revolutionary Education In China Documents And Commentary

Lee S. Zhu

Revolutionary Education In China Documents And Commentary:

Revolutionary Education in China Peter J. Seybolt, 2015-12-22 Originally published in 1973 this title analyses revolutionary changes in the Chinese education system and illustrates China's radical departure from both traditional and Western goals. In his extensive introduction Peter J. Seybolt puts the transformation of education in the context of China's socio-economic development and offers insight into why educational reform is at the heart of Chinese society's radical progress. Additionally, this volume offers valuable historical background as well as a biographical guide and a glossary allowing for a fuller understanding of both historical and modern issues. This is an ideal title for students interested in Asian Studies and History.

Revolutionary Education in China Peter J. Seybolt, 2015-12-22 Originally published in 1973 this title analyses revolutionary changes in the Chinese education system and illustrates China's radical departure from both traditional and Western goals. In his extensive introduction Peter J. Seybolt puts the transformation of education in the context of China's socio-economic development and offers insight into why educational reform is at the heart of Chinese society's radical progress. Additionally, this volume offers valuable historical background as well as a biographical guide and a glossary allowing for a fuller understanding of both historical and modern issues. This is an ideal title for students interested in Asian Studies and History.

China's Education and the Industrialised World Ruth Hayhoe, Marianne Bastid, 2017-12-12 This book first published in 1987 studies the practical and intellectual import of China's educational relations with the industrialised West, the Soviet Union and Japan. On the practical level it provides a broad historical and philosophical context within which the possibilities and dangers inherent in China's educational involvement with developed countries may be considered. The book tests the theory that education transfers from the developed to the developing world have been used to consolidate political domination and economic exploitation by providing a detailed and provocative historical analysis of China's relations with the major developed nations.

China's Universities, 1895-1995 Ruth Hayhoe, 2017-12-12 This reissue 1996 provides an in-depth analysis of the development of the Chinese university during the twentieth century, a period of momentous social, economic, cultural and political change. It brings together reflections on the Chinese university and its role in the two great experiments of modern China: Nationalist efforts to create a modern state as part of capitalist modernisation and the Communist project of socialist construction under Soviet tutelage. In addition to these two frames of discourse, other models and patterns are examined, for instance the persistence of cultural patterns or Maoist revolutionary thought.

The Cambridge Handbook of Contemporary China Colin Mackerras, Amanda Yorke, 1991-05-02 The paradox of contemporary China, its openness to Western technology yet its rejection of Western democratic ideals, serves to make China appear remote and inaccessible to those outside. The country's vast area and population only accentuate these difficulties. The Cambridge Handbook of Contemporary China presents topical information on all aspects of Chinese life since 1949, with particular emphasis on the 1980s. Its major strength is its contemporary focus and easy-to-use format. Useful maps and tabled statistics.

accompany the text which is divided into clearly defined categories Designed for students specialists educationalists journalists and those in business and government as well as the general reader the Handbook provides easy access to information on all areas of Chinese life and is a good starting point for research Organizational Behavior 4 John B. Miner, 2007 First Published in 2015 Routledge is an imprint of Taylor Francis an Informa company **Stalinism, Maoism, and Socialism in Higher Education** Lee S. Zhu, 2021-12-02 This book is a comparative study of the endeavors to create a socialist system of higher education in the Soviet Union under Stalin and in China under Mao It is organized around three themes the convergence of Maoism with Stalinism in the early 1950s which induced the transnational transplantation of the Soviet model of higher education to China historical convergence between Stalinism of the First Five Year Plan period 1928 1932 and Maoism of the Great Leap period 1958 1960 which was prominently manifested in Soviet and Chinese higher education policies in these respective periods the eventual divergence of Maoism from Stalinism on the definition of socialist society which was evinced in the different final outcomes of the Maoist and Stalinist endeavors to create a socialist system of higher learning The Cambridge History of China: Volume 15, The People's Republic, Part 2, Revolutions Within the Chinese Revolution, 1966-1982 Roderick MacFarquhar, John K. Fairbank, Denis Crispin Twitchett, 1991-11-29 In continuing the post revolution study started in Volume 14 Volume 15 considers the developments in Mao's thoughts and how they related to China's government The most comprehensive account of this turbulent period in Chinese history **Technology, Politics, And Society In China** Rudi Volti, 2019-07-11 This study is the first to summarize the major technological policies implemented in China since 1949 and to place them in their social and historical context Dr Volti looks at technological change in China as part of a broader process of economic political cultural and organizational change focusing primarily on four key areas agriculture energy ground transportation and medicine and public health He emphasizes how technological change has been shaped by political and ideological structures notes how China's unique cultural heritage has affected adoption of technologies developed outside China and assesses China's success in developing technologies appropriate to its specific needs as an economically and politically developing nation He draws on interviews with technicians engaged in the transfer of technology to China as well as extensive primary source materials **Problems of Communism**, 1971

Routledge Library Editions: Education in Asia Various, 2021-07-14 This set of reissued books examines education in Asia from a variety of different angles From the westernisation of early twentieth century Chinese education to the impact of the Communist revolution to education and society in Korea to Asian women's experiences of education this set collects some key texts by a range of original thinkers **Everyday Lives in China's Cold War Military-Industrial Complex** Youwei Xu, Yvon Wang, 2022-08-22 This book translates and contextualizes the recollections of men and women who built lived and worked in some of the factory compounds relocated from China's most cosmopolitan city Shanghai Small Third Line factories became oases of relatively prosperous urban life among more impoverished agricultural communities These accounts plus

the guiding questions contextual notes and further readings accompanying them show how everyday lives fit into the sweeping geopolitical changes in China and the world during the Cold War era Furthermore they reveal how the Chinese Communist Party's military industrial strategies have shaped China's economy and society in the post Mao era The approachable translations and insight into areas of life rarely covered by political or diplomatic histories like sexuality and popular culture make this book highly accessible for classroom use and the general interest reader The Chinese Communist Treatment of Counterrevolutionaries, 1924-1949 Patricia E. Griffin, 2015-03-08 During the period 1924-1949 amid civil war with the KMT war with the Japanese internal leadership disputes and other chaotic conditions rapid shifts occurred in the political culture of China Patricia Griffin contends that an understanding of how the Chinese Communists created a legal system at this time is essential to a grasp of more recent events Focusing on the Communists definition and treatment of counterrevolutionaries she describes and assesses the contribution of environment ideology and leadership in the development of legal techniques used by the Communists in their rise to power In this book translations of the major statutes concerning counterrevolutionaries during the period together with an account of the growth of counterrevolutionary law and the legal structure explain how the counterrevolutionaries were dealt with and how their treatment changed in response to external and internal stimuli The author analyzes the roles of ideology and experience as determinants of law toward counterrevolutionaries and in a final chapter discusses the implications of the early experience for future legal developments in China Her topic is of vital importance because of the politically sensitive nature of the subject matter and because of the time period examined Originally published in 1976 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Policy Conflicts in Post-Mao China: A Documentary Survey with Analysis** John P. Burns, Stanley Rosen, 2016-07-08 This is a collection of essays exploring the deep rooted problems presented by the Three Gorges dam project that the Chinese government are trying to disguise or suppress brought together by Dai Qing an investigative journalist at the risk of her own freedom Economic Development and Social Change in the People's Republic of China W. Kraus, 2012-12-06 It is a pleasant task to welcome the appearance of the American edition of Professor Willy Kraus valuable work on the economic and social development of the People's Republic of China first published in German in 1979 The book has been updated in the light of the events that have occurred since the original publication and incorporates the latest statistical information made available by the Chinese authorities with unaccus tomed liberality The American edition like its German predecessor is a monumental achievement of scholarship attractively presented In its comprehensiveness insight professionalism and wisdom it ranks among the best

studies of the subject It will add to the knowledge of the specialist and help the interested layman find his way through the complexities of contemporary China s socioeconomic system Professor Kraus work is a most timely and welcome addition to a better and more thorough understanding of an absorbing and important subject June 1982 Jan S Prybyla Professor of Economics The Pennsylvania State University University Park Pennsylvania Preface This book deals with China s development policies It is based on the original German edition 1979 Wirtschaftliche Entwicklung und sozialer Wandel in der Volksrepublik China but is not merely a translation of the German original The rapid changes in Chinese policy within the last two years together with a sudden deluge of official data on economic and social developments in the People s Republic of China have called for a basic and comprehensive revision of text and statistics Routledge Library Editions: China Under Mao Various,2021-06-23 This 13 volume collection of previously out of print titles reissues some key works in the study of Mao Zedong s huge influence on China its politics economics and development into the power that it is today Foreign policy the Cultural Revolution the fate of opponents Chinese Marxist thought all are covered here and more in this essential reference resource **Radicalism and Education Reform in 20th-Century China** Suzanne Pepper,2000-07-10 The first comprehensive book to cover the whole sweep of twentieth century Chinese education China Bibliography Harriet T. Zurndorfer,2021-12-06 This volume serves as a guide to all facets of China study from advice on choosing an appropriate literary dictionary to finding the most recent yearbooks that offer statistical data about the contemporary economy China Bibliography does not restrict itself to one particular discipline but considers the development of Chinese civilization as a whole from its imperial beginnings to the present and therefore demonstrates how one would find information about Chinese history literature religion linguistics collectanea as well as present day PRC economic and political policies Because this book also explains how bibliographical data on China has accumulated over the last 300 years including within China itself it also may help the reader understand the significance of a particular type of reference work **The Writings of Mao Zedong, 1949-1976: September 1945 - December 1955** Zedong Mao,1986 This critical multi volume edition of Mao s writings is an indispensable guide to post 1949 Chinese politics and an invaluable research tool for anyone seeking to understand Communist rule in China **China Exchange News** ,1977 A review of education science and academic relations with the PRC
